Comments:

Support HRC155 With **Amendments** to include: This HRC155 is Incomplete and Unachievable. I highly suggest for the Mayor of Honolulu City and County need to **1st** Adopt and Implement Laws of "Accountability to All Care-Giving and not limited to", To All receiving Financial Revenue Income in Care Of, Threatment Of Homeless individuals with Mental and Substance Abuse Medical Condition. Not limited to All Medical Facilities, Psychiatrist, Psychotic Psychologist, Mental Health and Substance Abuse Clinic's, Facilities for Care Giving, Government Case Worker's, DOH Approved Private Care-Giving Home's etc.

For All Stage's of Care Giving and Medical Threatment is Imperative to have **Navigation Goals for Safety, Healthful Welfare. Not limited to 24/7 medical observation, sheltering, rehabilitation programs etc. For this mission, they are All receiving financial revenue.**

It's premature for Honolulu Police Dept. involvement. When Initial Accountable Awareness Involvement is Care Giving Outreach, and Medical Threatment.

HPD should be Trained and Capable to Issue Citations to those violator's, and followed by Judiciary Review and Prosecution.

POSITION: The Governor's Coordinator on Homelessness appreciates the intent of these resolutions and respectfully offers comments.

PURPOSE: The purpose of these resolutions are to urge the City and County of Honolulu and Honolulu Police Department (HPD) to address the ongoing houselessness crisis and develop solutions for providing care and services for these individuals while ensuring community safety.

The Coordinator partners closely with both the City and County of Honolulu and HPD to address the issue of homelessness throughout the island of Oahu. Specifically, as part of the Ohana Zones pilot program, the Coordinator contracts with the City to administer the [Homeless Outreach and Navigation for Unsheltered \(HONU\) program](#). In addition, the Coordinator contracts with the City to operate a permanent supportive housing program, which includes site-based facilities for [seniors](#) and [survivors of domestic violence](#).

In addition, the Coordinator actively partners with HPD and other City agencies to share information about training and other resources for homeless service providers. For example, HPD and the National Alliance on Mental Illness, Hawaii Chapter participated in a [November](#)

[2021 webinar](#) hosted by the Coordinator's office to share information on HPD's Crisis Intervention Team (CIT) initiative. In addition, the City administration shared information about its Crisis Outreach Response and Engagement (CORE) program during the Coordinator's monthly webinars in [September 2021](#), and more recently in [February 2022](#). The Coordinator and staff also actively partner with HPD Community Policing Teams to conduct presentations for communities, such as in [Downtown-Nuuanu](#) and [Waikiki](#), relating to homelessness services and strategies.

The Coordinator will continue to partner closely with HPD and other departments within the City and County of Honolulu to address the complex challenge of homelessness.
