PUBLIC NOTIFICATION OF MAINTENANCE WORK TO KAPOHO STATE 13 (KS-13)

As a courtesy and our commitment to keeping our neighbors informed, Puna Geothermal Venture (PGV) hereby gives notice of plans to commence maintenance work for geothermal well Kapoho State 13 (KS-13) on December 31, 2012, with scheduled completion by January 7, 2013.

We appreciate your patience with this maintenance work and want to assure you that we will work very diligent to minimize project noise or any other impacts to our neighbors. This maintenance work will require the use of our drilling rig; however, no drilling, flow testing or abated well clean out is included in this work.

Should you have any questions, PGV maintains a 24-hour Response Line, where a company representative will return your call. The Response Line phone number is 965-8843. You may also contact Mike Kaleikini at 965-2838 for any plant related issues.
