Comments:

A resounding 'Yes,' on this bill. We desparately need the feral chicken issue addressed. The problem continues to get worse and worse as the chickens rapidly breed.

They cause a serious quality of life issue. Not only are they loud but they are unsanitary as they are leave their droppings along the walkways, parking lots, areas where keiki play and even on vehicles. The noise, droppings and stench from the droppings is unbearable. They also damage vehicles and property by scratching and defecating.
