### **II. Background and Summary**

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

1. A brief description of the applicant's background;

The mission of 'Ohana Pacific Foundation (OPF), a 501(c)(3) corporation, is caring for kūpuna. This includes our clients, their families, our staff, and our community. OPF owns and operates Kaua'i Adult Day Health Center (KADH) which is currently located at the Līhu'e Christian Church, at 2943 Kress Street, Līhu'e, Hawaii 96766. The center provides a program and nursing care, if necessary for the elderly and/or disabled adults in the community by offering a well-rounded and stimulating program of recreational, social, creative, educational, and therapeutic activities. KADH offers a safe and protective

environment in which impaired older adults who do not require institutional care may receive preventive, remedial, and restorative services. The service also provides respite to caregivers by freeing their time for other activities while their family member is cared for in a supervised environment for the day.

OPF also represents the non-profit arm of 'Ohana Pacific Health, the largest post-acute care organization in the state of Hawaii. A local company with local values, 'Ohana Pacific is seeking to meet the demand of care offered to elderly patients statewide. They are aiming to develop improved support through transitions of care for kūpuna. The company's vision is to transform the continuum of care which includes how services are offered, financed, and delivered so that as a healthcare community, we can best meet the desires and needs of kūpuna and their families. On the island of Kaua'i, the organization already offers many a bases of services for kūpuna to experience during their care journey including skilled nursing care, rehabilitation, home health services and an adult day health program.

2. The goals and objectives related to the request;

'Ohana Pacific Foundation's goal is to build capacity to improve the collaboration and impact of healthcare workforce development efforts in Kaua'i County, specifically targeting the need to educate and train essential staff in post-acute care settings. The funding from this request will directly support the development and sustainability of a nursing career ladder and earn and learn program, leading to a sustainable workforce pipeline. Once this nursing career pathway is sustained, individuals starting at a high school age will have the opportunity to earn a living wage on Kaua'i through advancement in the program.

'Ohana Pacific Foundation will lead the capacity building efforts and outreach to include partnerships with institutions starting from middle school to higher education, community advocacy groups, the County of Kaua'i and other stakeholders.

This industry-led pathway would initiate collaboration amongst the partners and would ensure that job seekers and students move seamlessly through the various educational institutions, training opportunities, and support services. This focus on the nursing career pathway system will tackle the current and future demand for workers in order to meet the growing aging population as it works with community partners to reshape healthcare in our community.

Objectives:

1. Engage stakeholders
  - Hire staff to manage the collaborative group of partners and progress the pathways project
  - Outreach to stakeholder groups to create a core group of leaders who represent education, economic development and employers
2. Assess healthcare pathway capacity needs and assets

Currently, Kaua'i County has 160 openings for non-physician healthcare positions, a 13% vacancy rate. There were 38 nursing assistant and certified nurse aid job openings. Without adequate staffing, the organization is not able to continue to provide quality, safe care and must decrease the overall number of beds offered to support the community.

4. Describe the target population to be served; and

This nursing pathway system will serve 16-26 year old Kaua'i residents who are interested in a meaningful healthcare career and earning a living wage. Local students wanting to stay on Kaua'i and earn a living wage and nurses of all levels looking for career advancement will be informed of on- and off-ramps to a licensed nurse and armed with the relevant training and career advancement opportunities needed to become a successful healthcare professional.
