

MAR 10 2023

SENATE RESOLUTION

REQUESTING THE DEPARTMENT OF TRANSPORTATION TO STUDY THE
FEASIBILITY AND ADVISABILITY OF ELIMINATING THE STATE'S
SAFETY INSPECTION REQUIREMENTS FOR MOTOR CARRIER VEHICLES.

1 WHEREAS, many residents complain that the State's vehicle
2 safety inspection requirements for motor carrier vehicles are
3 ineffective and inconsistently applied; and
4

5 WHEREAS, it is unclear whether the costs of overseeing and
6 enforcing the inspections are justified by the inspections'
7 benefits; and
8

9 WHEREAS, vehicle component failure is a factor in a very
10 small percentage of motor vehicle accidents, nationally and in
11 Hawaii; and
12

13 WHEREAS, in Hawaii, the Department of Transportation found
14 that alcohol, speed, and distracted driving are leading causes
15 of fatal traffic accidents in the State, rather than causes
16 related to the vehicles' condition; and
17

18 WHEREAS, many states have eliminated inspection
19 requirements without experiencing increased motor vehicle
20 accidents or injuries; now, therefore,
21

22 BE IT RESOLVED by the Senate of the Thirty-second
23 Legislature of the State of Hawaii, Regular Session of 2023,
24 that the Department of Transportation is requested to conduct a
25 study of the feasibility and advisability of eliminating the
26 State's safety inspection requirements for motor carrier
27 vehicles; and
28

29 BE IT FURTHER RESOLVED that the Department of
30 Transportation is requested to submit a report of its findings
31 and recommendations, including any proposed legislation, to the
32 Legislature no later than twenty days prior to the convening of
33 the regular session of 2024; and
34

S.R. NO. 136

1 BE IT FURTHER RESOLVED that a certified copy of this
2 Resolution be transmitted to the Director of Transportation.
