It is my privilege to express my ***strong support*** for the confirmation of Karen Seddon to the Board of Directors of the Agribusiness Development Corporation.

Karen is a highly effective leader with experience in the private sector; specifically, construction and affordable housing development. In the public sector, Karen previously served as the Executive Director of HHFDC. As Regional Vice President for EAH Housing, a non-profit organization, Karen secured grants and low-interest loans that will provide training opportunities to prepare the next generation to build affordable housing.

I have had the privilege of working and collaborating with Karen Seddon over the past 5+ years and am continuously inspired by her vision, dedication, and work ethic.

I respectfully request the Committee's favorable consideration in confirming Karen Seddon for the Board of Directors of the Agribusiness Development Corporation.

Aloha Chair Gabbard, Vice Chair Richards, and Members of the Committee:

I am Brian Miyamoto, Executive Director of the Hawai'i Farm Bureau (HFB). Organized since 1948, the HFB is comprised of 1,800 farm family members statewide and serves as Hawai'i's voice of agriculture to protect, advocate and advance the social, economic, and educational interests of our diverse agricultural community.

The Hawai'i Farm Bureau strongly supports the confirmation of Karen Seddon to the Board of Directors of the Agribusiness Development Corporation.

Ms. Seddon's extensive development background and experience have been invaluable to ADC as they continue to partner with farmers, ranchers, and aquaculture groups to optimize the use of selected high-value lands, water systems, and infrastructure for commercial agricultural use for the economic, environmental, and social benefit of the people of Hawai'i.

Gubernatorial Nominee to the Board of Directors of the Agribusiness Development Corporation (ADC)

Senate AEN Hearing – 1:00 pm
Room 224
Wednesday, April 5, 2023

Testimony By: Larry Jeffs
Position: Support

Chair Gabbard, Vice Chair Richards, and Members of the Senate AEN Committee:

I am Larry Jeffs, owner and operator of Larry Jeffs Farms, LLC. We have more than 42 years of Hawaii farm experience on Molokai and Oahu. Our family farms grow about 1 million pounds weekly of import replacement produce. I am a volunteer director and chair of the West Oahu Soil and Water Conservation District (SWCD). I have been an officer of the Hawaii Farm Bureau for many years.

ADC's purpose, established by HRS163-D, is to provide leadership for developing, financing, improving, or enhancing agribusiness enterprises to increase local production for local consumption and reduce reliance on imported agricultural products. One of ADC's challenges is conserving and converting arable lands and their associated infrastructure to new production uses.

Karen Seddon's professional background is in planning, designing, financing, and constructing various community development projects. In addition, she served as DR Horton's Director of Land Management. These experiences indicate that Ms. Seddon is a strategic, long-range planner and manager who can execute projects. These skills will serve ADC well as it plans for and oversees its land acquisitions and infrastructure projects.

Your favorable consideration of Ms. Seddon's nomination to the ADC Board of Directors is appreciated. Thank you for the opportunity to testify on this bill.
