

RESUME

Subject Name: Nathan Olanda

Occupation: Electrical Inspector (City and County of Honolulu)

Other Occupations: Electrician (Retired)

Union Affiliations: HGEA (Active) / IBEW (Retired)

Licenses: Journeyman Electrician / Lic. (1986 – Present)

Employment History:

- City and County of Honolulu Electrical Inspector (2020 – Present)

Duties include inspection of code compliance, permit and industry standards of electrical installations for residential, commercial and industrial projects within the jurisdiction of the Cities and Counties of Oahu.

- A1-A Electric (1989 – 2020)
- Kamaaina Electric (1986 – 1989)
- Daves Electric (1982-1986)

Duties for the named electrical employers above include all facets of electrical installations for residential and commercial projects.

Residential: This includes but is not limited to organizational layout, residential NMB wiring of branch, main feeds, underground, material ordering and management of men and equipment for custom and planned community residential development.

Commercial: Commercial installation of electrical apparatus occupied the majority of the latter part (25 years) of my career. Large commercial projects include: Wind farms, Luxury high rises, State Capital, Federal Building, Hotels, Hospitals, Ala Moana Shopping Center, etc.

I am versed in all disciplines within the electrical industry and apply all of that experience and knowledge to my current duties as an Electrical Inspector for the C&C's of Oahu.
