1 WHEREAS, homelessness is a persistent public policy and
2 humanitarian concern for Hawaii; and

3
4 WHEREAS, the 2022 Point-In-Time Count tallied a total of
5 5,973 people experiencing homelessness in the State, with the
6 majority of the people counted living on Oahu at 3,951
7 individuals, followed by Hawai'i County with 837 individuals,
8 Maui County with 741 individuals, and Kaua'i County with 444
9 individuals; and

10
11 WHEREAS, the 2022 Point-In-Time Count showed an eleven
12 percent decrease in Oahu's total homeless population from 2020,
13 but a slightly higher number of unsheltered individuals living
14 on the streets; and

15
16 WHEREAS, there was also a significant drop in the number of
17 individuals counted in shelters on Oahu in 2022 as compared to
18 2020, with 1,596 individuals counted in shelters in 2022 and
19 2,102 individuals counted in shelters in 2020; and

20
21 WHEREAS, the decline in the number of individuals counted
22 in shelters may be attributable to a decrease in statewide bed
23 capacity caused by shelter closures and COVID-19 restrictions;
24 and

25
26 WHEREAS, statistics show that while Native Hawaiian and
27 Pacific Islander populations make up approximately ten percent
28 of the total population on Oahu, they represent more than

30

1 WHEREAS, the current Governor has vowed to prioritize
2 efforts to cut homelessness in half and eliminate chronic
