

**Gordon J. Bruce (MBA)
CEO: GJB & Associates**

Gordon is currently the Managing Member of GJB and Associates LLC. With almost 50 years in various aspects of the tech industry, Gordon provides a wide range of consulting services to companies across the State. These services include executive management consulting, business startup, business development, strategic planning and governance, cyber security consulting, network infrastructure consulting, project management, and systems administration to name a few.

Before establishing GJB & Associates Gordon served as Chairman and CEO of Pacxa. Under his leadership, Pacxa has grown to be a \$30 million a year company and the largest IT Company in Hawaii providing a full range of products and services. In 2015 Pacxa was ranked as one of Hawaii's top 250 companies serving over 600 clients in both the private and public sectors.

Before joining Pacxa, Gordon served eight years as the appointed Director of the Department of Information Technology and Chief Information Officer for the City and County of Honolulu. Under Gordon's leadership, the City and County of Honolulu utilized numerous Federal Grant opportunities that resulted in the migration of many outdated and under-maintained systems including public safety to state-of-the-art programs and operations. Honolulu received numerous awards and recognitions for the use of technology under Gordon's leadership, including the prestigious Digital Cities Surveys Winner for 2011 (ranking Honolulu Number 1 in the nation in the large city category), The Sunny award for transparency, The Best Fit Integrator Award and The KPMG Global 100 award for Innovation.

Gordon's extensive experience includes serving as the CIO and Vice President of Administration for the Estate of James Campbell where he was part of the executive team that helped direct the transition of the Estate from a family-owned trust to a multi-billion dollar privately owned enterprise. Gordon was part of the master planning team for the development of the City of Kapolei where his involvement included the oversight of the technology infrastructure for the city of Kapolei.

Gordon has also worked as a director for The Queen's Medical Center and held positions with The Bank of Hawaii, and the Corporation City of Toronto.

Gordon obtained his Master's degree from Hawaii Pacific University where he graduated with honors. He is also a recipient of the Paul C.T. Loo award from Hawaii Pacific University. Gordon was also recognized as one of the top 25 "Doers, Dreamers, and Drivers" in the United States by Government Technology Magazine. An honor that included public safety officials and a state Governor.

Gordon is an active leader in the community and is a member of Infragard (FBI Hawaii), The Armed Forces Communications and Electronics Association, the Federal Law Enforcement Foundation, the National Defense Industrial Association, and is a Cybersecurity Maturity Model Certified Registered Practitioner.
