SUPPLEMENTAL BUDGET REQUESTS FOR FISCAL YEAR 2023

JANUARY 5, 2022

TESTIMONY OF THE DEPARTMENT OF BUDGET AND FINANCE

A. OVERVIEW

MISSION STATEMENT

The mission of the Department of Budget and Finance (Department) is to enhance long-term productivity and efficiency in government operations by providing quality budget and financial services that prudently allocate and effectively manage available resources. The strategic objectives of the Department in meeting its mission are based on the following:

- Working collaboratively with stakeholders to produce a thoughtful, well developed, and balanced budget that meets Hawai'i's needs while maintaining sufficient reserves.
- Plan, direct and coordinate the State's investments and financing programs.
- Maintain sufficient controls over the use of federal funds.
- Reduce bond issuance costs and effectively manage debt service payments.
- Direct and coordinate a Statewide retirement benefits program for state and county government employees.
- Administer health and life insurance benefits for eligible state and county active and retired public employees and dependents.
- Provide effective legal services while managing caseloads effectively.

The Department's performance measures may be found in the performance measures and program revenues tables of the Executive Supplemental Budget document for Fiscal Biennium 2021-23 and the Variance Report document.

B. CURRENT STATEWIDE CONDITIONS AND IMPACTS ON DEPARTMENTAL OPERATIONS

The pandemic continues to create uncertainty and the potential for rapid change to the State's economy and resource requirements. The Council on Revenues has increased its FY 22 general fund tax revenue projections from 3% to 6.3% at its September 7, 2021 meeting. However, there are significant risks that could inhibit the State's economic recovery that must continue to be monitored. The Department continues to respond to challenges presented by the pandemic.

The budget requests are necessary for the Department to manage the State's major fixed costs requirements which includes: debt service, retirement benefits; including Pension Accumulation and Social Security/Medicare payments for State employees, and payments for employer's share of health fund premiums. The Department also requests funding for the Annual Required Contribution (ARC) for Other Post-Employment Benefits (OPEB) Pre-funding in FY 2023, and departmental budget priorities.

C. FEDERAL FUNDS

The Department does not have any identified programs that may lose federal funds.

D. NON-GENERAL FUNDS

The reports to the Legislature on non-general funds pursuant to HRS 37-47 can be found on the B&F website as follows: <https://budget.hawaii.gov/budget/reports-to-the-legislature/departments-of-budget-finance/>

E. BUDGET REQUESTS DEVELOPMENT AND PRIORITIZATION

The FY 2023 Supplemental Budget submittal for the Department focused on meeting fixed cost requirements and key priority needs of the programs, attached agencies, and statewide projects which are highlighted as follows:

- A) Adjustments are requested to the funding levels for the non-discretionary fixed cost requirements for FY 2023. These include: debt service; retirement benefits; which includes Pension Accumulation and Social Security/Medicare (SS/Med) payments for State employees, payments for the State employer's share of health premiums, and payments for the State employer's Annual Required Contribution (ARC).
- B) Adjustments for Salary increases recommended by the 2019 Commission on Salaries for salary increases statewide that were previously deferred due to the State's economic condition.
- C) Adjustments to the Vacation Payout Statewide to reduce American Rescue Plan Funds (MOF V) and increase general funds to allow State Departments and agencies to be reimbursed for general fund vacation payouts. In addition, adjustments for statewide vacation payouts for exiting Cabinet Members and Private Secretaries and Staff of the Governor's and the Lieutenant Governor's Office are requested in FY 2023.
- D) Request for \$33,333,334 in American Rescue Plan Funds for state match to federal broadband grants provided by the Infrastructure Investment and Jobs Act (IIJA) which provides a minimum of \$100,000,000 for broadband grants requiring State matching funds for 25% of the total project costs.

- E) Capital Improvement Project request to add \$109,562,000 in American Rescue Plan Funds for broadband projects and \$5,766,000 in American Rescue Plan Funds for administrative costs of broadband projects. The lump sum CIP appropriations will allow the State to facilitate the distribution of the funding it receives after the State's Grant Plan is approved by the U.S. Department of the Treasury.
- F) Priority budget requests for FY 2023 that are deemed necessary to meet key targeted departmental program support and improvements include the following:
- a. Administrative and Research Office (BUF 101) requests 2.00 FTE and funds for positions that were abolished in Act 88, SLH 2021 including 1.00 FTE Secretary II position and 1.00 FTE IT Band B position.
 - b. Budget, Program Planning and Management Division (BUF 101) requests 3.00 FTE Program Budget Analyst V positions and 1.00 FTE Program & Budget Analysis Manager II position and funds to re-establish a Capital Improvement Project (CIP) Program Branch. The CIP Program Branch would coordinate statewide bond compliance and training; and processing of CIP project requests.
 - c. Budget, Program Planning and Management Division (BUF 101) requests 2.00 FTE Program Budget Analyst V positions and funds. This request will provide support for critical positions in the Technical and Collective Bargaining Staff.

- d. Financial Administration Division (BUF 115) requests funding for personal services shortages and funds for consultant services to ensure the integration and migration of the State Treasury's functions to the State's new Financial Management System led by ETS and DAGS.
- e. Employees' Retirement System (BUF 141) requests 1.00 FTE Investment Accountant Position and funds for investment systems software to manage ERS' \$21+ billion sophisticated and dynamic investment portfolio.

F. SIGNIFICANT ADJUSTMENTS CONTAINED IN THE BUDGET REQUEST

Priority budget requests deemed necessary to meet targeted departmental program needs include a request for general funds of \$335,068,000 for Other Post-Employment Benefits (OPEB) Pre-funding in FY 2023. The requirement for OPEB Pre-funding has been suspended in FB 2021-2023 pursuant to Act 229, SLH 2021, to help temporarily reduce fixed cost obligations in response to the revenue impacts of the COVID-19 pandemic. The State's general fund revenue collections however, have significantly improved since then and the suspension does not preclude the State from making voluntary OPEB Pre-Funding contributions.

The Department's FY 2023 operating budget request (all MOF) represents a net increase of \$360.6 million in FY 2023 compared against the FY 2023 appropriation in Act 88, SLH 2021. This change is primarily due to increases in our projected fixed cost requirements for: retirement benefits and health premium payments.

In FY 2023, General funds are increased by \$336,207,742; Special funds are increased by \$568,452; Federal Stimulus Funds are increased by \$23,633,334 and Other funds are increased by \$238,292, as compared to the Department's FY 2023 appropriation funding levels in Act 88, SLH 2021.

Requested funding levels for FY 2023 (all means of financing) are reflected in the following table:

and court-appointed counsel), and 2% (\$72.8 million) is for expenses associated with direct departmental operations.

This concludes the department-wide budget overview. Specific additional information pursuant to the 2022 Budget Briefing Testimony Instructions are provided in attached (Tables 1 through 19).
