RELATING TO ADVANCING CIVIC ENGAGEMENT

The Department of Budget and Finance (B&F) offers comments on this bill.

Senate Bill No. 2885 makes an unspecified general fund appropriation in FY 23 to the Legislative Reference Bureau to support one full-time position at the State Capitol's Public Access Room to provide educational outreach and engagement for Hawai'i public schools.

B&F notes that, with respect to the general fund appropriation in this bill, the federal Coronavirus Response and Relief Supplemental Appropriations Act requires that states receiving Elementary and Secondary School Emergency Relief (ESSER) II funds and Governor's Emergency Education Relief II funds must maintain state support for:

- Elementary and secondary education in FY 22 at least at the proportional level of the state's support for elementary and secondary education relative to the state's overall spending, averaged over FYs 17, 18 and 19; and
- Higher education in FY 22 at least at the proportional level of the state's support for higher education relative to the state's overall spending, averaged over FYs 17, 18 and 19.

Further, the federal American Rescue Plan (ARP) Act requires that states receiving ARP ESSER funds must maintain state support for:

- Elementary and secondary education in FY 22 and FY 23 at least at the proportional level of the state's support for elementary and secondary education relative to the state's overall spending, averaged over FYs 17, 18 and 19; and
- Higher education in FY 22 and FY 23 at least at the proportional level of the state's support for higher education relative to the state's overall spending, averaged over FYs 17, 18 and 19.

The U.S. Department of Education has issued rules governing how these maintenance of effort (MOE) requirements are to be administered. B&F will be working with the money committees of the Legislature to ensure that the State of Hawai'i complies with these ESSER MOE requirements.

Thank you for your consideration of our comments.

SB2885

RELATING TO ADVANCING CIVIC ENGAGEMENT

Charlotte A. Carter-Yamauchi, Director
Legislative Reference Bureau

Presented to the Senate Committee on Government Operations

Thursday, February 10, 2022, 3:05 p.m.
Via Videoconference

Chair Moriwaki and Members of the Committee:

Good afternoon, Chair Moriwaki and members of the Committee, my name is Charlotte Carter-Yamauchi and I am the Director of the Legislative Reference Bureau (LRB). Thank you for providing the opportunity to submit written comments on S.B. No. 2885, Relating to Civic Engagement.

The purpose of this measure is to provide a full-time equivalent (1.0 FTE) position for the Public Access Room at the State Capitol (PAR) to provide educational outreach and engagement with Hawai'i public schools, and to appropriate funds for the position.

The Bureau takes no position on this measure but submits the following comments for your consideration.

PAR was established in 1994 to help enhance the public's ability to participate in the legislative process; it became part of LRB in 1996. PAR's office and services are utilized year-round, offering equipment, services, and facilities to enhance the public's ability to participate in the legislative process. This measure provides funds for a permanent full-time equivalent position, to be placed within PAR, to provide educational outreach and engagement with Hawai'i public schools.

We appreciate this measure's attempt to provide PAR with additional personnel resources. However, we note that PAR already provides universal community outreach and civic engagement seminars, workshops, and information that are not limited to one specific target audience, which means that public school students could benefit from these pre-existing educational sessions and information. The scope of additional activities envisioned by this measure is uncertain; however, if the intent is to include such activities as providing tours to school children, then PAR would need additional space within the Capitol building to ensure that tours do not interfere with PAR's current services. This would be especially critical during the legislative session when, prior to the COVID-19 pandemic, the PAR room was often filled to capacity.

Should the Committee decide that it would like PAR to have an additional full-time equivalent position to provide educational outreach to clientele of all ages, the Bureau would be supportive of that intent. However, if the Committee also envisions that PAR conduct in-person Capitol tours for large groups as part of the educational outreach program once the building has reopened, we respectfully ask the Committee to consider the spatial challenges that such an activity would create for PAR.

Thank you again for your consideration.

Re: Testimony in **Support** of SB2885, RELATING TO ADVANCING CIVIC
ENGAGEMENT.
Videoconference Hearing: February 10, 2022 at 3:03 p.m.

Dear Chair, Vice Chair, and Members of the above referenced Committee,

On behalf of myself and constituents of Council District 8 in North Kona, I would like to express our **support** for the above referenced bill, and submit a brief testimony as follows:

I support the appropriation of funds for a full time position at the Legislative Reference Bureau's Public Access Room to provide educational outreach and engagement with Hawai'i public schools.

The Public Access Room provides leadership, oversight and initiatives to increase civic education in the community and at schools to increase citizens' knowledge about government, to promote informed participation in government and democracy in Hawai'i.

We strongly **support** the passing of SB2885.

Sincerely,

A handwritten signature in black ink, appearing to read "Holeka Goro Inaba".

Via Videoconference

in consideration of
SB 2885
RELATING TO ADVANCING CIVIC ENGAGEMENT.

Chair MORIWAKI, Vice Chair DELA CRUZ, and Members of the Senate Government Operations Committee

Common Cause Hawaii supports SB 2885, which provides a full-time equivalent (1.0 FTE) position at the public access room to provide civic educational outreach and engagement in Hawaii public schools.

Common Cause Hawaii is a nonprofit, nonpartisan, grassroots organization dedicated to reforming government and strengthening democracy through voting modernization efforts that increase civic engagement, voter turnout, and voter participation in our democratic processes.

Given Hawaii's traditional low voter registration and low voter turnout rates, people are not generally engaged in the political process. See <https://www.civilbeat.org/2020/08/why-does-hawaii-have-such-low-voter-turnout-heres-what-the-data-says/> (retrieved Jan. 29, 2022). Studies have shown that voting is a habit, which if developed through repetition can become strongly ingrained in an individual. See <https://thehill.com/opinion/campaign/456934-how-voting-becomes-a-habit> (retrieved Jan. 29, 2022). Hopefully, SB 2885 will teach our youth the importance of civic engagement and voting to have engaged future leaders, leading to a strong and vibrant democracy. "We do not have government by the majority. We have government by the majority who participate." Thomas Jefferson.

Thank you for the opportunity to testify in support of SB 2885. If you have any questions, please contact me at sma@commoncause.org.

By

Chief Judge Lisa M. Ginoza, Intermediate Court of Appeals
Chair, Commission to Promote and Advance Civic Education
(PACE Commission)

Bill No. and Title: Senate Bill No. 2885, Relating to Advancing Civic Engagement

Purpose: Appropriates funds for one full-time equivalent (1.0 FTE) position at the Public Access Room to provide educational outreach and engagement with Hawaii public schools.

PACE Commission Position: Strong support

The PACE Commission strongly supports this bill to appropriate funds for a full-time position in the Public Access Room, under the Legislative Reference Bureau, to enhance the Legislature's outreach and engagement with schools. It would be highly beneficial to have such a position that could focus on engaging with students and educators to promote learning about the Legislature, understanding of and participation in the legislative process, and further interaction with Legislators. The more direct contact that students and educators can have with the Legislature and see the process in action, the more they will understand and want to be part of the process.

In years past, the Judiciary History Center coordinated student tours with a staff person at the Governor's office so students could visit all three branches of government during excursions to the capitol district. The position envisioned for the Public Access Room could hopefully help to restore such student tours once the current pandemic has subsided. Moreover, in today's virtual world, having a dedicated position in the Public Access Room would greatly assist students and educators with following bills online, watching videoconference hearings, and submitting testimony on issues of interest to them.

One amendment the PACE Commission recommends to this bill is that the new position be dedicated to outreach and engagement with *all* schools, and not just public schools. This would promote greater access for all schools to the Legislature and enhance the potential for civic learning.

Brief background of the PACE Commission:

The PACE Commission was created pursuant to Rule 23 of the Rules of the Supreme Court of the State of Hawai'i, issued on January 7, 2021. The purpose of the PACE Commission is to promote and advance civic education for students and citizens throughout Hawai'i. The commission has fourteen members appointed according to Rule 23 by the following: Chief Justice of the Hawai'i Supreme Court, Governor, President of the Senate, Speaker of the House, Office of Hawaiian Affairs, Superintendent of the Department of Education, Chief Judge of the U.S. District Court for the District of Hawaii, President of the University of Hawai'i, Dean of the William S. Richardson School of Law, Hawaii State Bar Association, Hawai'i Association of Independent Schools, and two members selected by the other appointed members.

The commission began meeting in April 2021 and meets monthly. It also has two committees, one focused on civic education in the schools and one focused more generally on civic engagement in the community. The mission statement adopted by the PACE Commission is: "To create, implement and amplify sustainable programs, resources, and practices that improve place-based, constitutionally informed and culturally sensitive civic education and engagement in Hawai'i schools and communities."

Thank you for the opportunity to provide testimony on this bill.

TESTIMONY IN SUPPORT OF SB2885 RELATING TO ADVANCING CIVIC ENGAGEMENT

Hawaii Youth Services Network (HYSN), a statewide coalition of youth-serving organizations, supports SB 2885 Relating to Advancing Civic Engagement.

“Youth civic engagement leads to reduced risky behavior, increased success in school and leads to greater civic participation later in life. . . . Civic engagement provides young people with opportunities to gain work experience, acquire new skills, and to learn responsibility and accountability—all while contributing to the good of their communities.”¹

Introducing youth to civic involvement at an early age is important because Hawaii voter turnout has declined in recent years. In the past 5 out of the past 6 presidential elections, Hawaii had the lowest voter turnout of all the states. In 2020, Hawaii was one of the 10 lowest states in voter turnout. Voter participation is at the core of active citizenship and a healthy democracy.

Hawaii Youth Services Network coordinates the annual Hawaii Children and Youth Summit, in which youth are provide recommendations to legislators about what Hawaii needs to be a better place to live, learn, and work. In 2022, 5 of the 10 recommendations have been included in legislative bills

If the youth outreach position is funded, HYSN would work in partnership with the Public Access Office to engage youth in civic affairs. The young people who have participated in the Children and Youth Summit find the experience empowering, and their involvement leads to continued engagement as adults.

I will close with some quotes from Hawaii's youth:

"This was my first experience in attending a meeting with other youths where our voices matter. . . . I want to make a difference and attending the Summit gave me the courage to step out and share everything I've learned with my fellow students. I know I will never stop speaking up for what is right."

--Alisha Estoy, Junior at Konawaena High School

I have always been passionate about the environment . . . but I never thought I could make a difference now. . . . Thank you for providing that chance to speak out and give me someone to listen. . . . This has been one of the few times that I felt like people listened to me.

--Makena Anderson

Thank you for this opportunity to testify.

Sincerely,

Comments:

Aloha Kākou,

I support this measure as it intends to increase the civic engagement of the public. This aspect of community is certainly in need and can benefit greatly by continued support services as such.

Mahalo nui,

Kimeona Kane
