Thank you for the opportunity to submit testimony in **SUPPORT** of this measure.

This resolution is very important because it allows the Legislature to continue to express its will to end the ongoing conflict with the federal regulation of marijuana.

Please consider the following non-substantive changes for clarity:

WHEREAS, states have reserved the authority to decide how cannabis is regulated within the state, and the ~~ongoing~~ annual federal appropriations ~~rider~~ provision, previously known as the Rohrabacher-Farr Amendment, prevents the Department of Justice and the Drug Enforcement Administration from using resources to interfere with state medical cannabis programs; now, therefore,

Aloha.
