A G E N D A

On Thursday, January 27, 2022, the US Navy and Hawaii Department of Health (DOH) signed the Red Hill Shaft Recovery and Monitoring Plan (RHSRMP). The overall goal of this plan is to recover and remediate the Red Hill Shaft drinking water quality and quantity for the people of Hawaii while causing no further harm to human or environmental health.

Representatives of the DOH, Navy, Dept. of Land and Natural Resources Commission on Water Resource Management (DLNR CWRM), Honolulu Board of Water Supply (BWS), and Environmental Protection Agency (EPA) will attend, brief the joint committees on the plan, and be available for questions thereafter.

No public testimony will be accepted.

For special assistance: The cable TV broadcast and/or live stream of this meeting will include closed captioning. If you require other auxiliary aids or services to participate in the public hearing process (i.e., interpretive services (oral or written) or ASL interpreter), please contact the committee at HTHcommittee@capitol.hawaii.gov at least 24 hours prior to the hearing.

FOR AMENDED NOTICES: Measures that have been deleted are stricken through and measures that have been added are underscored. If a measure is both underscored and stricken through, that measure has been deleted from the agenda.

FOR FURTHER INFORMATION, PLEASE CALL THE COMMITTEE CLERK AT (808)-587-7215.
