**Vaccine Talk Story with
Department of Health**

Join us in welcoming the Department of Health to help you make sense of rapidly-changing and sometimes confusing COVID-19 and vaccine information. DOH is available to help you make confident and informed health choices. They'll take audience questions and address common concerns like:

- Do vaccines work against the Delta Variant?
- Are vaccines safe for people who are pregnant?
- How common are serious vaccine side effects?
- and more...
