

## Commission to Improve Standards of Conduct

Dear Chairman Tarnas and Members of the Judiciary and Hawaiian Affairs Committee,

Thank you for the opportunity to comment on bills recommended to the House of Representatives (House) by the Commission to Improve Standards of Conduct (Commission). The origin and justification of these bills is extensively discussed in the Commission's December 1, 2022 Final Report (Report) submitted to the House pursuant to HR 9.

The bills recommended by the Commission are a package that would increase transparency and accountability in state and county government and help restore public trust in government which has been severely eroded in the past few years by highly publicized instances of corruption and misconduct in state and county government.

With that in mind, I would like to comment on all the Commission bills in this testimony and submit it for each bill for your consideration.

First, I would like to commend the House for creating the Commission. It has been an honor to carry out the mandate of the House and serve with the distinguished and learned members the House appointed to the Commission. The members of the Commission worked very hard over a period of nine months, reaching out to public officials, community leaders, experts in various fields within the Commission's mandate and held extensive public hearings in drafting the bills recommended to the House. These public hearings are summarized in the Report at 13-18 and Appendix B of the Report which contains the Commission's minutes of these public meetings. The notice of the Commission's meetings with a link to a video recording of each meeting and testimony submitted and documents considered at each meeting can be found at the House webpage's a link to the Commission under House Special Committees.

The following is the list of bills recommended by the Commission with brief summaries and citations to the relevant parts of the Commission's Report where they are discussed.

HB 705 – Requires each house of the Legislature to post a report of the legislative allowance expenditures for each member of the respective house on the Legislature's website. The purpose of this bill is to "increase transparency and ease of access to information related to expenditure of taxpayer monies." Report at 28.

HB 706 – Requires all members of the Legislature to disclose certain relationships with lobbyists or lobbying organizations in their financial disclosures. The purpose of this bill is to "increase transparency and potentially uncover conflicts or self-dealing." Report at 28.

HB 707 – Makes it a class C felony to make false, fictitious or fraudulent claims against the state or a county, or any of their department or agencies, disqualifying a person from holding elective public office for a period of 10 years upon conviction of making a false, fictitious or fraudulent claim. This bill is modeled after the federal false claims statute. Report at 21. This bill comes

with two others – HB 710 (false statement) and HB 711 (fraud) which are also modeled after federal statutes. Federal, state and county law enforcement officials testified before the Commission that state and county law enforcement need statutes as their federal counterpart have to root out corruption in state and county government rather than always relying on federal enforcement to do this job.

HB 708 – Amends the information in the statement of expenditures reports that lobbyists and other individuals are required to file with the State Ethics Commission to include the identity, by bill number, resolution number or other similar identifier, of the legislative or administrative action that was commented on, supported by or opposed by the person filing the statement. Report at 28. As with other bills in the Commission’s package, this bill would increase transparency and expose any potential conflict of interest.

HB 709 – Requires a lobbyist training course to be designed and administered by the State Ethics Commission, makes the training course mandatory for all lobbyists who are required to register and renew their registration with the State Ethics Commission. The Commission found “that more education and training can be done to ensure that lobbyists have notice of the law, understand the application of the law, and comply with legal requirements.” Report at 29.

HB 710 – Is modeled after the federal false statement statute by establishing a class C felony offense for a person who dealing with state or county government to knowingly or willfully falsifies, conceals or covers up a material fact; makes materially false, fictitious or fraudulent statement or representation; or makes or uses any false writing or document known to have materially false information; and disqualifies a person from holding public office for a period of 10 years upon conviction of making a false statement. Report at 20. As with HB 707 on false claims, federal, state and county law enforcement testified before the Commission this bill is necessary for state and county law enforcement to root out corruption and misconduct in state and county government rather than always relying on federal law enforcement to do this job.

HB 711 – Is the last of three bills recommended by the state and county law enforcement coalition and is modeled after the federal fraud criminal statute in making it a class B felony for a person to obtain financial benefit or other gain by means of false statements, misrepresentations, concealment of important information or deception, and prohibiting a person convicted of fraud from being a candidate for public office for a period of 10 years. Report at 20.

HB 712 – Would encourage public boards to maintain any electronic audio or visual recording of a board meeting as a public record on the board’s website regardless of whether written minutes of the meeting have been posted and to submit a copy of the recording to the State Archives. Report at 27. A similar bill in the last regular session of the Legislature was supported by the Commission, passed by the Legislature but vetoed by the Governor (SB 3172, SD 1, HD 2, CD 1). Report at 10. The Commission has attempted to address the concerns raised by the Governor in this bill.

HB 715 – Prohibits lobbyists from making prohibited gifts to legislators and state employees with administrative fines imposed for violations. Report at 33.

HB 716 – Requires the Office of Elections to prepare a voter information guide to educate voters on each candidate’s positions and their candidate statements and provide ballot question analyses and appropriates funds for the preparation and distribution of guides and analyses. The Commission found “Hawaii’s voter turnout is well below the national average for each election” and “registered voters may not have access to or be aware of information on the candidates or issues on the ballots.” Report at 34.

HB 717 – Prohibits under certain circumstances legislators and state employees from hiring or promoting relatives or household members and from making or participating in certain other employment-related decisions and from awarding a contract to or otherwise taking official action on a contract with a business if the legislator’s or employee’s relative or household member is an executive officer of or holds a substantial ownership interest in the business, and imposing administrative fines for violations. Report at 29.

HB 718 – Authorizes the Campaign Spending Commission to serve preliminary determinations of probable cause via first class mail instead of certified mail, establishes a presumption of receipt when mailed to the address contained in a candidate or committee organizational report. Report at 21.

HB 719 – Imposes a cap on charges for the reproduction of certain government records; waives the cost of duplication of government records provided to requestors in electronic format; imposes a cap on charges for searching for, reviewing and segregating records; provides a waiver of fees when the public interest is served by record disclosure; and appropriates funds to carry out the provisions of this act. Report at 27. A similar bill was supported by the Commission and passed by the Legislature last regular session (SB 3252, SD2, HD2, CD1) and vetoed by the Governor. Report at 10. The Commission has attempted in this bill to address concerns raised by the Governor.

HB 720 – Increases the amount of partial public financing available for all offices up for election in varied amounts with a downward adjustment of the minimum amounts of qualifying contributions for county prosecuting offices. The Commission noted “that increased amounts of partial public funding of elections proposed in this bill are intended as a floor, or a minimum level. If fiscal resources are or become available, the Commission encourages the Legislature to be bold and devote additional fiscal resources to further the purpose of this bill and to seek additional permanent funding sources for future elections. Implementation of this proposal would assist in diminishing the impact and influence resulting from Citizens United.” Report at 32.

HB 721 – Eliminates the use of campaign funds to purchase up to two tickets for an event or fundraiser held by another candidate or committee. The Commission found “that this practice is commonplace amongst legislators and gives the appearances of impropriety since the

campaign funds of the purchaser/candidate are likely contributions made to the purchaser/candidate and not to the candidate holding the event or fundraiser.” Report at 33-34.

HB 722 – Expands the reach of the requirement to file a notice of intent to hold a fundraiser or fundraiser event by removing the current \$25 threshold. The Commission stated this bill would further public transparency and improve public confidence in campaigns. Report at 33.

HB 723 – Expands application of the Sunshine Law to legislatively appointed bodies, including task forces, working groups, special committees, and select committees. This bill would also require each chamber of the legislature to hold public hearings on its rules on a biennial basis. The Commission concluded given “the strict legislative timetable and deadlines mandated under Article III of the Hawaii State Constitution” it was not practical to apply the Sunshine Law to the Legislature. This bill would “better effectuate the spirit and intent of the Sunshine Law.” Report at 26.

HB 724 – Amends the prohibition against contributions to a candidate committee or noncandidate committee by state and county contractors by including state and county grantees and owners, officers and immediate family members of a state or county contractor or state or county grantee. Report at 33.

HB 725 – Establishes the Office of Public Advocate and codifies rights of the public with respect to the conduct and operation of the Legislature and its members. This bill would also specify procedures for the investigation and reporting of alleged violations of the public’s rights. “The Commission offers this proposal as an aspirational starting point for how the public and legislators can best engage with each other in a respectful and transparent manner during the legislative process. Collectively, the 13 rights of the public embody ideals of respect, fairness, openness, and dignity in the legislative process. The rights also require that official legislative business be conducted in a transparent and honest manner and that decisions be based on the merits of the legislation.” Report at 26-27.

HB 726 – Prohibits state and county elected officials from soliciting and accepting campaign contributions during any regular or special session of the Legislature, including any legislative recess days, holidays and weekends. This bill if enacted “would reduce the negative perception of legislators soliciting or accepting contributions from individual or organizations that have an interest in matters pending before the legislature during session.” Report at 32.

HB 727 – Limits the permitted uses of campaign funds to only those purposes that are directly related to the campaign of candidates. Report at 33.

HB 728 – Provides funds to county ethic boards “in an effort to ensure that these boards have adequate resources to continue their operations and pursue their respective missions.” Report at 30.

HB 729 – Requires the Campaign Spending Commission to publish on its website the names of candidate committees and noncandidate committees who fail to properly file an organizational report. The Commission found that this bill “would improve compliance and also bring awareness of noncompliance to the public.” Report at 28.

HB 730 – Limits the amount of cash contributions a candidate, candidate committee or noncandidate committee can accept in the aggregate in each election period to \$100 with a receipt required for each contribution. Report at 33.

HB 731 – Provides that a person waives the right to a contested case hearing if that person fails to request a contested case hearing within 20 days of the Commission’s preliminary determination. It would also allow the Campaign Spending Commission to file its final order with the Circuit Court of the First District for confirmation as a civil judgment, enforceable and collectible as any other judgment issued in circuit court. Report at 21.

HB 732 – Authorizes the Campaign Spending Commission to presume that a violation of a campaign spending law has occurred if a respondent fails to explain or otherwise respond to a complaint alleging a campaign spending violation. Report at 21.

HB 733 – Increases the amount of fine for campaign spending law violations that may be assessed against a noncandidate committee making only independent expenditures and that has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period. It authorizes the Campaign spending Commission to order that the payment of a fine assessed against a noncandidate committee, or any portion thereof, be paid from the personal funds of an officer of the noncandidate committee. Report at 34.

HB 796 – Proposes a constitutional amendment to prohibit a person from serving as a member of the Legislature for more than 16 years during that person’s lifetime. “The Commission discussed this proposal at great length and considered the testimony received and personal viewpoints of each commissioner. The Commission looked at similar provisions for guidance and debated the well-balanced pros and cons of this proposal, which was reflected in the slim 4-3 margin by which the Commission adopted the motion to adopt this proposal.” Report at 35. Despite a turnover in the House of Representative of over 50% and the Senate of more than 33% in the last decade, “people feel a proposal like this is necessary and that a limit on the duration of holding state elected office may reduce the potential for corruption and allow for the periodic infusion of fresh ideas and services to constituents.” Id.

A handwritten signature in black ink that reads "Daniel R. Foley". The signature is written in a cursive, flowing style with a large, stylized 'F' at the end.

Respectfully submitted, Judge Daniel Foley (ret.)

HOUSE COMMITTEE ON JUDICIARY AND HAWAIIAN AFFAIRS

**DATE:** Wednesday, February 22, 2023      **TIME:** 2:00 p.m.

**LOCATION:** State Capitol, Room 325

**TESTIFIER(S):** Anne E. Lopez, Attorney General, or  
David Van Acker, Deputy Attorney General

---

Chair Tarnas and Members of the Committee:

The Department of the Attorney General (Department) supports this bill and provides the following comments.

This bill establishes the felony offense of using or making false statements or entries within the three branches of the State, which mirrors federal criminal statutes. It also disqualifies a person from holding elected public office for a period of ten years from the date of conviction for making false statements or entries. This bill provides state and local law enforcement with much needed tools to combat corruption, fraud, and waste. As the Commission to Improve Standards of Conduct's Final Report recognized, ". . . the State's Penal Code and enforcement agencies do not have sufficient authority to adequately investigate, charge, and sentence instances of corruption and fraud." *The Commission to Improve Standards of Conduct's Final Report* (Dec. 1, 2022), at page 19.

The new proposed section to be added to chapter 710, Hawaii Revised Statutes (HRS), is based on title 18 United States Code section 1001 and criminalizes conduct that is currently punishable at the federal level but not at the state or local level. It would prohibit deceptive practices aimed at frustrating or impeding the legitimate functions of government's executive, legislative, and judiciary branches. The Department notes that under section 702-210, HRS, the requirement that an offense be committed wilfully is satisfied if a person acts knowingly. Therefore, we recommend

replacing "person knowingly and wilfully" on page 3, line 9, to "person intentionally or knowingly".

This bill will provide a mechanism to provide law enforcement with a tool to adequately deter and commensurately punish public corruption.

Thank you for the opportunity to testify.

Campaign Spending Commission

SUBJECT: **Testimony on H.B. No. 710, Relating to Government.**

Wednesday, February 22, 2023  
2:00 p.m., Conference Room 325 & Videoconference

Thank you for the opportunity to testify on this bill. The Campaign Spending Commission ("Commission") supports this bill.

This bill adds a new section to Chapter 710, Hawaii Revised Statutes, to establish the criminal offense of using or making false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branch of the state or counties as a class C felony. The bill also disqualifies a person convicted under this section from holding elective public office for a period of ten years. This new offense is modeled after federal law. The Commission supports the enhancement of criminal penalties for offenses involving public corruption. If enforced, the Commission believes that criminal penalties are the most effective remedies to deter public corruption.

The Commission requests that this Committee pass this bill.

**STATE OF HAWAI‘I**  
**OFFICE OF THE PUBLIC DEFENDER**

**Testimony of the Office of the Public Defender,  
State of Hawai‘i to the House Committee on  
Judiciary and Hawaiian Affairs**

February 22, 2023

H.B. No. 710: RELATING TO GOVERNMENT

Chair David A. Tarnas, Vice Chair Gregg Takayama, and Members of the Committee:

The Office of the Public Defender (“OPD”) supports the goals of the Commission to Improve Standards to restore public trust in state government and to increase the level of transparency in its operations and accountability of individuals. The OPD also recognizes that to improve the standard of conduct within government, and to more effectively combat fraud, waste, and corruption, it is necessary to establish criminal offenses and penalties. However, the OPD has serious concerns regarding the ineligibility of a deferred plea for those so convicted under this statute. Therefore, we must oppose H.B. No. 710.

This measure denies a deferred acceptance of guilty or no-contest plea to anyone charged with using or making a false statement or entry in matters within the jurisdiction of the executive, legislative, or judicial branches or making a false, fictitious, or fraudulent claim against the State of Hawai‘i or the county government.

Circuit Court judges are subjected to a rigorous vetting process. A process that involves a roughly 40+ page judicial application, an investigation by the Hawai‘i State Bar Association, an investigation by the Judicial Selection Commission, nomination by the Governor, questioning by the Senate Judiciary Committee, and confirmation by the full Senate. Judges are selected for their integrity, diligence, legal knowledge and ability to fulfill the responsibilities and duties of the position. Judges should retain the power and authority to treat and consider each case on an individual basis. Judges should have the discretion to weigh mitigating factors as well as aggravating factors and to sentence criminal defendants accordingly. Judges receive a pre-sentencing report that describes a person’s history, character, remorse, rehabilitative efforts, family support or lack thereof, which is carefully considered in determining the proper disposition of a case.

Thus, Circuit Court judges should be allowed to use their discretion to grant deferrals in the types of cases envisioned by H.B. No. 710.

Judges cannot exercise this discretion without meeting the requirements of HRS § 853-1, which provides, in pertinent part:

(1) When a defendant voluntarily pleads guilty or nolo contendere, prior to commencement of trial, to a felony, misdemeanor, or petty misdemeanor; (2) It appears to the Court that the defendant is not likely to engage in a criminal course of conduct; and

\* \* \* \*

(3) The ends of justice and the welfare of society do not require that the defendant shall presently suffer the penalty imposed by law, the court, without accepting the plea of nolo contendere or entering a judgment of guilt and with the consent of the defendant and after considering the recommendations, if any, of the prosecutor, may defer further proceedings.

If the present measure passes, defendants charged with these offenses would be prohibited from requesting a deferral of their charges. As stated in HRS Chapter 853, the trial court, after considering the merits of the case, and hearing from the prosecutor, may or may not grant a defendant's motion to defer the proceedings. In order for the trial court to defer the proceedings, ***it must find that the defendant is not likely to re-offend or engage in a (further) course of criminal conduct, and that the ends of justice and welfare of society do not require the defendant receive a criminal conviction.***

Because of this high standard, ***the vast majority of requests by defendants to defer their criminal proceedings are not granted by the trial courts.*** Defendants must still be deemed worthy of a deferral. Criminal history, seriousness of the offense, history of substance abuse, lack of employment, and previous criminal behavior (even if uncharged) are common reasons cited to by prosecutors and judges for a denial of a defendant's motion to defer the acceptance of his or her guilty or no contest plea.

Why is it important that some defendants receive deferrals of their criminal proceedings? A criminal conviction follows an individual for the rest of his/her life. It will impact his/her ability to seek and maintain employment and to receive government benefits. A defendant who is young, immature, naïve or may have fallen under the influence of a superior, but is remorseful and is not likely to re-offend should be allowed, in limited circumstances, to be given the opportunity for a second

chance -- a chance to avoid a criminal conviction. It should also be noted, that a deferral can only be granted prior to a trial in any matter. Thus, the opportunity to seek a deferral enhances the chance that the case will be resolved prior to a trial, which is a substantial savings to the judicial system as a whole.

Moreover, not all conduct, which would constitute the basis for a false statement or claim are the same. For example, a State government employee with no previous criminal record who has taken unauthorized sick leave, should not be treated in the same manner as someone who was the mastermind of a fraudulent scheme, attempted to cover it up, or enlisted others to aid in their wrong doing.

Finally, it is simply unfair that a defendant who committed this newly created offense (by taking unauthorized sick leave) is not eligible for a deferral while criminal defendants who are charged with more serious Class B felony offenses under our current penal code are eligible for a deferral. For example, defendants charged with the offenses of Robbery in the Second Degree (Class B felony), Theft in the First Degree (Class B felony, in which defendant is alleged to have stolen property valued over \$20,000), and Burglary in the First Degree (class B felony, in which a defendant is alleged to enter into a person's home unlawfully) are eligible.

Thank you for the opportunity to testify on this measure.

**RE: H.B. 710; RELATING TO GOVERNMENT.**

Chair Tarnas, Vice Chair Takayama, and members of the House Committee on Judiciary and Hawaiian Affairs, the Department of the Prosecuting Attorney of the City and County of Honolulu ("Department") submits the following testimony in **strong support** of H.B. 710, with a **suggested amendment**.

The purpose of H.B. 710 is to establish a new criminal offense under state law, which would mirror a similar statute currently used under federal law, to prohibit false statements or entries in nearly all matters within the jurisdiction of the executive, legislative, and judicial branches of our State and local government. Language that applies to judicial proceedings and matters before the Legislature would be somewhat more tailored, as those areas often involve parties or testifiers who may argue the same issue from differing perspectives. As previously explained in our testimony regarding H.B. 126, on January 31, 2023, the Department respectfully asks that H.B. 710 be **amended** to include language from the original version of H.B. 126, p. 2, Ins. 1-20.<sup>1</sup> This would

---

<sup>1</sup> Recommended excerpt from H.B. 126, to be added into H.B. 710, reads:

SECTION 2. Section 710-1072.5, Hawaii Revised Statutes, is amended to read as follows:

"**§710-1072.5 Obstruction of justice.** (1) A person commits the offense of obstruction of justice if the person intentionally [~~engages in the following conduct~~]:

- (a) When called as a witness and having been granted immunity pursuant to chapters 480 and 621C, before or after having been qualified as a witness, [~~shall refuse~~] refuses to testify or be qualified as a witness when duly directed to testify or be qualified as a witness[-]; or
- (b) Influences; obstructs; impedes; or endeavors to influence, obstruct, or impede, the due administration of justice by means of force, threat of force, coercion, fraud, or deception.

(2) Obstruction of justice is a class [C] B felony. A person convicted of violating this section, notwithstanding any law to the contrary, shall not be eligible for a deferred acceptance of guilty plea or nolo contendere plea under chapter 853."

amend the offense of obstruction of justice (HRS §710-1072.5), to add language modeled after the “omnibus clause” of federal statute 18 U.S.C. §150(a),<sup>2</sup> and would be consistent with the purpose and intent of H.B. 710.

Given the years of scandal that have shaken the public’s trust in Hawaii’s state and local government, the Department believes that our state laws should be amended to reflect the egregious nature of certain offenses—such as false statements and entries—that would further betray the public’s trust and/or manipulate the system to one’s own benefit. Every day, thousands of dedicated government workers serve the public diligently and honorably, and their hard work and good reputation should not be marred by those who would selfishly seek their own ends.

While federal prosecutors have largely taken the lead in prosecuting recent incidents of government officials being bribed, this is largely due to the greater effectiveness and severity of federal laws on the matter. To better equip county prosecutors with the tools to prosecute this type of public corruption, the State also needs more effective laws with serious consequences. We believe H.B. 710—and the suggested amendment—would help to do so in a reasonable manner.

For all of the foregoing reasons, the Department of the Prosecuting Attorney of the City and County of Honolulu **strongly supports** the passage of H.B. 710, with the **suggested amendment**. Thank you for the opportunity to testify on this matter.

---

<sup>2</sup> 18 U.S.C. §1503 states (emphasis added):

§1503. Influencing or injuring officer or juror generally. (a) **Whoever** corruptly, or by threats or force, or by any threatening letter or communication, endeavors to influence, intimidate, or impede any grand or petit juror, or officer in or of any court of the United States, or officer who may be serving at any examination or other proceeding before any United States magistrate judge or other committing magistrate, in the discharge of his duty, or injures any such grand or petit juror in his person or property on account of any verdict or indictment assented to by him, or on account of his being or having been such juror, or injures any such officer, magistrate judge, or other committing magistrate in his person or property on account of the performance of his official duties, or **corruptly or by threats or force, or by any threatening letter or communication, influences, obstructs, or impedes, or endeavors to influence, obstruct, or impede, the due administration of justice**, shall be punished as provided in subsection (b). If the offense under this section occurs in connection with a trial of a criminal case, and the act in violation of this section involves the threat of physical force or physical force, the maximum term of imprisonment which may be imposed for the offense shall be the higher of that otherwise provided by law or the maximum term that could have been imposed for any offense charged in such case.

(b) The punishment for an offense under this section is—

- (1) in the case of a killing, the punishment provided in sections 1111 and 1112;
- (2) in the case of an attempted killing, or a case in which the offense was committed against a petit juror and in which a class A or B felony was charged, imprisonment for not more than 20 years, a fine under this title, or both; and
- (3) in any other case, imprisonment for not more than 10 years, a fine under this title, or both.

Dear Chair Tarnas and Members:

SUBJECT: House Bill No. 710, Relating to Government

I am Parker Bode, Captain of the Criminal Investigation Division of the Honolulu Police Department (HPD), City and County of Honolulu.

The HPD supports House Bill No. 710, Relating to Government.

Making false statements or entries within local government can weaken democracy. The issuance of false statements or entries undoubtedly impacts government resources and conditions. This measure will strengthen the HPD's ability to combat trickery and deception against local government.

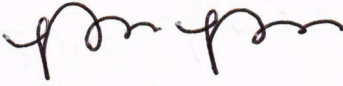

The HPD urges you to support House Bill No. 710, Relating to Government.

Thank you for the opportunity to testify.

APPROVED:

Sincerely,

  
Arthur J. Logan  
Chief of Police

  
Parker Bode, Captain  
Criminal Investigation Division

## **Democratic Party of Hawai'i Supports H.B. No. 710**

The Democratic Party of Hawai'i supports H.B. No. 710, to amend Chapter 710, Hawaii Revised Statutes, to establish a criminal prohibition against the making of fraudulent statements within the executive, legislative, or judicial branch of the State.

We believe in principle with measures that are designed to improve standards of conduct relating to combatting fraud, waste, and public corruption.

We broadly support measures that are designed to improve our government by making the instruments of government more transparent and accountable. We support measures that are designed to promote public confidence in the core of our democracy.

Mahalo.

Dennis W. Jung  
State Party Chair  
Democratic Party of Hawai'i

Comments:

Committee Chair and Members,

Please accept this testimony in strong support of HB710

HB710 - Establishes the class C felony offense of using or making false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branch of the State, or any county. Disqualifies a person from holding elective public office for a period of ten years upon conviction of making a false statement or entry.

HB710 is part of a package of bills being proposed by the Commission to Improve Standards of Conduct (CISC) which was established by a unanimous vote in the State House of Representatives.

Please offer your strong support for all of the CISC recommendations on your agenda today as well.

Sincerely,

Gary Hooser

Executive Director - Pono Hawaii Initiative

Comments:

Aloha Chair Tarnas, Vice Chair Takayama, and Committee Members:

I am writing to note that the proposed exclusion from campaigning for office or holding office should be extended to twenty years, as provided by [HB 799](#) and [SB 1220](#), for the proposed offense and other offenses against public administration.

As a general matter, this state should refrain from creating new felonies until there have been substantial reforms to this state's sentencing laws and prevailing probation and parole practices.

The persistent mismanagement of this state's unified jail and prison system -- including [preventable deaths](#) resulting in [large settlements](#) -- counsel a devolution of jail management (and financing) to county governments that could better determine the appropriate size, scope, and administration of local carceral facilities.

Mahalo for the opportunity to provide testimony.

## Testimony in Support of HB710

**Submitted for:** Judiciary & Hawaiian Affairs Committee Hearing, scheduled to be heard on Wednesday, 2/22/23 at 2:00 PM.

Aloha Chair Tarnas, Vice Chair Takayama, and Members of the Committee,

**My name is Greg Misakian and I strongly support HB710.**

**They say a picture is worth a thousand words, further below is the picture, and with just a few words I submit my testimony.**

There are those who often oppose consumer protection Bills meant to help condominium owners and residents of Hawaii. The same group who often oppose these measures profit more when they are not enacted, are deferred, are improperly referred to the wrong committees, or are improperly triple referred. The game is clear and the rules are not, but the picture is 100% clear, unless you choose not to look. Hawaii needs better laws to ensure that Legislators, Attorneys, and all members of the public behave ethically and properly, and in the best interest of all.

### **Campaign Contributions of Yuriko Sugimura (aka Jane Sugimura), as seen at the State of Hawaii Campaign Spending Commission website:**

Comments:

With the exception of the term limits bill, I endorse the recommendations of the "Foley Commission." I urge you to pass this measure as a way to ensure the public's trust in government.
