# SENATE RESOLUTION

URGING THE DEPARTMENT OF AGRICULTURE TO DESIGNATE KUNIA,  
LEILEHUA PLATEAU, AND POAMOHO AS THE CENTRAL OAHU  
AGRICULTURAL CORRIDOR AND TO ESTABLISH A LIST PRIORITIZING  
POTENTIAL AGRICULTURAL INFRASTRUCTURE IMPROVEMENT PROJECTS  
THAT WOULD PROVIDE THE MOST VALUE TO THE STATE.

1           WHEREAS, the farmlands of Kunia and Wahiawa were once major  
2 areas of pineapple production in the State; and

3  
4           WHEREAS, since the downsizing of Hawaii's pineapple  
5 industry, both the State and private landowners have diversified  
6 farming on former pineapple plantation lands; and

7  
8           WHEREAS, Hawaii imports nearly eight-five percent of the  
9 food it consumes, and a natural disaster or global event has the  
10 potential to significantly disrupt Hawaii's food supply; and

11  
12           WHEREAS, the State has set a goal to double local food  
13 production by 2030; and

14  
15           WHEREAS, significantly increasing diversified farming in  
16 Hawaii will require new infrastructure, including roads and  
17 water systems integrated to match the needs of farmers; and

18  
19           WHEREAS, the State and counties should consider agriculture  
20 in long-term state and county planning; now, therefore,

21  
22           BE IT RESOLVED by the Senate of the Thirty-second  
23 Legislature of the State of Hawaii, Regular Session of 2023,  
24 that the Department of Agriculture is urged to designate Kunia,  
25 Leilehua Plateau, and Poamoho as the Central Oahu Agricultural  
26 Corridor; and

27  
28           BE IT FURTHER RESOLVED that the Department of Agriculture  
29 is requested to establish a list prioritizing potential  
30 agricultural infrastructure improvement projects that would  
31 provide the most value to the State when considering:
