

**TESTIMONY OF  
THE DEPARTMENT OF THE ATTORNEY GENERAL  
THIRTY-FIRST LEGISLATURE, 2022**

---

**ON THE FOLLOWING MEASURE:**

H.B. NO. 1571, H.D. 1, RELATING TO COVID-19 VACCINATION STATUS.

**BEFORE THE:**

HOUSE COMMITTEE ON JUDICIARY AND HAWAIIAN AFFAIRS

**DATE:** Thursday, February 10, 2022      **TIME:** 2:00 p.m.

**LOCATION:** State Capitol, Room 325, Via Videoconference

**TESTIFIER(S):** Holly T. Shikada, Attorney General, or  
Kory W. Young, Deputy Attorney General

---

Chair Nakashima and Members of the Committee:

The Department of the Attorney General (Department) appreciates the intent of the bill and provides the following comments.

The purpose of the bill is to make it a civil violation to distribute, sell, manufacture, falsify, alter, purchase, or use falsified COVID-19 vaccination verification documents, as well as to misrepresent a person's COVID-19 vaccination status.

The Department recommends that, instead of requiring the establishment of a separate civil enforcement entity, the bill be amended to make these civil violations into criminal offenses. This amendment would then allow for the prosecution of these offenses in criminal court, as is already the case with the existing falsified COVID-19 vaccination verification cases.

As the State has attempted to use vaccinations to combat the spread of COVID-19 and its variants and mitigate the damage caused by the viruses, the need for reliable vaccination information has become clear. Unfortunately, as our reliance upon vaccination verification documents has grown, so has the manufacture and use of falsified vaccination verification documents. The Governor's Emergency Proclamations related to COVID-19 have addressed this growing problem, by making it a misdemeanor offense to upload, provide, present, utter, or otherwise use, manufacture, distribute, disseminate, issue, sell, offer for sale, import, or offer to import into this State falsified documents relating to a person's COVID-19 vaccination status or health status.

The successful criminal prosecutions of a number of falsified vaccination verification cases have made national news, and have helped emphasize Hawaii's efforts to detect, investigate, and prosecute such offenses. Given the serious impact COVID-19 continues to have on all aspects of life in the State, as a matter of policy, the Department recommends that these cases continue to be prosecuted as criminal offenses. The use or distribution of falsified documents to defeat safety measures that have been adopted to maintain the health of our entire community deserve to be treated as crimes.

While the Emergency Proclamations have classified both the use and the manufacture and sale of these falsified verifications as full misdemeanor offenses, this bill makes these offenses civil violations, subject only to civil fines, which are set higher for distribution and manufacturing violations.

The bill makes the Department solely responsible for the enforcement of the civil violations. For the Department to enforce these civil violations, it would require adopting administrative rules, and would incur costs of creating a separate civil investigation, enforcement, and hearing unit, and developing a formal hearings and appeals process. Even if the Department can use existing personnel to investigate, cite, and represent the State in the civil hearings, hearings officers and support personnel will need to be hired and paid, office space for the hearings staff will need to be found, and office equipment will need to be purchased. Travel expenses would also need to be factored in for violations occurring on the various islands, both for investigators, and later for hearings staff. The drafting of administrative rules governing the investigation, citation, hearings, and appeal process would also need to be completed before civil enforcement could begin.

If this bill were amended to make these violations crimes rather than civil violations subject to fines, the use of falsified verification documents could be designated as petty-misdemeanor offenses, while the distribution and manufacturing of these documents could be classified as full misdemeanors, thereby preserving the bill's intention to treat these classes of conduct differently. If the bill were amended to make these violations into criminal offenses, all state and county law enforcement agencies

would be able to investigate and prosecute these matters. Depending on the circumstances of the offense, county police departments and prosecutors' offices, or other law enforcement agencies within the State may be better positioned than the Department of the Attorney General, to investigate and prosecute these offenders.

On page 1, line 2, the bill states that violators must act "intentionally, knowingly, or negligently". The Department recommends that the bill be amended so that violators acting "recklessly" would also be subject to civil penalties. A reckless state of mind is more culpable than a negligent state of mind, so it would be unusual for negligent violators to be subject to penalties when reckless violators are not. Page 1, line 2, could read as follows:

"person to intentionally, knowingly, recklessly, or negligently:"

The Department would also recommend that this same intent language be added to subsection (c) on page 1, line 13. Subsection (c) does not indicate what state(s) of mind are required to violate this subsection. Page 1, line 13, could read as follows:

"(c) It shall be a civil violation for any person to intentionally, knowingly, recklessly, or negligently:"

The Department of the Attorney General would be happy to assist with drafting wording that would address the comments and recommendations offered in our testimony.

If this Committee decides to move this bill forward, we recommend that it correct the defective effective date to make the bill effective upon its approval.

Thank you for the opportunity to provide comments on the bill.

**STATE OF HAWAII**

WRITTEN  
TESTIMONY ONLY

**Testimony COMMENTING on H.B. 1571 H.D. 1**  
**RELATING TO COVID-19 VACCINATION STATUS**

REPRESENTATIVE MARK M. NAKASHIMA, CHAIR  
HOUSE COMMITTEE ON JUDICIARY AND HAWAIIAN AFFAIRS

Hearing Date: February 10, 2022

Room Number: 325

- 1 **Fiscal Implications:** None for the Department of Health.
- 2 **Department Testimony:** The Department of Health supports the intent of H.B. 1571 H.D. 1 as a
- 3 deterrent to and penalty for the misrepresentation, falsification, or alteration of COVID-19
- 4 vaccination records. Hawaii residents, the visitor industry, employers, businesses such as
- 5 restaurants, gyms and other venues, as well as healthcare professionals depend on accurate
- 6 COVID-19 vaccination information to evaluate compliance with Federal, State, County, and
- 7 organizational requirements to ensure the health and safety of themselves, co-workers, clients,
- 8 customers, and patients. False, misleading, or otherwise incorrect COVID-19 vaccination
- 9 information has the potential to jeopardize public health and should not be tolerated.
- 10 The Department of Health defers to the Department of the Attorney General for enforcement of
- 11 HB1571 HD1.
- 12 Thank you for the opportunity to testify.

**HB 1571, HD1, RELATING TO COVID-19 VACCINATION STATUS**

House Committee on Judiciary & Hawaiian Affairs

Thursday, February 10, 2022

2:00 p.m.

Via Videoconference  
Conference Room 325

Dear Chair Nakashima and Members of the Committee:

Thank you for this opportunity to provide testimony in opposition to HB 1571, HD1, regarding cards falsely reflecting COVID-19 Vaccination Status. My testimony is submitted in my individual capacity as a Member of the Kaua'i County Council.

While the intention of the bill to stop the fraudulent presentation of a person's vaccination status has some merit, it furthers a medical presumption of the vaccines stopping viral transmission. Twenty-two months into our emergency pandemic policies, we need to lay this inaccuracy to rest.

It is clear in February 2022 that the COVID-19 vaccine program, at best, is said to reduce symptoms and the severity of the viral infection. It has become evident with the Delta variant and more so with the Omicron variant that the vaccine does not prevent contraction, infection, or transmission of the virus in Hawai'i, nationally, or globally. The most fully vaccinated regions, businesses, etc. have some of the highest case counts per capita. There is minimal moral authority to discriminate against citizens' abilities to function in life based on their vaccination status.

The vaccination card requirements coerce citizens to choose an experimental medical procedure against their core instincts toward self-preservation through leverage against employment, travel, access to some food provisions and many life privileges. Coercion is the crime that needs to stop. It is more significant than the fraudulent behavior it inspires. In 2022, we need to move towards medical freedom, encourage early therapeutic care, and restore basic human rights to our population as are many countries and many states. History will not view our choices kindly if we continue forcing a medical therapy that has demonstrated numerous adverse health reactions and do not take corrective action. Removing the requirements to show vaccine cards will stop the fraudulent behavior that is the focus of HB 1571, HD1. That is the best method to address this problematic behavior.

Committee on Judiciary & Hawaiian Affairs  
RE: HB 1571, HD1, Relating to COVID-19 Vaccination Status  
February 9, 2022  
Page 2

Thank you for your consideration of my perspective that is in the political direction we need to shift in order to retain Hawai'i's faith in the government and public health policy.

Thank you again for this opportunity to provide testimony. Should you have any questions, please feel free to contact me or Council Services Staff at (808) 241-4188 or via E-mail to [cokcouncil@kauai.gov](mailto:cokcouncil@kauai.gov).

Sincerely,

A handwritten signature in cursive script that reads "Felicia Cowden".

FELICIA COWDEN  
Councilmember, Kaua'i County Council

**Testimony to the House Committee on Judiciary and Hawaiian Affairs  
Thursday, February 10, 2022; 2:00 p.m.  
State Capitol, Conference Room 325  
Via Videoconference**

**RE: HOUSE BILL NO. 1571, HOUSE DRAFT 1, RELATING TO COVID-19 VACCINATION STATUS.**

Chair Nakashima, Vice Chair Matayoshi, and Members of the Committee:

The Hawaii Primary Care Association (HPCA) is a 501(c)(3) organization established to advocate for, expand access to, and sustain high quality care through the statewide network of Community Health Centers throughout the State of Hawaii. The HPCA **SUPPORTS THE INTENT** of House Bill No. 1571, RELATING TO COVID-19 VACCINATION STATUS., and raises a minor concern.

By way of background, the HPCA represents Hawaii's Federally Qualified Health Centers (FQHCs). FQHCs provide desperately needed medical services at the frontlines to over 160,000 patients each year who live in rural and underserved communities. Long considered champions for creating a more sustainable, integrated, and wellness-oriented system of health, FQHCs provide a more efficient, more effective and more comprehensive system of healthcare.

This bill, as received by your Committee, would promote COVID-19 vaccinations throughout the State by establishing civil penalties for persons who: intentionally, knowingly, or negligently misrepresent their vaccination status; falsify, alter, or purchase a COVID-19 vaccination card; or uses a falsified or altered COVID-19 vaccination card.

The bill would also take effect on July 1, 2050, and sunset on June 30, 2023.

No event nor circumstance in recent memory has placed such enormous demands on Hawaii's health care infrastructure than the COVID-19 pandemic. Never before had our Nation (or the entire world for that matter) had to mobilize resources to vaccinate the entire population in such a short time while millions of our friends and family members were sick or in many cases, dying. Health workers have had to risk their personal wellbeing on a daily basis to meet the needs of the ill. Cases of infection would spike placing enormous pressure on Hawaii's limited capacity of hospital beds, emergency rooms, and primary care facilities.

Through it all, vaccinations have proven to be effective in combatting COVID-19. To incentivize vaccinations, the State and its counties have utilized their Emergency Powers to restrict the public's access to government buildings and various public accommodations unless the individual can show proof of the individual's vaccination status. This has led some in our community to misrepresent their COVID-19 vaccination status to access various places and services at great risk to themselves and to the law-abiding citizens who are following these edicts.

In addition, the need for vaccination cards has seemingly led some individuals to alter their vaccination cards, or make or purchase false cards to get around these requirements. From our vantage, these actions pose a serious threat to the health and welfare of our community.

While the HPCA wholeheartedly supports this public policy, we do raise concern on the term "negligently". Because so many of our citizens have been and continue to be vaccinated, health care professionals in both the public and private sectors have been involved with the vaccination effort. As far as the actual affixing of the information onto the vaccination card, there may be instances where this is performed by administrative staff rather than the health care professional. Because of the sheer number of vaccinations that are performed, errors made in good faith might occur (i.e., a date is listed incorrectly, a sticker may be affixed at the wrong part of the card or might not be affixed securely, etc.). Because simple negligence could be construed as the failure of the health care staff to ensure that the card is in "perfect" order, we are concerned that health care professionals may be subject to civil penalties for mistakes made in good faith.

Although we understand that the Governor's Emergency Declaration provides certain immunity to health care workers in the course of providing services related to the pandemic, the bill, as it is presently drafted, could conceivably extend personal liability to health care workers and staff who are working under extreme circumstances. Consideration should be given to absolve these workers for errors that were never intended.

Accordingly, if you agree that this language might create this kind of situation, this Committee may want to consider adding language that would provide immunity for good faith actions by health care staff in the production of the official vaccination card.

**With that suggestion, the HPCA wholeheartedly supports this bill.**

Thank you for the opportunity to testify. Should you have any questions, please do not hesitate to contact Public Affairs and Policy Director Erik K. Abe at 536-8442, or eabe@hawaiiipca.net.

Comments:

Honolulu County Republican Party **STRONGLY OPPOSE** HB-1571.

The U.S. Supreme Court has ruled vaccine mandates unconstitutional. This is essentially a mandate by another way.

This is nothing more than a feel good bill. Once the COVID pandemic is over and it becomes no different than the common cold. This bill will be obsolete.

If passed who is going to enforce it, a waiter at the Cheesecake Factory, Matre d' at Morton's, ticket takers at public parks, or theaters.

Additionally, it is hypocritical that Representatives Ganaden, Lopresti, Marten, Sayama, Takayama, Tam and Wildberger would support this blatant disregard for someone's personal right to choose. When they accept donations from Planned Parenthood to champion a women's right to choose.

Comments:

Chair, Vice Chair and committee members, thank you for this opportunity to provide testimony on HB1571 HD1, relating to the providing accurate covid 19 records and penalizing those who work to undermine public health in Hawaii by falsifying vaccination records.

**The Hawaii Immunization Coalition strongly supports this bill.**

The Hawaii Immunization Coalition supports this measure and supports vaccination against covid 19 in order to maintain strong public health levels. As a community, we must ensure the health and safety of all persons in Hawaii whether staff, workers, clients, customers or patients. False, misleading, or otherwise or incorrect COVID-19 vaccination information will potentially jeopardize public health in Hawaii.

The Hawaii Immunization Coalition (HIC) is a statewide, community-based non-profit 501(c) 3 coalition of public and private organizations and concerned individuals whose mission is to promote effective strategies to ensure that all Hawaii's families are appropriately vaccinated against vaccine-preventable diseases. Focus: Immunizations across the lifespan.

Thank you for the opportunity to provide testimony.

I steadfastly oppose this bill. This is the United States of America which is beholden to the Constitution and laws! The government is overstepping their boundaries to our constitutional rights and freedoms and it must stop immediately. This bill would violate personal privacy and HIPPA law. Furthermore this is a disgrace to the sacrifices and service of my family members and all past and current members of the armed services. The mere suggestion of this bill dishonors the millions who've fought and died for our freedoms!! Private medical information is just that - PRIVATE. I ask this legislative body to start upholding your oath to defend and support the constitution and end this tyranny against the people and against our foundation of laws. The Hawaii legislature has abdicated its duty as lawmakers, and defenders of people's rights and the seperation of powers for the last two years and this is what you come up with?! Embarrassing to say the least...

Respectfully,

Nathan C Patry

Please reverse course on this totalitarian agenda immediately. Medical decisions are private. It is illegal, unethical, and completely unacceptable to have the government attempting to dictate the very personal choice of whether or not to inject any substance into our bodies, particulary one that is still in an experimental phase and has been shown to be unsafe and ineffective. History will not look back with favor on the decision makers who pushed for these coercive and discriminatory dictates. Truth, science, and the laws of this land do not support the destructive thinking that has led our state down a dark path of segregation and tyranny. Research informed consent and the Nuremberg Code. Vote NO on this terrible bill.

Comments:

My husband and I, along with many members of my community oppose this bill because it should not even be introduced.

I agree with the following explanation completely: in addition you must all know acividbis over in the rest of the USA. Hawaii seems to have a political agenda and not based on any science except tyrannical emergency powers.. We need to reopen Noam with NO restrictions. States with no restrictions have fared better than Hawaii and they have not destroyed their economy and forced local people into poverty and resulted in many people moving to free states. Small businesses are being destroyed. after two years, it is obvious that the measures forced illegally in the people of a Hawaii have NOT WORKED. Case I. Point, Maui Mayor Victorino double vaxed and boosted and wearing a mask that has no use, AND and still caught COVID, could spread it and he got sick. No need for continued illegal mandates and laws. Please spend time on working on issues for helping the people of ahawaiil. Not harming them.

This relentless push by government and “big pharma” to force people to inject the experimental compound called a “covid vaccine” needs to STOP NOW.

The compound called the “covid vaccine” was invented for the ORIGINAL covid which has mutated numerous times. It has outlived its usefulness, if it every had any in the first place. It does NOT stop the spread, and at best, only reduces the symptoms of those who were injected with it.

With well over one million adverse reactions and 22,000 deaths reported in the United States alone, it’s TRAGICALLY and HORRIBLY OBVIOUS that they are NOT SAFE OR EFFECTIVE!

The constant demonizing and discrimination against those who choose not to risk their lives with these compounds needs to stop as well. The fact that the “vaccine” does not work is not the fault of those who did not take it. That argument is RIDICULOUS.

You officials who SWORE an oath to uphold the Constitution of the United States, were elected to SERVE and protect your constituents. You were NOT elected to participate in this charade of constantly trying to force people to inject substances in their bodies while reciting your mantra of how they’re so safe and effective, how they’re our best chance at stopping the spread and how everyone needs to just shut up and “get vaccinated!” These so-called vaccines can harm or kill us, with no one to hold liable, and don’t even stop the virus they were supposed to stop!

You SHOULD be working on behalf of your constituents to provide early, effective treatments, educate about the many preventative measures other than to just “get vaccinated!”. We the people deserve a better product than the dangerous and useless “vaccine” you keep trying to

force.

Therefore, we do NOT need vaccine cards, nor do we need laws making it a crime to possess a falsified one. This so called "safe travels" forced phenomena of spreading around private medical information is just wrong and illegal. It is also becoming dangerously more commonplace, with everyone thinking it's okay to just ask for private information, and for people to just supply it. In my industry, we are being asked for people's private medical information and they do not even know about it!

We also are very shocked at those representatives who are participating in introducing this bill and any others like it, rather than focusing on the other HUGE issues in our communities such as the constant crime, release of criminals, traffic hazards, inflation costs and housing needs. We oppose this bill and request you withdraw it, and do not support it or any others like it

I am OPPOSED to this bill because vaccines should not even be on the agenda.

We as humans have a right to decide how to take care of our body's health.

On January 13, 2022, The US Supreme Court ruled

against mandatory vaccines for businesses with over 100 employees.

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

This government body is overstepping its boundaries

and disregarding people’s constitutional rights and freedoms and it must stop immediately!

You are violating personal privacy and HIPAA law and

dishonoring the millions who’ve fought and died for our freedoms!!

On top of that, the vaccine DOES NOT make the

person immune from getting or dying from Covid but instead puts them at risk for vaccine injuries which Big Pharma has ZERO liability for!!!

Please remove this bill form the agenda.

Comments:

Isn't this bill unnecessary at this stage of the Covid pandemic given there is no difference between those jabbed and those unjabbed given they both can get infected and transmit the virus. This being the case what is the point of a card anyway designating jabbed status given it causes an unnecessary burden on Hawaii citizens and divides society on grounds lacking any scientific or empirical grounds when more than ever we need cohesion. High time Hawaii gets back to being a free and open society embracing all regardless of their health or jabbed status. Makes sense to me if one merely follows the science and wants to promote the greatest common good.

Comments:

This dangerous gene therapy (the so-called vaccine) goes completely against the Nuremberg Code. To get real our own immunity has been the best way to stay healthy and from my personal experience. This tyranny MUST END! The government is NOT above God or the people! Numerous Countries have ended ALL mandates and Hawaii MUST be Next!

You took an oath to defend the constitution and protect it against foreign and domestic threats! We have had a domestic threat against our freedoms for two years and it's overdo for you to STAND-UP for the people!!!

The Covid vaccine has been coerced on the people which is a violation of our human rights and the Nuremberg Code of 1947! Those who have been a part of this coercion will be held liable! According to the CDC VARES website this vaccine, which you are coercing and mandating for children, has killed and injured more people that ALL the FDA approved vaccines put together in the history of the FDA!

This legislative branch has not only violated human rights, by not honoring your oath of office, but you are complicit in harassment and discrimination against the people by threatening businesses who honor human rights and medical freedom by allowing people to shop mask free. There is no science that masks work against viruses. In fact, the opposite is true! Does a diaper keep a baby's elimination from smelling? Neither does a mask stop a virus!

Big box stores like Walmart, Home Depot, Target allow people to shop mask free but your threats of fines have scared smaller stores into violating human rights, harassing and discriminating against those who honor their freedom to breath fresh air and go into their store without a mask!

The government should never tell people what to do with their bodies or force them to show private medical paperwork of any kind. That has always been private information and subject to the persons constitutional freedom of choice. That is stated in the Health Insurance Portability and Accountability Act of 1996 (HIPAA)

I ask this legislative body to start upholding your oath to defend and support the constitution and end this tyranny against the people. STOP dishonoring the millions who've fought and died for our freedoms!

People are not dropping dead from this virus. In fact, more people, including myself have gotten sick and gotten well through our own due diligence in keeping ourselves healthy which is our Kuleana NOT the governments!

The vaccine and boosters do not make a person immune from getting or dying from Covid! Instead it puts them at risk for a vaccine injury which Big Pharma has ZERO liability for!!!

I ask again, that this legislative branch do what the people voted you into office require you to do and that is to uphold your oath of office and stand-up for our constitutional freedoms and rights!

The Governor is NOT the King of Hawaii! He has overstepped his bounds and it's up to you to reign him in and remind him that he works for the people NOT communist China. Look at the real science behind this fake covid plandemic for the truth and facts.

*I absolutely OPPOSE this bill. While falsifying anything is wrong this bill has a wrong presupposition thus it's built on irrelevant foundation and should be made null and void. Such action will uphold integrity of our legislation. It's not logical or rational to impose fines on unlegislated ITEM such as covid Vaccine. Stating medical condition and religious beliefs are voluntary anywhere (travel, work, church, commerce) with regards to Covid vaccine and such rights to privacy are by our Constitution.*

*On January 13, 2022, The US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees.*

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

*This government body is overstepping its boundaries and disregarding people's constitutional rights and freedoms and it must stop immediately!*

*You will be guilty for violating personal privacy and HIPAA law and dishonoring the millions who've fought and died for our freedoms!!*

*The government is NOT above God who promises Free Will! The government should never tell people what to do with their bodies or force them to show private medical paperwork of any kind. That has always been private information and subject to the persons constitutional freedom of choice.*

*I ask this legislative body to continue uphold your oath to defend and support the constitution and end this attempts to thwart it.*

Aloha. I have lived in Hawaii for over 20 years and my children and I call it home. I am writing in because I hold my information as my information. I do not need to share my medical, or my childrens medical information. That information is personal and should be voluntary. This information is being asked to discriminate and provide or not provide services.

As a citizen of the United States we are given unalienable rights. The Fourteenth Ammendment provides equal rights to all people.

**FOURTEENTH AMENDMENT**

**SECTION 1.** All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.

Based on this ammendment, it should be illegal to discriminate based on race, sex, religion, and medical choices.

I oppose this bill because it is **ILLEGAL**.

Comments:

I OPPOSE this bill. Any Covid vaccine legislation should not be on the agenda as there is still developing science. Please read and understand the developing science. This bill is a waste of Hawaii tax payer money when the "covid" is nothing more than a common cold and flu that we can and have developed immunity for.

Your time and votes would be better off passing obesity bills to help this state cut down and understand how obesity can affect them by making it easier to be susceptible to virus and disease. Lets try to get a blue zone going here instead of punishing people with frivolous legislation.

Here is another worthwhile idea: START A "BOOST YOUR IMMUNE SYSTEM" CAMPAIGN. With good healthy food!

Futhermore it is none of anyone's business except me and my doctor about my medical condition including vaccines. This pending legislation violates personal privacy and HIPAA law.

To top it all off the vaccine DOES NOT make the person immune from getting or dying from Covid but instead puts them at risk for vaccine injuries which Big Pharma has ZERO liability for. Read the developing science. The current vaccine does not protect against the mutations of the virus.

Please do vote no on this bill. Thank you.

Comments:

First of all there should be no vaccine passport. This is an experimental shot and you can't offer special bennifits or discriminate someone who doesn't want to be part of an experiment. The vaccine has been prioven safe as has been proven to be the most dangerous vaccine in history. Please look up this information on VAERS. Now someone's personal status is there own privacy so there shouldn't be any support for a vaccine passport.

Comments:

I strongly oppose this bill. These vaccine mandates are a violation of our personal rights and of the constitution. The vaccine has caused multiple people that I know personally to suffer debilitating symptoms that have not subsided for almost a year now, not to mention the greater reports of vaccine injuries and deaths caused by this experimental drug. This bill should not even be in existence because the vaccine mandates themselves are unconstitutional. Beyond that, the vaccines are not even keeping people from getting sick or from spreading the virus, so it seems useless at this point to mandate something that's not even working. Thank you for your time and consideration on these statements. Please protect our personal freedoms and uphold the constitution. Please don't put people at risk by making them take an experimental drug that can do harm and even has the potential to cause death.

Comments:

The government has taken an oath to uphold our constitutional rights. The Supreme Court ruled that vaccine mandates are unconstitutional on Jan 13 2022. It is unconstitutional to even consider a fine for a vaccine passport that shouldn't be here in the first place. It is a dishonor to all the men and women who have died to uphold our freedoms. I am a sovereign being and have every right to declare what goes in my body.

Comments:

I am a Hawaii resident of the County of Hawaii. I am a mother of 4 and a grandmother of 8.

I absolutely OPPOSE this bill because it violates my civil rights for privacy of my medical choices.

It is not the business or function of the state legislature to invade my personal choices regarding my body or health. If all of my medical records are private, and only made visible by my consent to outside parties, WHY would I agree to the state monitoring my vaccination status (if any).

Attempting to pass this bill is overreaching the elected authority given to the state politicians by their constituents. Please stop interfering in our God-given rights!

I also OPPOSE all state mandates that violate my constitutional rights regarding my health.

Thank you.

Comments:

Hi,

Asking for vaccine cards is violating rights to privacy of medical information. On top of that we already know that vaccines do not stop the spread of omicron, so being vaccinated or not should stay a personal choice and no third parties should have access to that information in the first place.

People only forge vaccine cards when they feel pressured to do a medical procedure against their will, so if there was no coercion in the first place no-one would forge their cards.

Thanks,

Kris

Comments:

This bill should not be on the agenda, it goes against the countries constitutional freedoms. Medical mandates are unlawful and unconstitutional. This is a domestic threat against people who are taking responsibility in depth and good care of their health and do extensive resurch in how best to take care of their health. I was unknowingly exposed to a friend who had Covid, who found out 2 days later she had Covid. I saw the droplets as she sneezed flying my way and I did not get Covid, because I take excellent care of my self! There are many natural ways to prevent oneself of getting sick and many ways to heal Covid which have been outlawed and censored. This whole Covid pandemic is definitely verry fishy! I don't trust any of it!

Comments:

I oppose this bill as an RN.

Many people had their livelihoods affected: to quit or be fired - or get the experimental drug (which technically is not a true "vaccination" but a treatment to reduce severity and has been proven to not reduce spread).

This "rock and a hard place"- to be able to feed their families occurred.

All the mandates need to be halted ( also occurring on a huge scale elsewhere)

Please do not pass this inhumane bill, that current circumstances, not of their choice, have forced upon otherwise law abiding citizens!  
Your welfare rolls will thank you as well

Mahalo for your kind attention to this matter

Comments:

*I absolutely OPPOSE this bill. The Covid vaccine should not even be on the agenda! This is United States of America not a communist country!*

*On January 13, 2022, The US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees.*

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

*This government body is overstepping its boundaries and disregarding people’s constitutional rights and freedoms and it must stop immediately!*

***You are violating personal privacy and HIPAA law and dishonoring the millions who’ve fought and died for our freedoms!!***

*The government is NOT above God who promises Free Will! The government should never tell people what to do with their bodies or force them to show private medical paperwork of any kind. That has always been private information and subject to the persons constitutional freedom of choice.*

*I ask this legislative body to start upholding your oath to defend and support the constitution and end this tyranny against the people.*

*To top it all off the vaccine DOES NOT make the person immune from getting or dying from Covid but instead puts them at risk for vaccine injuries which Big Pharma has ZERO liability for!!!*

*If this government cares about people, START A “BOOST YOUR IMMUNE SYSTEM” CAMPAIGN!*

*Why has our human immune system been disregarded?*

*Instead this government body is promoting and trying to mandate a man-made synthetic injection with NO long-term studies! This MUST END HERE!*

Comments:

How is this even a bill? Why are we even talking about this? It is illegal to ask people about their private health information. This is a basic, elementary right the government seems to be over looking and silently trying to steal from us. No one cares about each other's vaccination statues! I laugh at the attempts to continue to TRY and scare poeple into taking this experimental injection that has proven to cause more harm that good. I'm appalled at the state of Hawaii for treating people this way.. real ALOHA! What a joke!

I love Hawaii and everthing it has to offer, but I'm wearing thin and almost about to move onto another state without stupid, illogical, suppressive Covid mandates. I'm a server at a busy, extremely understaffed, popular restaurant. Where are tourist going to eat when restaurants are closed from lack of workers fed up with bullshit rules????! Who is going to clean their rooms? We already saw what happens when we tried it out for "2 weeks"...

As a regular person who was disappointed in the state of our country pre Covid, now im mad and extremely disappointed. I find it hard to take anything the state or federal government says seriously. No one is looking out for the people. You think we are price tags and work horses, we are humans and have human rights! We are supported by the US constitution and our inalienable rights as human beings. Your vaccine "laws" and mandates will not win. So stop now, your embarrassing yourselves. You will be held accountable for these actions, for the propaganda machine that Covid19 is, the fear created over NOTHING! The numbers are being checked and the truth is coming out on how non life threatening Covid actually has been. May God forgive you! because as a Hawaii resident and proud badass American I will not forgive you and look forward to the crash and burn of this attempt to suppress our God given and US foundational rights!

Mahalo! Malama Pono, a hui hou

Hayley Williamson

This Bill goes against HIPPA and our right to privacy! No agency has the right to know anything about my health status. We have the God-given right to choose what is best for our bodies. Vaccines are known to have side effects and risks and no one should be forced or coerced or manipulated into having a medical procedure done that they are not 100% sure about especially when there is no liability or accountability for injury by the manufacturers. This bill needs to be STOPPED. It is not a countrywide law. & NO LAW should be made in regards to personal health. This is a slippery slope. Get off the fear wagon.

I Oppose this bill HB1571 !!!! I would like to see our Freedom restored! These mandates are not laws and goes against my constitutional right to be Free to choose. Wearing a mask Does NOT work! When you have a child wear a mask they are breathing in CO2 and bacteria from their mouth 8 hours or more every day when they go to school. They have the best immune system and they need oxygen so they can continue to have a strong immune system. When you wear a mask you lower your immune system! When you look on the back of the box of the mask it says clearly does not protect you from infectious diseases! I demand you do what's right and give Hawaii our freedom back! I am against this bill!!! We are not a communist country we live in the land of the free!!! I repeat we live in the land of the free don't take our freedoms away!!! It is wrong to take our freedom away!!! I pray God opens up your heart and you do what's right for we the people of Hawaii want our freedoms restored now!

Aloha, I vehemently OPPOSE HB1571, not just for myself but for every person who wants to see OUR NATION and OUR STATE to be able to retain OUR CONSTITUTIONAL RIGHTS AS FREE CITIZENS to be able to make OUR OWN CHOICES when it comes to making any choices, especially in this case regarding MEDICAL choices to OUR OWN INDIVIDUAL BODIES!

If I, a NATURAL BORN WOMAN, have the right to abort or keep an UNBORN BABY (NOT THAT I EVER WOULD) or decide to change my gender (NOT THAT I EVER WOULD), CLEARLY I HAVE A RIGHT TO MY OWN BODY AUTONOMY!

This HB1571 is no less than (in my opinion) breaking everything that OUR FATHERS AND MOTHERS who created OUR NATION on! Every freedom from tyranny of government control that we left Engaged for! God forbid this atrocity of a so called BILL passes, every Law requiring our freedom to PRESERVE IT will go down the drain! Every single life that was given for OUR COUNTRY will have been in vain!

What happened to our LAND that was once respected and known for as LIBERTY AND JUSTICE FOR ALL, a Republic to be OF THE PEOPLE, FOR THE PEOPLE AND BY THE PEOPLE, will NO LOVE EXIST! This is how important this is to me and every American!

With all due respect, who or what in the world has bewitched you into even considering such an EVIL, HARMFUL AND DANGEROUS BILL? Yes...DANGEROUS! Because if God forbid you pass this AGAINST THE MAJORITY, this very BILL will eventually turn against each of you as well!

Have we reduced to or succumbed to exactly what Hitler and other dictators did in order to gain illegal power and control out of FEARMONGERING our citizens? To incite false narratives, fire anyone who opposes this forced experiment of a jab, conveniently twist facts, not listening to any other medical professional other than the ones you approve of in order to continue this RABBIT HOLE of more variants so that you won't swallow your PRIDE for the wrongdoings committed? This has caused more division amongst the people of the United States and Hawaii than any other discrimination and abhorrent political endeavor ever!

What makes this more important than Women's Rights, THE RIGHT FOR ALL LEGAL CITIZENS TO VOTE, to Carry Arms and so on? Why do you think that laws to protect the Frre

Citizen were enacted? HIPPA, Nuremberg, Privacy Rights and so on were developed in the first place? Have you forgotten about the Holocaust and how it came to be? By passing HB1571 YOU WILL PERSONALLY BE RESPONSIBLE FOR THE DISINTEGRATING OF OUR ONCE BELOVED NATION! If this goes through, God forbid, then every other right will be forcibly stripped. We will no longer have a voice, an opinion or the right to peaceably protest. The prisons will be overflowed with INNOCENT citizens who had the courage to stand up against this evil regime while the real criminals, murderers, sex offenders etc. will roam around OUR STREETS without any consequences given! This BILL is NO ORDINARY BILL! This is from the pit of hell itself! I HUMBLY and at the same time, PASSIONATELY ask you to REMOVE THIS BILL ONCE AND FOR ALL! PLEASE DON'T IGNORE THE WARNINGS! DON'T BE DUPED BY THE LIES of the domestic terrorists within our Country and State who desire to tear up our Nation and Personal Lives as some have been trying to do for decades! Don't let the excluded few, those with the MONEY and so called power, to ever enter OUR COUNTRY! WOE TO THOSE WHO CALL EVIL...GOOD AND GOOD...EVIL! PLEASE DON'T THROW OUR RIGHTS TO EXPRESS OUR OPINIONS in order for a handful of profit from! Why do we regard illegal immigrants more important than our own lawful citizens? I come from a Long Line of family members who served and risked their lives in all branches of the United States Military and you're going to tell me that just because we disagree with YOU that hold this against us with dire consequences? If we didn't have those in our history such as the Paul Revere's NONE OF YOU OR US WOULD BE HERE! Before it's too late and before the demise of OUR REPUBLIC, PLEASE OPPOSE HB1571! THIS IS A MATTER OF LIFE AND THE DEATH OF INDIVIDUAL, CONSTITUTIONAL RIGHTS AND THE PRIVILEGE FOR OUR COUNTRY TO REMAIN ITS INDEPENDENCE! We're either THE HOME/LAND OF THE FREE AND BRAVE or THE LAND THAT ONCE WAS! Please RESEARCH NATIONS presently under socialism and communism! Iran to Venezuela! Please REMEMBER, YOU WORK FOR US, YOU ARE OUR SERVANTS TO UPHOLD OUR NATION'S CONSTITUTION! MAY GOD HELP YOU AND HAVE MERCY ON YOU if you continue to FORCE YOUR AGENDA ON US! One last thing, PLEASE DO NOT DISMISS MY TESTIMONY AS YOU HAVE DONE IN THE PAST WHEN YOU WILLFULLY SHUNNED AND IGNORED THE VOICES THAT OPPOSE! Thank you for your time! Please PRAYERFULLY CONSIDER WHAT I HAVE WRITTEN and the consequences that will happen if God forbid you continue! May God grant each of you His wisdom and courage to do what is RIGHT, BASED ON OUR CONSTITUTION AND EVEN OUR MOTTO OF HAWAII, THAT THE LIFE OF THE LAND IS PERPETRATED IN RIGHTEOUSNESS!

I will provide a file in with this testimony when I figure out how to do it, that should be deeply considered by all legislators. That file is the VAERS report on this shot for covid. This is by far the deadliest shot ever conceived and given to the public. BY FAR. When I provide this report to this legislature, just browse the graphs by scrolling down and you will see my point. No one can argue at all that this is not the Deadliest, most injurious shot ever conceived and given, sometimes mandated, to the public. There is No Vialbe dispute of this fact. Some say incorrectly that VAERS is not accurate. Well the fact is, the CDC and or NIH is bound by law to see this is an accurate system. I repeat, Bound By Law! Also and very related, at some point after this system was created by the 1986 NVICP and or another related act, there were complaints the system was not good enough. So The CDC worked to create another system hoping for more accuracy. The results of that attempt were, far more injuries and deaths were found in this new system than in the VAERS System. What did the CDC do? They scrapped the new system. That is Outrageous. It is Criminal. Now as to HB1571. I strongly oppose this bill for more than one reason, The first being the VAERS Report I will submit. Before anyone is Hawai'i is offered this shot, they should be given Full Informed Consent, as required by the Nuremberg Code. These shots are experimental EUA shots. Informed Consent means you be told the truth about the shots dangers. Every person in Hawai'i should be told, before the shot is offered, this is the Deadliest, most injurious shot ever conceived. That is Informed Consent. Then, ALL citizens of Hawai'i should be given the option to refuse the shot. You can NOT mandate an experiment. I have gone on long already here. There is more believe me. No one I see in this legislature has done what we pay you to do. Look at ALL ASPECTS of a situation like this. Why hasn't this been done? So this bill, HB1571, is not even relevant. You should be passing a bill penalizing anyone who does not give informed consent and fining or jailing those who violate this. In actuality, this shot should be STOPPED completely NOW! I can always be consulted for the vast amount of information I did not put in this testimony. My phone number is 831 227 1919. I am 72 years old, very healthy and very disappointed that our legislature and Governor have failed us all badly in not looking at all sides of this issue. Please start doing that NOW. I, and many others will NOT be letting this issue drop until it is resolved the way it should be. Mahalo Nui.

Comments:

I strongly oppose this bill. The experimental Covid vaccine should not even be on the agenda at this time. Things of medical nature should be protected between a patient and their doctor. Employers cannot even ask about medical history or if you even have children at home due to discrimination protections we have in place in the United States. Currently our government is overstepping their boundaries of our constitutional rights and freedoms and it must stop immediately.

You are violating personal privacy and HIPAA law and dishonoring the millions who've fought and died for our freedoms!!

The government should never tell people what to do with their bodies or force them to show private medical paperwork of any kind. That has always been private information and subject to the persons constitutional freedom of choice.

I ask this legislative body to start upholding your oath to defend and support the constitution and end this tyranny against the people.

Furthermore, this therapeutic/vaccine does not make a person immune from getting, spreading or dying from the Covid. Instead puts them at risk for vaccine injuries which the pharmaceutical industry has ZERO liability! Having to show proof of a therapeutic/vaccine to just be a part of society therein puts individuals at risk under duress. It is not necessary. Freedom of choice is paramount and what makes America "America". HB 1571 should go no further. Again, I oppose this bill.

Comments:

This bill and the requirement to demand a vaccine "passport" anywhere is in direct violation to HIPPA (individual medical privacy rights), the Nuremberg code (unlawful to push to mandate or force non-FDA approved EXPERIMENTAL treatments), our constitutional rights and free will.

For the fact that ALL PCR TESTS are falsely giving false negative or false positive results alone should stop the medical tranny being pushed on the people of Hawaii.

If you support this mandate along with the vaccinations, you are committing CRIMES AGAINST HUMANITY punishable by death penalty under FEDERAL LAW. I oppose of all COVID Mandatory regulations to include PCR TESTS, FORCED VACCINATIONS OF EXPERIMENTAL TREATMENTS (death shots), MASK MANDATES, PASSPORT MANDATES & COVID QUARANTINE OR COVID CONSITRACTION CAMPS.

How many people in Hawaii have to die before the truth is told about the WHO, CDC, FAUCI, GATES, etc who are all being charged with Crimes Against Humanity in the International Criminal Courts right now? We have lost too many already and the COVID VACCINE INJURIES AND DEATHS ARE SKYROCKING WITH EACH JAB OR BOOSTER THEY GET.

Other countries are withdrawing all mandates because of the fraud called COVID-19.

OPPOSE THIS ASSAULT ON THE PEOPLE OF HAWAII NOW or you will be abiding and abating the worst crimes against the people in decades.

Comments:

This bill is egregious. While I agree that individuals should be truthful, this demand for personal information about vaccine status from adults is grossly overreaching. These mandates were based on an emergency status which has gone on for far too long. Why anyone should have to show their medical history to a restaurant or other venue for admission is not a valid premise and certainly, in this waning stage of the pandemic concern, is not necessary. It sets a stage for future requirements including social status score much the same as we see in Communist China where a social status score has become their way of life for all behaviors. Is this where Hawaii is headed? You can be the people who stop this violation of personal rights. Please do not let this precedent setting rule pass this legislature. I am embarrassed to be in a state that is this paranoid and when I tell my mainland associates what is going on, they are appalled at the level of control of its citizens this legislature and executive branch have fallen to.

Jody Allione

Comments:

I strongly oppose this bill, simply because in the first place it is unconstitutional for our government to require that we subject ourselves to this vaccine and secondly whether or not we did take the vaccine that is personal information! The idea that we have to provide a so called “vaccine passport” to the public (business, church, nonprofit organization, or governmental entity) ...

I strongly ask you to re-read the description again and then tell me does this really make sense in a “free society”? and then stop it now.

Respectfully, Rita Kama-Kimura

I oppose this bill I believe that it would be pointless to even consider a universal vaccine for all people to take at all with no consideration to people who live in a more natural form of Medicine to condemn a society to be penalized for a rule or mandated drugs that the government has no jurisdiction to apply with results being controversial by cdc standard and being one of few country's to continue doubling down on a failing drug and System let alone imposing another in appropriate law being enforced by an exiting administration with no history of proactive influence on the economy or health. for the people by the people.

im not understanding why healthy people get fired and now there are no workers so now the courts want to impose a law to correct a large number mistakes that need to be revised not continue to punish the citizens for an inappropriate administration.

This is abominable, any vaccine status of any kind should not be considered by any other entity than an individuals physician. This cannot even be considered as an acceptable behavior of society in The United States of AMERICA. Land of the free. No way should any health status need be in scrutiny of authenticity to any public anything! Oppose!

Comments:

I OPPOSE this bill. It is in direct violation of HIPAA compliance laws that protect the rights of citizens to health status privacy.

On January 13, 2022, The US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees partially for the same reason.

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

Should you support the passing of this Bill, Hawaii's State government will be in violation of our people’s constitutional rights and freedoms.

This Bill will force people to show private medical information (as do the current regulations relating to showing proof of vaccination) - a direct violation of U.S. laws.

It is the responsibility of each legislative member of our State government to uphold his/her oath to defend and support the constitution and thus vote Nay on this Bill HB1571 and any subsequent versions of it.

**Concerning HB1571**

**My name is Paul Burns and I am a teacher, parent and community member since I was a child here in Hawai'i. I am greatly concerned about the laws that are being broken and the damage that is being done to the general public. HB1571 should not even be considered when you reflect upon the major points I make in this testimony. There should not be vaccine cards (passports) required as they break laws of privacy and are connected to a human experiment that is being executed in an illegal manner. There are strict laws that must be followed when it comes to Human experimentation. There are 2 major human experiments going on that have 0 scientific evidence to justify their continued execution. The first one I speak of is the mask mandate. Even though we have all seen videos that masks reduce the amount of droplet particles that release from our mouth there is not one scientific peer reviewed study that shows that masks actually slow down or stop the spread of respiratory viruses. All the studies show that masks do not stop the spread and so it is a false sense of security. Fauci himself said this at the beginning of the pandemic. I will leave a link to a video of the concerns that I made about this and about half way through the video is Fauci saying this himself if you want to hear it. The negative effects of this mask mandate, which is one of the biggest social human experiments in the world, has been detrimental to the health of our keiki. As a teacher and parent I see first hand the damage done to our keiki. The young ones have suffered by not being able to read lips and facial expressions. This has made it much harder for them to learn language and understand what is being said. It has stunted their growth and it is hard to make up for what is lost in those young ages. In the older students it has caused great depression, anxiety, fear and hopelessness. When our youth are afraid to socialize and be part of a team or go to class it affects their minds. We are seeing more and more kids suffering from all kinds of mental illness and sometimes leading to suicide. The negative effects masks have had on our precious youth who are our future is going to take many, many years to try and undo and heal. We must stop this part of the experiment immediately as there is no proof it actually helps but tons of proof that it is hurting our most precious and vulnerable population. I must add that this disease is super mild in children. My own children and I got covid and my younger children had less symptoms than a common cold. It is crazy to do these extreme measures to such a mild disease in children.**

**My next concern is on the vaccine mandates. The amount of lies and propaganda for this experimental treatment is staggering. The nuremberg code which governs**

**Human Experimentation is being broken in every way. First of all we are being told that it is safe and effective. Neither has been proven. They don't know and the evidence that it can do great harm is growing everyday like no other medical treatment we have ever seen. If people do not give consent fully knowing that this is an experimental treatment then the law is broken. Furthermore, any type of coercion is illegal. Being offered gifts or being threatened to lose a job is coercion and illegal. Who will be held accountable for breaking these laws? As more and more people are injured will those that voted to mandate these experiments be held liable. The liability is huge and if you care about human life and don't want to be caught up in the trials that are coming I suggest that you vote to end all mandates as many countries across the world have done including England. We have been misled and many people tricked into being part of an experiment and it needs to end now before any more damage is done.**

**Who will be held accountable for breaking these laws? Anyone who mandates an experimental treatment is responsible and will be held liable for the damages done. Please don't pass this bill or any other bill that promotes the idea that we need a vaccine passport to go anywhere. Mahalo Nui**

**Please watch the attached video that I made if you want more information about this concern**

Comments:

I strongly oppose this bill!! This measure compounds a grievous wrong. We in Hawaii are looked upon as the most "compliant" people in the nation, with even Mayor Blangiardi and Lt. Gov Green glowing over their obedient subjects who do pretty much whatever they're told about Covid mandates. "Compliant" is not a flattering adjective for a free people. George Washington and Thomas Jefferson were not "compliant," and that's what led to this great nation.

Read for yourself and watch Blangiardi and Green say the words:

Mayor Rick Blangiardi

(0:38) "We have a very compliant community. That compliance is very good for us. The compliance in the community is ideal and it's even going to get better I believe as we go forward here."

(1:28) "Make no mistake about it. We have the hammer in this deal. And we will drop the hammer if we have to. What we're asking now is for compliance. [Best way: get a booster.]"

(3:16) "I'm relying on you [reporters present] to help us spread the word, knowing full well the impact and the power of media."

Dec 29, 2021

<https://www.instagram.com/p/CYHWALSMvqb/>

"We've done things that other states can't even dream of." —Lt. Gov. Josh Green (00:30)

My vaccination status is none of anyone's business other than my own. This bill makes the tyranny and invasion of privacy worse.

People losing their jobs, being unable to travel, etc., because they don't have a vaxx card was unconscionable and unheard of until just months ago. To then punish people with a fine for not toeing the vaccine card line is jackboot despotism. The vaccine card and Chinese Communist Party's social credit card sound too similar for comfort.

Further, it's clear the vaccines are failures and dangerous besides. My friends and relatives have

told me horror stories of what happened to them after the shot: shingles, flat on their back for days, onset of abnormal menses, friend's teenage son died from heart failure after getting the shot, etc.

From the start of the Covid scare in 2020 we were told we would be getting a "vaccine." This vaccine was so good that we needed two shots, just weeks apart. Oops! They don't last very long, Dr. Fauci said after people had lined up for their two shots. So get a booster if it's been a few months. Then, a little later, get a fourth shot. Remember the canard about "insanity is repeating the same action over and over again and expecting a different result"? More recently we have learned that the vaccine, unlike the initial "safe and effective" promises, don't prevent getting Covid.

Any informed legislator should know that to follow the guidance of the CDC and the WHO is folly. Yet they are the ones quoted as respectable authorities by the government. The truth is they are widely known to be corrupt. The CDC serves the pharmaceutical industry (vaccine manufacturers) and the WHO is under the thumb of Communist China.

Show that Hawaii's legislature honors the U.S. Constitution. Reject this bill from the depths of Hell!

Aloha,

I am submitting testimony to document my opposition to HB 1571. Asking for or requiring to know vaccination status of anyone is a clear violation of HIPPA privacy rights. Any "vaccine mandate" has been ruled absolutely unconstitutional by the Supreme Court. I am so saddened and dissapointed to see how our government has handled this "pandemic". Leave people's health choices in their own hands. Stop trying to infringe and violate people's constitutional and medical rights and freedoms. This is not the way to go. You work for the hard working American people, not big pharma. Thank you.

Aloha,

I am writing to absolutely "oppose" HB 1571. Medical freedoms and government should not be in the same category. Over and over again it has been shown that whether you are "COVID vaccinated" or not you can still catch SARS-COV and spread it to others. This House Bill needs to be dropped and we need to focus on rebuilding "Hawaii's economy" after multiple shut down measures had plagued our state. Not to mention we need to get rid of the liability clause that the vaccine makers are protected under and hold companies and humans liable for any adverse reactions that may occur from the new COVID Vaccines.

Comments:

This bill would not even be necessary if the state followed Supreme Court rulings that vaccine mandates are unconstitutional. To require this Covid vaccine ESPECIALLY, is inhumane. So it follows that a private citizen who has inalienable rights to medical freedom should not be required to carry and show proof of medical status.

To waste our tax dollars deliberating over fake vaccine passports when the broader issue of a vaccine mandate at all is unlawful is preposterous!!

OPPOSE THIS BILL 1571

and drop all the mandates now!!!!!!

**I most strongly oppose HB1571 HD1.** No one should have to prove they are not sick.

The 100% vaccinated [cruise experiences](#) should prove that whether you have taken the vaccination or not, a person can become infected with and spread COVID. The vaccine cards/passports are worthless. There is neither right nor reason to create criminals out of citizens who are exercising their constitutional rights. It should be a crime for a place of accommodation to ask someone to display any aspect of their medial history. That is the type of legislation that might be beneficial – not HB1571 HD1. Rather than criminalizing citizens protected by the US Constitution with rights to privacy, mobility and bodily integrity, the legislature should be criminalizing those imposing illegal medical mandates, especially where unapproved (except on an emergency basis requiring informed consent), experimental injections are involved. Taking away a person’s job if they don’t get the “jab” does not constitute informed consent – it is coercion.

Due to the numerous adverse reactions to this “gene therapy” our elected officials should have demanded that these “vaccines” be pulled from the market place long ago. (Note: these interventions are only called vaccines because the definition was changed to accommodate the injections so that the manufacturers cannot be held liable for adverse reactions.) Note: the “vaccines” don’t keep you from getting the targeted disease and don’t keep you from spreading it to others. The vaccine doesn’t provide any noticeable improvement in health and may weaken the immune system of those who take it. Yet, even though there is no proven health improvement, the vaccine card/”passport” gives additional rights to those submitting to the mandate from their fellow citizens who don’t believe the risk of harm from the shot is acceptable knowing the 99% survival rate from the disease. This is unconstitutional discrimination. Those implementing such conduct or enforcing it must be held accountable for infringing on citizens’ civil rights.

Those who have recovered from the disease have better immunity than those vaccinated. Yet, their rights to access places of public accommodation are restricted. This is wrong. All people in the USA are equal and must be treated so, even those who have disabilities.

The USA went to extreme lengths to protect the medical privacy of AIDS victims. All medical privacy should be protected. No one should be asked to expose any aspect of their medical history to access a public facility.

The Star Advertiser front page article concerned two of your colleagues are being accused of bribery. Hawaii corruption is finally being exposed on many fronts.

Currently there is an international [people's grand jury](#) process, led by medical and legal professionals, exposing the planned nature of the "pandemic" that led to the global demand for vaccination. I highly recommend all legislators and everyone else watch this process. The website is:

<https://rumble.com/vu6g34-grand-jury-opening-statements-abridged-version.html>

The World Economic Forum and associates have been trying to implement a global scare that would usher in their "Great Reset" where "we the people" will own nothing, but be happy. Just as previously planned illnesses (swine flu) did not accomplish their goal, hopefully, crimes regarding this fraudulent pandemic will be exposed and those guilty of perpetrating any abuse of power will be removed from elected office and other positions of authority (policy, corporation, pharmaceutical, medical, police, etc.) and punished according to the law.

Some individuals will eventually be charged with crimes against humanity. Known therapeutics and early interventions have been denied to citizens. People have died in cases where they could have easily and inexpensively been saved. successful remedies are available over the counter in some countries. The experimental "vaccine" could not have received the emergency use authorization ([EUA](#)) if those directing WHO/CDC/etc. acknowledged that therapeutics already existed. Note Section B. 1. d of the governing policy. :

#### **"d. No Alternatives**

For FDA to issue an EUA, there must be no adequate, approved, and available alternative to the candidate product for diagnosing, preventing, or treating the disease or condition. A potential alternative product may be considered "unavailable" if there are insufficient supplies of the approved alternative to fully meet the emergency need. A potential alternative product may be considered "inadequate" if, for example, there are contraindicating data for special circumstances or populations (e.g., children, immunocompromised individuals, or individuals with a drug allergy), if a dosage form of an approved product is inappropriate for use in a special population (e.g., a tablet for individuals who cannot swallow pills), or if the agent is or may be resistant to approved and available alternative products."

Other medications with known [high fatality](#) rates have been made the hospital protocol of choice (Remdesivir) which is part of Hawaii's COVID 19 protocol. Remdesivir is more costly and less effective than other COVID treatments. The taxpayer is footing the bill for all this waste.

This "pandemic" needs to be investigated. There has been too much money spent on an illness that has a 99% recovery rate. Too many small businesses have been shuttered. Too many lives have been lost to depression and suicide. The question is: Where is all the money going? Why are "cases" used when cases are derived from a [PCR test](#) that is renowned for giving false positives and its use supposedly discontinued? It has been reported that only a [small percentage](#) of "COVID" deaths were caused by COVID alone.

Do not become complicit in this scandemic. Do not pass HB1571 HD1.

I OPPOSE this bill.

On January 13, 2022, The US Supreme Court ruled *against* mandatory vaccines for businesses with over 100 employees.

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.” The statement is supported by the Nuremburg Code, put into place following unspeakable events of WWII.

Then, on January 19, 2022, the Centers for Disease Control (CDC) released a study done in New York and California, two heavily populated states with high rates of SARS-CoV-2, stating that "people who were unvaccinated and did not have a prior COVID-19 infection remained at the highest risk of infection and hospitalization, while **those who were previously infected, both with or without prior vaccination, had the greatest protection.**"

The data that has been surfacing from the ongoing research and development of the COVID-19 vaccinations continues to show that people who are vaccinated can still contract, therefore spread, SARS-CoV-2 no matter the variant. This information really nullifies any paper that is meant to show a person's "inability" to spread COVID-19.

Instead of creating legislature to incriminate those for falsifying documents, perhaps one needs to assess why people may feel backed into a corner to do something so unagreeable in the first place. Hawai'i needs to rewind and look at the broken system of vaccine mandates which have actually made our COVID cases soar starting circa June 2021 when the "Safe Travels" program started exempting fully vaccinated travelers from the pre-travel testing requirements.

Our government is continuing to overstep its boundaries and disregard people's freedoms protected by the United States Constitution.

I ask this legislative body to PLEASE start upholding your oath to defend and support the constitution.

Mahalo nui loa for your time,

Paige

Comments:

Dear JHA committee,

I **STRONGLY OPPOSE HB1571**. Although I am not condoning falsifying documents (including fake vaccine cards) the whole idea of mandating vaccine passports or any medical procedures for anyone is morally **WRONG** in the first place. I am **PRO** body sovereignty. My body, my choice. If I don't own my own body, then nothing else matters.

On top of this, these Covid shots do not even prevent infection or transmission. If you claim they do, I'd like to see your evidence where it proves that. (Spoiler: There is none)

The current shots are aimed at the Alpha variant that is long gone. It's obvious that these shots are not working, and neither do masks. And if you think the shots and masks work, then why are you afraid of people who don't wear masks or are unvaccinated?

I implore you to do the right thing and vote **NO** on HB 1571. We don't need to fuel the segregation and create further division around this topic.

**HB-1571-HD-1**

Comments:

I strongly oppose. It is unlawful to mandate a vaccine for a shot that was approved for EU only. A vaccine requires years of rigorous testing to ensure that it is effective without adverse reactions. To have mandated the shot has not been effective, and turns out to be crimes against humanity. All who have participated in this evil agenda will face due justice. Time to save yourselves is now! God sees and knows all and He is the ultimate judge! God Bless You for your time and consideration.

Comments:

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

"Mandates, rules, orders or policies that require any of the People, who are healthy, without symptoms of communicable infection, to quarantine or be under lockdown, violates the Supreme Law of the Land and Declared Rights in the State Constitutions."

"All laws which are repugnant to the Constitution are null and void"

Hawaii Constitution Article 1 Section 5: "No person shall be deprived of life, liberty or property without due process of law, nor be denied the equal protection of the laws, nor be denied the enjoyment of the person's civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry."

You are discriminating against all non-vaccinated persons by denying us equal protection of the laws versus the vaccinated group. You are discriminating against the unvaccinated whose religious beliefs by conscience cannot accept the injection of foreign fetal material or organic materials that would defile our body, which is the temple of God.

You were elected as servants of the people to uphold the Constitution of the USA and of Hawaii, and not to rule dictatorially, giving no heed to the voice of the People.

You are not to create laws to contradict the U.S. Constitution for political gain. If you disagree with the Constitution and Bill of Rights, do it legally by the steps of amending the Constitution.

Comments:

I sincerely oppose this bill. The covid vaccine should NOT even be on the agenda! The United States is a free country, not a communist society where people are forced to do what the government dictates.

On January 13, 2022, the US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees. Justice Clarence Thomas wrote "in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo."

Hawaii's government body is OVERSTEPPING it's boundaries and disregarding people's constitutional rights and freedoms. Stop it! You work for us. You are violating personal privacy and HIPAA law and dishonoring the millions of people who've fought and died protecting our freedoms!

The government should NOT tell people what to do with their bodies or force them to show private medical paperwork of anykind. That has always been and should always be, private information and subject to the persons constitutional freedom of choice.

I ask you, the legistative body that was voted by us - the people of the state, to uphold your oath to defend and support the constitution and end this tyranny against the people.

If you want to do something for the people, start a campaign to promote healthy lifestyle choices like exercising, eating fruits and vegetables, not smoking and definitely NOT passing out free crack pipes.

Oppose HB 1517

Dear [comittie](#) on Judiciary and financial affairs,

This bill is ridiculous! The vaccine card was only supposed to be a personal document to keep records of vaccine doses. This card was never supposed to be used as a legal document. Additionally coercing people to show medical information to access the world around them is wrong on so many levels.

This is a small bite out of the elephant to push for a digital ID to access business and restaurants. Dangerous in its concept. Normally I would not oppose a bill that stops people from falsifying a document, accept that this particular document was never supposed to be a legal document.

Thank you,

Please oppose this bill and kill it,

Dawn Poiani

Comments:

No matter how well-intended, vaccine mandates are unconstitutional. There are no "emergency" provisions in the US Constitution that would allow any government to mandate \*anything\* -- government's role is to protect our natural rights as citizens and provide for the common defense. The government's role does not include the protection of personal safety. Personal safety is the responsibility of the the person.

This law would validate an already unconstitutional mandate. This is wrong. As an elected government official, you are \*sworn\* to uphold the US Constitution. This law would be a direct violation of that oath and would invalidate \*your\* privilege to represent the people.

Please do \*not\* advance this oppressive and unconstitutional legislation.

David Hioki

Aloha;

Mahalo for taking your precious time to read and hear what WE the people have to share about this crucial topic.

The Covid-19 Vaccination is a proven medical conspiracy, violating our God-given human rights of freedom.

It is a **proven** genocidal injection with **over 1 Million deaths** and untold adverse reactions that amount to murder of our fellow human beings in the name of an illegitimate agenda imposed by rich and powerful oligarchs for the purposes of corporate profit.

The proof of information is widely available anywhere but on mainstream media.

Here is only 1 of many (about 17) Vaccine Adverse Reaction platforms and important to know that only 1-10% gets reported by doctors and hospitals who are actually obliged to report...

<https://openvaers.com/covid-data>

Dr. David Martin is perhaps the clearest example in the civilian sector.

Please listen to his HIGHLY IMPORTANT **LIFESAVING INFORMATION** incl. **100% EVIDENCE** that the **injections are BIOWEAPONS**.

part 1:

<https://www.bitchute.com/video/ZEWxAXFfHVka/>

+

uncensored part 2:

<https://speakingaboutnews.com/dr-david-martin-who-they-are-the-names-and-faces-of-the-people-who-are-killing-humanity/>

Thousands of medical doctors and scientists worldwide have spoken out at their personal and professional risk giving scientific proof of the presence of HIGHLY TOXIC Graphene Oxide and Graphene Hydroxide not only in the so called VACCINES, also in MASKS and SWABS of the PCR tests.

The so called vaccines themselves are documented by scientific examination to contain genetically-altering materials, toxic graphene oxide and graphene hydroxide which are electro magnetically sensitive to 5G (EMF) radiation and cross the blood brain barrier and causing severe clotting, myocarditis and often death.

Illegal unlawful mandates imposing this are destroying our economy, our social structures public and private and our health.

Furthermore our keiki are at high risk by related vaccine caused sterility in young adults and vaccine adverse reactions in mandated school experimental injections called vaccines.

We as electronically sensitive beings are also negatively influenced by these frequencies. Furthermore as an island-born keiki o ka aina a mask interrupts our flow of **divine breath or ha** and hampers our relation with our **common Creator**. For these and many more reasons I, Malama Thornton E. Chamberlin, vehemently oppose HB 1571.

Mahalo for taking your precious time for WE the PEOPLE to be heard.

Always best aloha

Malama Thornton E. Chamberlin

Comments:

I OPPOSE Bill HB 1571 on the grounds that such a bill already indicates that current legislation regarding COVID-19 has already infringed, or is close to infringing, the rights of individuals to freely make decisions regarding their physical health and well-being. A bill such as HB 1571 is not, in my opinion, a bill that will protect the rights of citizens, but merely produces more divisiveness in an already fractured country.

Max

Comments:

I oppose this bill.

**For nearly two years we've only been fed one narrative from our government and media..."Vaccination is the best and only way to stop the spread of covid and end this pandemic." As of today, 75% of our State is vaccinated. Over 500,000 third doses have been administered and a fourth dose authorized in one year of this vaccine's availability. Also over 100,000 Hawai'i residents have already recovered from COVID-19, yet we just had more cases, hospitalizations and deaths than we've ever had over the holiday break.**

**With this Covid vaccine, you can still contract SARS CoV-2, still transmit SARS CoV-2, you are still supposed to wear a mask, you are still supposed to social distance, you can still be hospitalized with COVID and you can still die from it. So what has the vaccine and Hawai'i Safe Access program changed? The only thing that's changed is the unvaccinated person's access to a normal social life and public accommodations. The vaccine card gives you access to what used to be our normal rights, rights that are now privileges. Even though it's abundantly clear that vaccinated and unvaccinated can get and spread SARS CoV-2 and that 98% of people that contract it, do not end up hospitalized or dead. This information was always available, however our leaders chose to disregard it.**

**I hope you choose to take a stand against segregation and discrimination, oppose this bill and tear up your vaccine cards. By now, you've either had covid or know MANY double vaxxed and boosted people who have. You know your vaccine status and card is irrelevant and just a tool for control. Moreover, your vaccine status and card should be your buisness, not the hostess at Big City Diner or Genki. There should be no gatekeepers to services, especially when sick vaccinated and unvaccinated people pose no differential health risk to our community, just as healthy vaccinated and unvaccinated people pose no differential health risk.**

**Once again, I oppose this bill.**

Comments:

I strongly oppose this bill which will give illegal police type authority to businesses, churches, etc to enforce unlawful "mandates," not created by the legislature, but instead by random announcements from Governor Ige or Mayor Blangiardi. Hawaii is not a dictatorship or communist state and we should not be allowing one or two people to have this kind of power over the majority with no end in sight. Our government is behaving like the people have no rights and have to be subjected to the unconstitutional mandates of the current leadership.

I am very surprised that any legislator would support this and disheartened that there is no regard for the oath all legislators have sworn to protect the US and the Hawaii state constitution.

Comments:

As time passes, more data shows the ineffectiveness of the current Covid vaccines, especially against ever changing variants, as well as the high level of adverse reactions. No person should be mandated to take any experimental treatments. These ill conceived mandates are not lawful.

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

"Mandates, rules, orders or policies that require any of the People, who are healthy, without symptoms of communicable infection, to quarantine or be under lockdown, violates the Supreme Law of the Land and Declared Rights in the State Constitutions."

"All laws which are repugnant to the Constitution are null and void"

Hawaii Constitution Article 1 Section 5: "No person shall be deprived of life, liberty or property without due process of law, nor be denied the equal protection of the laws, nor be denied the enjoyment of the person's civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry."

You are discriminating against all non-vaccinated persons by denying us equal protection of the laws versus the vaccinated group. You are discriminating against the unvaccinated whose sincerely held religious beliefs are against experimental treatment mandates.

You were elected as servants of the people to uphold the Constitution of the USA and of Hawaii, and not to rule dictatorially, giving no heed to the voice of the People.

You are not to create laws to contradict the U.S. Constitution for political gain. If you disagree with the Constitution and Bill of Rights, do it legally by the steps of amending the Constitution.

Comments:

Hello,

I would like to take this time to be heard, my family and I, absolutely oppose this bill. First of all, this vaccine passport shouldn't even be on the agenda. The COVID-19 vaccine is an experimental vaccine that should NOT be forced upon the people of Hawaii. The people you swore to represent. The vaccine status of ANY person should be a private matter between a doctor and their patient. It should NEVER be considered public knowledge and any persons RIGHT to know the vaccination status of another person. If this bill is passed you are DISHONORING the lives of millions who fought for our individual rights and freedoms.

There are NO LONG TERM studies on this vaccine. There is NO LIABILITY to the manufacturer for the many adverse events as a direct result of the vaccine. The VAERS system reports ONLY A FRACTION of the actual adverse events from this vaccine.

On January 13, 2022 the US Supreme Court ruled against the implementation of the unconstitutional vaccine mandate on businesses with over 100 employees. Justice Clarence Thomas wrote, "in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo."

The vaccine does not create immunity as we all know. The "break through" cases we are seeing, are now starting to seem as though they are NOT break throughs at all, they are the majority. I am asking you, the legislative branch, to uphold your oath to defend and support the constitution. Do not even entertain the idea of prosecuting those who have "fake vaccine cards" because of the coercion from our very own government forced them to resort to this in order to live "freely."

Think about us, think about the thousands, if not millions of citizens that you are sowing seeds of fear, division, & distrust of our own governing body. This over stepping of the government MUST STOP! Kill this bill, HB1571 and work tirelessly to regain our trust.

Dear Legislators,

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

"Mandates, rules, orders or policies that require any of the People, who are healthy, without symptoms of communicable infection, to quarantine or be under lockdown, violates the Supreme Law of the Land and Declared Rights in the State Constitutions."

"All laws which are repugnant to the Constitution are null and void"

Hawaii Constitution Article 1 Section 5: "No person shall be deprived of life, liberty or property without due process of law, nor be denied the equal protection of the laws, nor be denied the enjoyment of the person's civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry."

You are discriminating against all non-vaccinated persons by denying us equal protection of the laws versus the vaccinated group. You are discriminating against the unvaccinated whose religious beliefs by conscience cannot accept the injection of foreign fetal material or organic materials that would defile our body, which is the temple of God.

Additionally, it within our constitutional rights to have the freedom to choose medical procedures, treatments, vaccinations, devices, most notably when ample evidence indicatess that hundreds of thousands of people are injured by the COVID-19 vaccinations. Many of died subsequent to vaccination.

You were elected as servants of the people to uphold the Constitution of the USA and of Hawaii, and not to rule dictatorially, giving no heed to the voice of the People. Please protect our freedoms, to choose medical interventions, our freedom of information, freedom of religion and of our humanity in general.

The vaccines are experimental!

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

I strongly oppose this bill because it clearly shows the government is way overstepping it's boundaries and is trampling upon the rights of the people. This bill is a violation of the HIPAA law. Please uphold the oath you took to take office here in the state of Hawaii. Please uphold and defend the constitution of the state of Hawaii.

Please note that according to 18 U.S.C. section 2331, it is a crime for the government to intimidate or coecec a civilian population to do any act that would be dangerous to human life. By trying to have a vaccine mandate or even try to ask the public to show that personal information is showing that the government is trying to coerce the people to take a vaccine that they would not otherwise take so that they could participate in normal life. This is clearly coercion.

FIRST, debate whether a business like a grocery store, the neighborhood 7-11, Daiei, the Cheesecake Factory, Morton's, or Consolidated theaters CAN or SHOULD have access to my medical records, procedures, and medical history or my religious beliefs. Furthermore, do these businesses even want to be involved in vetting my medical records?

Second, do we really need to go down this slippery slope of criminalizing vaccine status? Step by step, inch by inch this is where bills like this take us; make criminals out of those choose not to vaccinate. Plus, this is specific for a specific virus and references a specific invasive medical procedure that breaks the skin with effects that cannot be undone, except of course for the effects it was designed for which wane in four to six months. By now, we all know friends and relatives who are vaxxed, boosted and still infected with COVID. Maybe this is what should be criminal.

Comments:

You will be held accountable for the beginning of tracking free citizens. The use of a person's private medical information to be able to move freely in society is the act of a communist country. Our country will fail if you follow this path. Our state already is failing because of the foolish decisions made by the current government leadership. Be wise and keep us a free State and Nation.

Comments:

I OPPOSE bill HB1571. Passing this bill is a complete government overstep of its' role and a total disregard for people's constitutional rights and freedoms. This bill is in violation of personal's privacy and HIPAA law, and furthermore, will criminalize otherwise law-abiding citizens for their medical choices.

Bills regarding Covid-19 vaccines and restrictions have no business being introduced or, more so, passed through legislation. Covid-19 vaccines are experimental vaccines that have not gone through the required clinical trials to prove safety. The animals in the pre-trials either died or became so sick they had to be euthanized. There are over 1,000 different studies that show extensive evidence of COVID-19 vaccines adverse events. There is a significant amount of risk with these experimental vaccines. When there's a risk, there must be a choice.

Justice Clarence Thomas wrote *"in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo."* The Nuremburg Code was established to hold those responsible for forcing or coercing people to undergo a medical procedure accountable. This including those who are complicit, and 'just following orders' is no excuse.

On January 13, 2022, the US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees. Several US States and other countries around the world have ended Covid-19 mandates. It's only a matter of time until other States and countries follow.

Government has no authority to tell people what to do with their bodies or force them to show private medical paperwork or 'vaccine' status. That is personal medical information and subject to the persons constitutional freedom of choice.

I urge this legislative body to upholding your oath to defend and support the constitution by rejecting HB1571. In doing so, you will be honoring the millions who have fought and died for our freedoms.

Comments:

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

"Mandates, rules, orders or policies that require any of the People, who are healthy, without symptoms of communicable infection, to quarantine or be under lockdown, violates the Supreme Law of the Land and Declared Rights in the State Constitutions."

"All laws which are repugnant to the Constitution are null and void"

Hawaii Constitution Article 1 Section 5: "No person shall be deprived of life, liberty or property without due process of law, nor be denied the equal protection of the laws, nor be denied the enjoyment of the person's civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry."

You are discriminating against all non-vaccinated persons by denying us equal protection of the laws versus the vaccinated group. You are discriminating against the unvaccinated whose religious beliefs by conscience cannot accept the injection of foreign fetal material or organic materials that would defile our body, which is the temple of God.

You were elected as servants of the people to uphold the Constitution of the USA and of Hawaii, and not to rule dictatorially, giving no heed to the voice of the People.

You are not to create laws to contradict the U.S. Constitution for political gain. If you disagree with the Constitution and Bill of Rights, do it legally by the steps of amending the Constitution.

Comments:

Businesses should not have access to a person's private medical information, nor should they be in a position to judge a person's medical exemptions or religious beliefs. Moreover, being vaccinated does nothing but *possibly* protect the person that received the vaccine from severe disease and death. Vaccination does not prevent infection nor transmission thus the issue of a vaccine card is moot if its being used in the interest of public health. If we are still promoting "stop the spread" through vaccination (which is clearly not possible) and coercing others to vaccinate by threatening the removal of jobs and services, that should be what's criminalized.

I oppose.

Why would a vaccinated status matter now?

it never did before to enter a store , restaurant and fly etc.

More so to prove that one got a covid vaccinate that's not even approved from The FDA !

It should be ones choice to get a vaccination as it has always been before covid.

It's our God given right to choose what's put into our body, not the governments.

I oppose this bill HB1571 because this is non constitutional and it's against the law for us to have to prove our vaccinated status to enter a restaurant , fly etc .

Aloha,

I oppose this measure regardless of my vaccination status. We have constitutional rights. I don't believe that a citizen of the US should ever be put in a position to feel they need to falsify something of this nature in order to live their life in public. It is not a matter of life and death and human decency, it is a matter of population control. Yes, there needs to be an awareness and common practice centered around physical and mental health. The government should employ a sufficient amount of mental/physical leaders in order to make these changes affordable, accessible and effective. Not relying on the church to instill positivity and community; but being the change themselves they choose to see. If a human continues to disease there body and chooses to do so- despite having the avail to alternative ways they can live a happy and healthy life - that is their choice and they should know what the consequence is. There should also be a large amount of communication that is centered within the economics and truth behind how Corporations gain their power and money. This fear that has been installed is a tactic used to control the mind and the masses. I understand there is over consumption- but there is a reason.... that it has been glorified.

Comments:

This is tyrannical and needs to stop now.

As a person born here in Hawaii, on Oahu, and as a citizen of the United States of America, protected by the constitution and my Creator, I oppose with every fiber of my being the passing of this bill as state law. This is clearly a violation of an individual's medical privacy. Though the premise seems good-intentioned, this is obviously opening the door to abuse.

Please think about your children and future generations.

It is obviously difficult for you to imagine what it would be like for someone else or their children being injured or killed by these experimental gene-based therapeutic injection, so try to imagine what it would be like if your own child or family member were injured or killed. Over these past two years, we've all lost so much. Our livelihoods, our quality of life, we've lost friends and family from the "vaccine", and now you want to take away our privacy.

Please think hard about how people would handle it if they have nothing left to lose but their privacy, and you take that away as well.

Please do not trade human dignity for "snake oil" safety.

Mahalo

**LATE**

**LATE**

February 9, 2022

I strongly oppose this bill.

First off, we should not even have any vaccine passports, let alone fines for falsifying them.

The US Supreme Court has already ruled on January 13, 2022, against mandatory vaccines for businesses with over 100 employees.

As Supreme Court Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

I have been in the healing arts profession for about 20 years so I have spent quite a bit of time educating myself about all things Covid. I have become quite alarmed at the blatant lack of concern for basic constitutional rights. I have included a list of violations of US and Hawaii Constitutional rights and laws.

It would be good to familiarize yourself with this list.

I challenge you to remember your oath to the constitutions of our country and state.

Sincerely,

Marina Poling

59-065 Kumupali Rd, Haleiwa, HI 96712

Hawaii Business and Professions Code 489-8b: Prohibits a licensed business to deny service based on disability or religion

Hawaii Penal Code 707-721: Unlawful imprisonment

No claim of an “emergency” or “executive orders” or “health orders” or “city ordinances” excuses you from violating the laws set forth in this notice.

Further, as a place of public accommodation (even as a private business) you have extended an irrevocable license (privilege) to the public to enter your establishment and you may not deny entry based on race, religion, disability or other protected characteristics.

THUS: By denying entry to a customer who is not wearing a mask OR having a vaccine passport for either medical or religious reasons, a business or government office is IN VIOLATION of at least five federal laws and 16 Hawaii state laws, including:

US Constitution, 1st Amendment, 4th Amendment

US Title 42, US Title 52

Hawaii Constitution Article 1, sections 2 & 4  
Hawaii Professions and Occupations Code 453-2  
Hawaii Revised Statutes 710-1016.6  
Hawaii Revised Statutes 489-3  
Hawaii Constitution Article 1 Section 5  
Hawaii Civil Rights Commission Chapter 368  
Hawaii Revised Statutes 489-8  
Hawaii Business and Professions Code 489-8b  
Hawaii Penal Code 707-721  
Hawaii Penal Code 711-1101  
Hawaii Penal Code 711-1106

Comments:

HB1571 HD1 is a clear violation of HIPAA law and a clear violation of the Constitution and Bill of Rights of multiple states. In particular the Constitution 42 U.S. Code // 1983. Civil Action for Deprivation of Rights :

"Orders, rules, mandates, policies are not Laws, are not binding to Living People, and cannot be enforced upon the People as such (See: Cruden v. Neale 2 N.C. 338 May Term 1796)"

"Mandates, rules, orders or policies that require any of the People, who are healthy, without symptoms of communicable infection, to quarantine or be under lockdown, violates the Supreme Law of the Land and Declared Rights in the State Constitutions."

"All laws which are repugnant to the Constitution are null and void"

Hawaii Constitution Article 1 Section 5: "No person shall be deprived of life, liberty or property without due process of law, nor be denied the equal protection of the laws, nor be denied the enjoyment of the person's civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry."

You are discriminating against all non-vaccinated persons by denying us equal protection of the laws versus the vaccinated group. You are discriminating against the unvaccinated whose religious beliefs by conscience cannot accept the injection of foreign fetal material or organic materials that would defile our body, which is the temple of God.

You were elected as servants of the people to uphold the Constitution of the USA and of Hawaii, and not to rule dictatorially, giving no heed to the voice of the People.

You are not to create laws to contradict the U.S. Constitution for political gain. If you disagree with the Constitution and Bill of Rights, do it legally by the steps of amending the Constitution.

Comments:

So the government can inject people with whatever they want, whenever they want and anything that happens one minute to one year later is pure coincidence? If you want to build any sort of confidence in your experimental jabs maybe you should stop trying to hide 340,000 pages of documents from the citizens of the United States.

I've seen videos of Joe Biden and I can see that he is not a friend of brown-skinned or black-skinned people from his use of the N-word. You want me to trust an injection being promoted from this 79 year old man? I also see that he is trying to hand-out pipes and needles to the community with 30 million dollars from taxpayers during Black History Month.

You people who are supposed to defend the people of Hawaii against enemies foreign and domestic are trying to harm us physically, emotionally, and psychologically with your demoralizing ad campaign. If I went up to one of you with a needle and said here let me inject you and your children with this mystery serum, how would you feel? You can do all the photoshoots at vaccine sites that you want, anything can be faked.

We've also noticed that the definition of vaccine has been changed three times since 2015. I don't want a jab, a health pass, a microchip in my hand or in my brain. Leave people alone and let them make their own health decisions. We also haven't forgotten about the 1976 Swine Flu Campaign btw.

Comments:

Dear Representatives,

While I disagree that anyone should falsify their medical information, I heartily believe that we should not need a bill like this in our State. I strongly oppose the public sharing of private medical information with the security officer at the library door, the hostess at California Pizza Kitchen, etc. *How* are these people qualified and *why* should they be burdened with having to decipher these so-called passports? Worse, how can they be called upon to decide how I pray and to whom and what this means in terms of my decision, or not to take this vaccine? I oppose this bill (HB1571), because I feel that medical privacy should be honored, one's spiritual and religious beliefs are personal, and that the COVID vaccines should not be mandated in the first place.

Thank you for hearing my testimony,

Sara DiGrazia

Our family strongly opposes this bill. We represent a healthy, educated family that do not believe in Receiving this "vaccination" or MRNA technology/chemistry due to health reasons as well as the belief that a virus as this is not avoided nor prevented with such inoculation. It is absolutely inhumane to Enforce such invasive trials on the population. Our family who works, lives, owns, and contributes to our island community will not be forced to receive anything that doesn't feel right and has proven to fail its attempt to prevent this virus.

Comments:

*I absolutely OPPOSE this bill. The Covid vaccine should not even be on the agenda! This is United States of America not a communist country!*

*On January 13, 2022, The US Supreme Court ruled against mandatory vaccines for businesses with over 100 employees.*

Justice Clarence Thomas wrote “in dissent that the case was about whether the administration has the authority to force people, by coercion, to undergo a medical procedure they do not want and cannot undo.”

*This government body is overstepping its boundaries and disregarding people’s constitutional rights and freedoms and it must stop immediately!*

*You are violating personal privacy and HIPAA law and dishonoring the millions who’ve fought and died for our freedoms!!*

*The government is NOT above God who promises Free Will! The government should never tell people what to do with their bodies or force them to show private medical paperwork of any kind. That has always been private information and subject to the persons constitutional freedom of choice.*

*I ask this legislative body to start upholding your oath to defend and support the constitution and end this tyranny against the people.*

*To top it all off the vaccine DOES NOT make the person immune from getting or dying from Covid but instead puts them at risk for vaccine injuries which Big Pharma has ZERO liability for!!!*

*If this government cares about people, START A “BOOST YOUR IMMUNE SYSTEM” CAMPAIGN!*

*Why has our human immune system been disregarded?*

*Instead this government body is promoting and trying to mandate a man-made synthetic injection with NO long-term studies! This MUST END HERE!*

Comments:

For months now, the science has been clear that the available Covid-19 vaccines are not effective at controlling the disease. Because these vaccines do not prevent people from becoming infected and do not stop its spread at all, the vaccination requirements that have been imposed on the people of Hawaii are completely pointless and disrupts our lives for no benefit.

In addition, people of the United States have a right to medical privacy. Knowledge about an individual's decision to accept a medical treatment is between the individual and his or her physician only, and is no one else's business. Any rules which require people to present medical documentation to participate in society are unconstitutional, which means that this bill that is intended to deter falsification of one's medical status lacks any legal merit. Do not waste any more time on this bill.

Comments:

As a practicing healthcare professional, resident of Hawaii, and US citizen, this bill is horrifying to me. Not only does this confirm my greatest fears that Hawaii's leadership is unwilling to relinquish their newfound control back to it's citizens, but shows the power-hungry, greed, and corruption of our politicians. So this means that restaurant employees, religious officials, governmental organizations. and various businesses can continue to invade my health and personal privacy. These restrictions have greatly impacted and caused decline in my quality of life. As I watch the rest of our amazing country and several other countries of the world begin to loosen and drop Covid restrictions, I am absolutely appalled that Hawaii continues down this road of deception and control. NO ONE should have to present a card to enjoy every day activities within their community.

My position is I oppose this bill. After having my family go through tragedy and injustice, I sought out the truth. The truth lies within the FLCCC group of elite intensivists who should have been the leading our country with their protocols for the United States. Their protocols work, not the ones killing patients in our hospitals. I have suffered issues from being vaccinated, and I WILL not do the same to my children! These mandates need to go away, America needs a voice, our rights need to be re-established. It starts here and now. We are asking for justice for our families, and for the future of our children.

These so-called vaccinations have been proven to be grossly ineffective, as the possibility of getting and giving covid still exists. Severe side effects and injuries are very real, and for most age groups the risk FAR outweighs any reward. It's time to catch up with the rest of the world and give people a choice. Drop the mandates, drop the health passes. Return to freedom. Then enforcement and prosecution becomes a NON-issue and we can put our attention on things that could ACTUALLY improve our health and well-being in Hawaii. Listen up, legislators, you work for US, and there's an election around the corner!

Aloha, I am writing today as I am **STRONGLY IN OPPOSITION** of HB1571. This proposal is not only unconstitutional under the color of law, but absolutely violates who we share our private medical information too. Allowing those with no authority to do the governments dirty work is absolutely wrong. Not only is the government asking other entities for their jab status, but to then proceed to ask for papers to prove it is a HIPPA violation. These illegal mandates and regulations are punishment enough and you need to cease and desist. Mandates are not law and should have never been here 2 years later. This bill is not for the people or what the people desire. The strain has NEVER been isolated in regards to SARS covid 19 according to documents requested by the Department of Heath. The harassment must stop. This bill is criminal along with the government in its entirety during the handing of a virus on our islands. I'm beyond disappointed that we are reverting back in time and believe asking for "papers" is appropriate. The government has over stepped its boundary again. These mandates are unlawful, the procedures are unlawful, and these act of "proof" are criminal and may be used against you in the court of law. I herby demand the public officials voting on this bill remember who they serve, remember your oaths. We will be holding you all accountable. Mahalo.

Comments:

If we want a legal piece of legislation, HB 1571 will be null and void.

It expands on rules and requirements on a voluntary vaccine Mandate.

Mere Mandates are not legislation. They are NOT A LAW. HB 1571 makes stipulations on a Mandate that is not law in the first place. It seems HB1571 is attempting to treat a mandate as if it were law.

This is illegal and jeopardizes the accuracy and integrity of our lawmakers and the correct legislative process. Anything based on error or deception, will be brought to light and eventually crumble. Anything based on truth and doing things right will stand because it sits on a firm foundation.
