Comments:

This measure increases our opportunities to provide affordable housing by creating additional funding rounds at the HHFDC when funding is available. We support this measure, mahalo.

Having the flexibility to schedule a second application round in years when financing has not been oversubscribed or funds, such as RHRF Tier II, are made available will allow developers additional opportunities to utilize housing financing more effectively and efficiently.

This measure is a small, but meaningful step of many that are needed to reduce regulatory constraints in the development of affordable housing in Hawaii.

Thank you for the opportunity to provide input and we ask for your favorable consideration in passing HB675 HD1.
