PROFESSIONAL EXPERIENCE

**August 2011 – Present Vocational Rehabilitation and Services for the Blind Division
Ho'opono Services for the Blind Branch - Administration**

Honolulu, HI

Branch Administrator (VR Manager II), Ho'opono Services for the Blind Branch

Supervisor: Albert Perez, Vocational Rehabilitation Division Administrator

Full time, 40+ hours per week

- Directly supervise 5 supervisory, professional, and administrative staff, overseeing a Branch with approximately 27 staff and additional contracted staff providing vocational, training and independent living services for the blind and visually impaired statewide, including management of the Vocational Rehabilitation Program, the Randolph Sheppard (vending) Program, the New Visions Orientation Center residential blindness training (orientation center) program, a low vision clinic, and all staff serving older individuals who are blind under the federal OIB Grant. Oversee annual Summer work/challenge programs for blind transition-age youth, in partnership with consumer organizations, and the local One-Stop (Oahu Work Links).
- Work on creating and implementing policy for blind services statewide.
- Work on reorganization plans for the Branch.
- Gather, analyze and report on data regarding three separate Federal funding streams for the Branch. Report directly to RSA on OIB and Randolph Sheppard data (services and expenditures) using RSA's MIS system.
- Plan and monitor annual expenditures with a budget of well over two million dollars.
- Create and maintain partnerships with consumer and advocacy organizations of the blind, the Services for Blind Advisory Board, the State Rehabilitation Council, and the Hawaii State Committee of Blind Vendors, among others.
- Attend meetings and respond to urgent situations on a 24 hour/7 day a week basis, as needed.

- Oversee grievances, administrative reviews, and fair hearings.
- Speaking engagements and representation on various committees and boards related to transportation, advocacy, inclusion, and empowerment.
- Have been successful in creating income opportunities for the Branch, such as charging tuition to Pacific Rim VR agencies; increasing donations to the Friends of Ho'opono and the Donations Account; and the Randolph Sheppard Revolving Account.
- Planning for and implementing building cleaning and renovation projects using CIP funds, donations, and other funds.
- Knowledge of procurement process.
- Assignment of VR, OIB, and LVC referrals.
- Training, development and evaluation of subordinates; succession planning.
Review vocational rehabilitation (VR), OIB, Low Vision Clinic, and Randolph Sheppard cases to ensure adherence to applicable policies, rules, and laws.

**July 2007 – December 2010 Vocational Rehabilitation and Services for the Blind Division
Ho'opono Services for the Blind Branch - Adjustment Section**

Honolulu, HI

Adjustment Section Supervisor (VRS V)

Supervisor: Dave Eveland, Services for the Blind Branch Administrator

Full time, 40 hours per week

- Directly supervise ten center staff (teachers, paraprofessional and administrative) and additional contracted staff providing orientation center training and job readiness skills for the blind and visually impaired statewide, as well as serving students from the Pacific Rim and mainland USA.
- Temporarily assigned as Branch Administrator periodically (continuously from January 2010)
- Public education about blindness, including medical, psychosocial, and educational aspects; ADA and accommodations in the employment process.
- Teach blindness skills in the areas of Braille, Technology, Orientation and Mobility, Shop, and Personal and Home Management, when classes need coverage
- Speaking engagements and representation on various committees and boards related to transportation, advocacy, inclusion, and empowerment.
- Helped to implement a complete overhaul of the orientation center program, including a change in philosophy toward elevated expectations, a positive philosophy of blindness, and using the structured discovery method to instruct in all areas, including Braille, O&M (cane travel), and other independent living skills.
- Oversee a nationally recognized and certified 24/7 residential Structured Discovery Training program of up to 14 students (VR clients). The program teaches Braille, cane travel, personal and home management, technology, and industrial arts. I also facilitate a group discussion class on blindness.
- Deal effectively with high-pressure and crisis situations

**November 2000 – June 2007 Vocational Rehabilitation and Services for the Blind Division
Ho'opono Services for the Blind Branch - Counseling Section**

Honolulu, HI

Counseling Section Supervisor (VRS V)

Supervisor: Dave Eveland, Services for the Blind Branch Administrator

Full time, 40 hours per week

- Directly supervise, train and evaluate 14 field staff (Vocational Rehabilitation Specialists, Rehabilitation Teachers, and Paraprofessional/Administrative staff), and additional contracted staff providing vocational and independent living services for the blind and visually impaired statewide, including management of all staff serving older individuals who are blind under the OIB Grant.
- Temporarily assigned as Branch Administrator when SBA is unavailable.

- Public education about blindness, including medical, psychosocial, and educational aspects; ADA and accommodations in the employment process.
- Manage VR caseloads when there are staff vacancies.
- Create and maintain partnerships with consumer organizations of the blind.
- Helped to implement a complete overhaul of the orientation center program, including a change in philosophy toward elevated expectations, a positive philosophy of blindness, and using the structured discovery method to instruct in all areas, including Braille, O&M (cane travel), and other independent living skills.
- July 2006 – June 2007, in addition to my regular job duties as Counseling Section Supervisor, I provided oversight and supervision of the Adjustment Section Staff and New Visions Adjustment to Blindness training program. This includes a staff of 10 rehabilitation teachers, paraprofessional and clerical staff and up to 14 students (VR clients) in a residential training program. The program teaches Braille, cane travel, personal and home management, technology, and industrial arts. I also facilitate a group discussion class on blindness. I have taught classes when instructors have been absent.
- Review vocational rehabilitation (VR), OIB, and Low Vision Clinic cases to ensure adherence to applicable policies, rules, and laws.
- Assign referrals to VR, OIB and Low Vision Clinic programs.
