Comments:

I FULLY SUPPORT SR187. As a resident of Waikiki, we can hear this unnecessary noise pollution from streets away. Such noises can interrupt conversations, cause stress, and deteriorate health and well-being.

Please pass SR187. Mahalo for your kind consideration.

Comments:

I have already written concerning the bill partnered with this one. But I do want to iterate once again that the unnecessary and arrogant sounds from loud motorcycles, cars, mopeds and cars is a STAIN on the reputation of Hawaii, especially on Waikiki. The only reason for the owners of these vehicles to have these loud, backfiring exhausts is to attract attention to themselves, or their motorcycle clubs (gangs). We must put a ban on these vehicles. We must fine and punish not only the manufacturers but also the owners. We have to make a loud and clear announcement to the whole of Hawaii that this behavior is illegal, unacceptable and will be punished to the full extent of the law. "To protect and serve" is the unspoken motto of most police departments. Protect us for those who want to pollute our environment with these sounds, Serve us by maintaining Waikiki (and Hawaii) as the idyllic island it was meant to be, used to be and still can be.

Comments:

Strongly support SR187. Headaches, earaches and nervousness created by noise travelling upwards against our condominium walls into my open lanai. Quiet enjoyment nixed.

Thank you for letting me testify in favor.
