

HAWAII STATE SENATOR BREENE HARIMOTO

2018 LEGISLATIVE REPORT

District 16

Pearl City • Aiea • Halawa • Pearl Harbor

Aloha Friends and Neighbors,

The 2018 legislative session adjourned on Thursday, May 3rd. This session the legislature tackled numerous important issues affecting our community including homelessness, affordable housing, social services, the environment, and education, just to name a few. Included in this newsletter is a summary of some significant legislative actions taken this year to create new laws and fund capital improvement projects in Aiea, Halawa, and Pearl City.

Although we accomplished much during the last legislative session there is so much more work to be done to improve the quality of life for our families.

During the interim I will be focusing on preparing for the 2019 session—researching issues and meeting with constituents, organizations, state and city agencies, and others, to discuss issues and concerns that I can assist with which may result in proposed legislation.

I welcome your input and suggestions on proposed legislation. Additionally, if you have any questions or concerns relating to state matters, please do not hesitate to contact my office at (808) 586-6230 or email me at senharimoto@capitol.hawaii.gov.

Thank you for giving me the privilege and honor to serve as your Senator.

Mahalo and God Bless,

Breene Harimoto
Senator, District 16
