State Capitol, Conference Room 308, Via Videoconference

**In consideration of
SENATE BILL 3019, SENATE DRAFT 1, HOUSE DRAFT 1
RELATING TO THE CONSERVATION AND RESOURCES ENFORCEMENT
PROGRAM**

Senate Bill 3019, Senate Draft 1, House Draft 1, proposes to require the Department of Land and Natural Resources (Department) to pursue and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies, Inc. and appropriates funding. **The Department supports this bill provided that its passage does not replace or adversely impact priorities indicated in the Executive Budget request.**

In 2009, the Department's Division of Conservation and Resources Enforcement participated in the Commission on Accreditation for Law Enforcement Agencies (CALEA) formal accreditation process. The past effort was stymied by the increased amount of funding needed to implement CALEA standards statewide, the costs to continue formal affiliation with CALEA as well as frustration encountered with consultation of new policies with the employee union. Due to these issues, it was determined that continuing the accreditation effort was not feasible.

The Department is open to participating in the CALEA accreditation process again and believes CALEA accreditation will lead to a high degree of professionalism of both DOCARE and its Conservation and Resources Enforcement Officers. We note participation will require appropriate amounts of funding needed for equipment purchases, training and possibly for capital improvements to DOCARE facilities to meet CALEA's standards. Funding will also be needed to maintain formal participation and affiliation with CALEA.

Thank you for the opportunity to comment on this measure.

TO THE HOUSE COMMITTEE ON FINANCE
ON
SENATE BILL NO. 3019, S.D. 1, H.D. 1

April 5, 2022

2:30 p.m.

Room 308 and Videoconference

**RELATING TO THE CONSERVATION AND RESOURCES ENFORCEMENT
PROGRAM**

The Department of Budget and Finance (B&F) offers comments on this bill.

Senate Bill No. 3019, S.D. 1, H.D. 1, requires the Department of Land and Natural Resources (DLNR) to seek and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies, Inc., and appropriates an unspecified amount of general funds for FY 23 to be expended by DLNR for this purpose.

B&F notes that, with respect to the general fund appropriation in this bill, the federal Coronavirus Response and Relief Supplemental Appropriations Act requires that states receiving Elementary and Secondary School Emergency Relief (ESSER) II funds and Governor's Emergency Education Relief II funds must maintain state support for:

- Elementary and secondary education in FY 22 at least at the proportional level of the state's support for elementary and secondary education relative to the state's overall spending, averaged over FYs 17, 18 and 19; and

- Higher education in FY 22 at least at the proportional level of the state's support for higher education relative to the state's overall spending, averaged over FYs 17, 18 and 19.

Further, the federal American Rescue Plan (ARP) Act requires that states receiving ARP ESSER funds must maintain state support for:

- Elementary and secondary education in FY 22 and FY 23 at least at the proportional level of the state's support for elementary and secondary education relative to the state's overall spending, averaged over FYs 17, 18 and 19; and
- Higher education in FY 22 and FY 23 at least at the proportional level of the state's support for higher education relative to the state's overall spending, averaged over FYs 17, 18 and 19.

The U.S. Department of Education has issued rules governing how these maintenance of effort (MOE) requirements are to be administered. B&F will be working with the money committees of the Legislature to ensure that the State of Hawai'i complies with these ESSER MOE requirements.

Thank you for your consideration of our comments.

Testimony by
Hawaii Government Employees Association

April 5, 2022

**S.B. 3019, S.D.1, H.D.1 – RELATING TO THE CONSERVATION
AND RESOURCES ENFORCEMENT PROGRAM**

The Hawaii Government Employees Association, AFSCME Local 152, AFL- CIO supports the intent of S.B. 3019, S.D.1, H.D.1 which requires the Department of Land and Natural Resources to pursue and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies, Inc.

We believe the accreditation will provide the Conservation and Resources Enforcement Program the ability to maintain national standards and best practices for the specific law enforcement officers within this program. Obtaining the proper training, equipment and organizational support will assist the officers in their job performance in serving the public.

Thank you for the opportunity to testify in support of S.B. 3019, S.D.1, H.D.1.

Respectfully submitted,

Randy Perreira
Executive Director

Comments:

Allowing accreditation for our DLNR officers should increase the professionalism and effectiveness of their service.

Comments:

Aloha Chair Luke, Vice Chair Yamashita, and Members of the Finance Committee,

I strongly support SB3019 SD1 HD1, which will provide adequate funding and staffing for DOCARE specifically dedicated to national CALEA Accreditation, which is a complex and long process, and requires substantial annual work to maintain these high national standards.

Accreditation at this level is not a "one and done" proposition - it requires expertise, consultation, collaboration with the national CALEA center, and lots (lots!) of training, equipment, staff input, and reporting. All of this is a good thing, IF budget and staffing are provided.

HD1 is a key amendment: "Your Committees note that the appropriation amount in this measure to support the accreditation efforts by the Department of Land and Natural Resources should be **\$1,000,000, with a recurring appropriation amount of \$750,000.**" SB3019_HD1_HSCR1305-22_.pdf

In my professional capacity as a professor of law at the William S. Richardson School of Law, I have worked with DOCARE for over a decade on a number of capacity building projects, including designing the "new" DOCARE Academy and, at one point, the CALEA Accreditation process.

I am in strong support of national accreditation and all the benefits that brings for professionalism, moral, and performance for DOCARE. This kind of accreditation can be accomplished **only with strong administrative/staffing support, dedicated specifically to this task, on an ongoing basis.** HD1 proposes the levels of adequate funding requested by DOCARE that will make CALEA successful.

Mahalo for considering my testimony - and for supporting DOCARE!

Denise Antolini
