A BILL FOR AN ACT

RELATING TO WORKERS' COMPENSATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 51, Session Laws
2 of Hawaii 2004, transferred the control of certain functions of
3 executive branch agencies that pertained to education personnel
4 and facilities to the department of education to increase
5 operational efficiency while reducing bureaucracy. However,
6 after enactment of Act 51, the department of human resources
7 development continued to provide most services to the employees
8 of the Hawaii state public library system. Eight years later,
9 Act 61, Session Laws of Hawaii 2012, clarified that the transfer
10 of functions by Act 51 was not intended to include the Hawaii
11 state public library system or its employees.

12 The legislature further finds that despite the
13 clarification provided by Act 61, the aspects of workers'
14 compensation for Hawaii state public library system employees
15 continue to be within the functions of the department of
16 education, and not within the functions of the department of
17 human resources development.

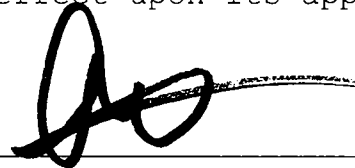

1 The purpose of this Act is to transfer the rights, powers,
2 functions, duties, and resources of the department of education
3 relating to workers' compensation for the Hawaii state public
4 library system and its employees to the department of human
5 resources development.

6 SECTION 2. All rights, powers, functions, duties, and
7 resources of the department of education relating to workers
8 compensation for the Hawaii state public library system and its
9 employees are transferred to the department of human resources
10 development effective July 1, 2024, subject to repeal by
11 subsequent legislation.

12 SECTION 3. This Act shall take effect upon its approval.
