II. Background and Summary

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

1. A brief description of the applicant's background

Founded in 1899, Susannah Wesley Community Center (SWCC) has been proudly serving the community for over 123 years. Throughout its journey, SWCC evolved to meet the current needs of the community. Initial endeavor was caring for abandoned and orphaned children through an orphanage, providing a safe place of support and learning.

Today with a total workforce size of 23 FT/PT employees and a primary focus on the needs of the Kalihi community, SWCC provides youth services (truancy prevention,

youth development & enrichment activities), educational advancement support, opportunities to earn high school equivalency, home-based parenting, case management services to victims of human trafficking and emergency food and diaper assistance. SWCC's mission is to serve as an instrument of God's love, to nurture, offer hope, and enhance the well-being of the community.

Value to the Community:

In addition to the above core program services, the Center also serves as a gathering place for the community and non-profit groups including but not limited to: Hawaii Filipino Martial Arts School, Nuuanu Toastmasters Club, Pure Aloha Volleyball Club, MD Restoration, Pan-Pacific & Southeast Asian Women's Association, Classic Bonsai Club, Ikenobo Ikebana Society Honolulu Chapter, Na Ali'i Special Olympics Sports Team, Ceeds of Peace, and support groups such as Alcohol Anonymous. It is an honor to serve as the gathering place for diverse groups, large and small, nurturing relationships and building our Kalihi community.

During the COVID-19 pandemic, while many organizations and businesses suspended in person services, SWCC modified service delivery practices to meet the community needs while maintaining proper social distance requirements. Needs included: increased demand for emergency food assistance; access to wifi and technology to submit online applications for resources and benefits; and individualized resource navigation assistance for community members with Limited English Proficiency (LEP).

From FY20 to FY22, SWCC:

- Provided rental housing assistance to 1,000+ households
- Assisted over 300 households apply for an opportunity to be placed on the City Section 8 waitlist
- Distributed over 180,000 pounds of food, benefiting over 41,000 individuals
- Provided 340 babies/toddlers with diaper assistance
- Assisted 100+ individuals access unemployment benefits during the start of the pandemic

Our availability to serve and support vulnerable Kalihi families during the pandemic increased our community impact.

CIP Request:

Susannah Wesley Community Center is seeking state Grant in Aid CIP funds to hire an architectural firm to facilitate and produce a master plan for the Center. The need for a master plan is prompted by the following:

- As we transition to a post-pandemic era, economic recovery, family instability and demand for services continues. It is labor intensive to continually setup and breakdown temporary areas to process food donations, assemble food bags and reconfigure and network spaces for pop up service events.

- We have also experienced a sustained 200% increase in youth participation in afterschool and school break activities. Prior to the pandemic, high schoolers were primary program participants; however, there is growing participation from elementary and middle school students. The increased number coupled with diverse age range of students requires dedicated space to accommodate the needs of the different age groups.
- Our energy costs continue to soar, and the Center would benefit from implementing energy efficient strategies such as installing PV systems, replacing windows, and updating lighting and A/C systems.
- Our last major capital improvement project was completed nearly 30 years ago. As we attempt to address critical repairs, vendors are informing us that our current equipment and systems are outdated and installation of new systems maybe more cost effective than repair.

2. The goals and objectives related to the request:

The purpose of this Grant-In-Aid request is to secure funds to undergo an in-depth **master planning/design process** for our primary service center located at 1117 Kaili Street in Kalihi, Oahu. The Susannah Wesley Community Center, with initial service roots dating back to 1899, currently owns the property and has been serving the community for over 100 years at this location. The master plan will:

1. Identify facility issues and opportunities;
2. Develop and prioritize improvement phases; and
3. Serve as the basis for a 3-year capital improvement project that aims to:
 - Optimize facility space utilization;
 - Improve energy efficiency;
 - Bring facility into current building code compliance; and
 - Strengthen the Center's ability to ensure the health and safety of all visitors, participants, staff and volunteers.

3. The public purpose and need to be served:

Susannah Wesley Community Center, located in the heart of Kalihi, provides a public purpose in two (2) distinct ways.

- We serve as a **social service agency** providing youth services (truancy prevention, youth development & enrichment activities), educational advancement support, opportunities to earn high school equivalency, comprehensive intensive services to victims of human trafficking and emergency food & diaper assistance.
- We also serve as **safe gathering place** where individuals and families gather to celebrate their self-worth and embrace opportunities for achieving their dreams.

On an annual basis, **over 36,000 people step through the doors** of our Center – these include clients, businesses, and individuals from our community.

As a Community Center, it is vital to provide a safe and welcoming facility for our users as they come to learn, grow, serve and invest in our community.

4. Describe the target population to be served; and

The University of Hawaii Center on the Family, in collaboration with the YMCA of Honolulu, completed community profiles for 11 communities on Oahu, including the Farrington Area (comprised of: Alewa Heights, Iwilei, Kaihi Kai, Kalihi Uka, Kalihi Valley, Kalihi Waena, Kamehameha Heights, Kapalama & Palama).

Of the 11 communities studied, **Farrington Area** ranked overall as follows:

1. **10th** in overall family & social environment, with significant disparities in the following sub categories when compared to the county & state, respectively:
 - Residents who are new immigrants are 17%, compared to 7% and 6%.
 - Children in immigrant families are 57%, compared to 30% and 28%.
2. **8th** in overall economic well-being, with significant disparities in the follow sub categories when compared to the county & state, respectively:
 - Per capita income is \$21K, compared to \$32K and \$30K, respectively for county & state.
 - Children in families receiving public assistance are 42%, compared to 23% and 26%.
 - Families in poverty are 18%, compared to 9% and 11%.
 - Children in low-income households are 45%, compared to 29% and 32%.
3. **10th** in overall education, with significant disparities in the following sub categories when compared to the county & state, respectively:
 - Students who are English language learners are 20%, compared to 7% and 7%.
 - Students meeting language arts grade level standards are 39%, compared to 53% and 47%.
 - Students meeting math grade level standards are 30%, compared to 46% and 38%.
 - High school students graduating on time are 72%, compared to 84% and 83%.

Center on the Family data shows major risk factors for Kalihi children and families, including:

1. Students are at higher risk for poor academic performance, not graduating from high school;
2. Being in poverty/on welfare; and
3. Higher probability of being unemployed or underemployed as adults, compared to the rest of the state.

This community profile validates our efforts to continue our work in providing:

- Family stabilization and strengthening services
- Alternative high school equivalency programs
- Non school hours enrichment activities
- Emergency food & diaper assistance
- Case management services to victims of human trafficking

5. Describe the geographic coverage.

Susannah Wesley Community Center, located within a 3 mile radius of 3 major public housing complexes, primarily serves youth and families in the Kalihi-Palama community on the island of Oahu.
