I oppose HB 2560.

There is a law in place that requires residency of one year to vote in Hawai'i elections. This law is not enforced. There are federal laws that require states to maintain clean voter rolls, and states can choose to do the bare minimum that is required, or adopt their own practices. Hawai'i does the bare minimum. Instead of writing confusing laws about residency that won't be enforced, Hawai'i elections officials should do more than the bare minimum to maintain accurate voter rolls.

I oppose HB 2560.

Thank you,

Teri Savaiinaea

I oppose HB2560.

There is a law in place that requires residency of one year to vote in Hawai'i elections. This law is not enforced. There are federal laws that require states to maintain clean voter rolls, and states can choose to do the bare minimum that is required, or adopt their own practices. Hawai'i does the bare minimum. IN FACT, Hawaii brazenly defies the one year residency requirement to vote by giving a voter registration form to people who apply for food stamps. Fresh off the plane and they can register. How is that legal? Stop making new laws and enforce the existing one!

I oppose HB2560 because it is very confusing. How can anyone assume or confirm a voter's intention? The last election, I recieved 7 ballots mailed to my home, in which only two people reside! The other 5 have moved either out of the country, the state or to another district. We really need to clean up our voter rolls! As an added security measure, we need to stop automatically mailing out ballots. In person, same-day voting with government ID is the only way we can assure that our voters are indeed living here and are voting in the correct district. Of course exceptions can be made, but they should be EXCEPTIONAL circumstances. Let's restore Voting Day as a holiday in which we, as a community, can gather to exercise our civic duty.

Thank you

Fair elections are needed. A newcomer to the islands who is non Hawaii citizen is no way entitled to have a vote. Transparency is required. That same person could have voted in other states prior to coming here as other states vote at other times. Thus a duplicity of votes occur thus a non fair election occurs. I oppose this bill.

Chair Tarnas, Vice Chair Takayama, and Committee members, I oppose this bill because while i appreciate and support the need to establish a rebuttable presumption that a person established a new residence in a place if that person has been absent for a prolonged period of time, I believe this bill needs additional language to ensure that this action does not adversely impact the current voter list. In short, if this presumption is made establishing a new address for the voter, then each Counth Elections Clerk must ensure their voter roll remains correct and accurate under this bill to avoid possible duplications. Otherwise, data and information will not accurately reflect each County's current voter list causing potential for confusion and inaccuracies. Adding such language would improve and strengthen this bill.

For these reasons, I oppose this legislation as written.

Thank you for the opportunity to submit written testimony

Mark Au

Good Morning,

I am writing to OPPOSE bill HB2560.

What the People Hawai'i need is for those that are hired in the elections office to do their job of cleaning the voter rolls. There is NO excuse that this job can be done by the people in place in that office. We don't need a new, untested, hyped-up system (ERIC- Bill SB2240) to do the work that has been done for decades in Hawaii.

We also need more checks and balances (HB2612) not less. What has been in place hasn't had this much problem before. It's only since 2020 and 2022 that our elections have been under monstrous discrepancies and now a massive push to be changed.

In my opinion, this is Hawai'i's legislators using their seats to do politically motivated measures to DISENFRANCHISE Hawai'i's voters. All of these bill look blatantly one-sided and will facilitate that one side to always have a majority in our state's capitol.

Aloha Chair Tarnas,

I oppose HB2560 mainly because I cannot understand it.

Could the verbiage of this bill be simplified? How can someone be both absent from a residence and at the same time not living somewhere else?

If the County clerks used the NCOA data more frequently to inactivate voter registrations that would go a long way toward verifying residency status.

I believe our laws should be easy to understand and make sense.

Thank you for the opportunity to testify.

Respectfully submitted,

Corinne Solomon HD20

This legislation is unclear. If the intent is to update the voter's residence to the new address, please also include language that will remove voter's registration from the address of absence.

There is also no clear definition of a "prolonged period." Enforcement would be arbitrary and ineffective to cleaning up voter rolls.
