H.B. 714 H.D. 1
RELATING TO MOORING LINES

Senate Committee on Transportation and Culture and the Arts

The Department of Transportation (DOT) provides the following **comments** on this measure that authorizes the department to regulate commodities and manifested cargo manned by existing local stevedoring companies.

DOT considers this proposed change as a regulation of labor and not a regulation of facilities. This level of regulation of labor falls outside the purview of DOT. As such, DOT recommends that the committee amend this measure to place the authorization in an appropriate chapter of the Hawaii Revised Statutes that controls labor, such as Chapter 382.

Thank you for the opportunity to provide these comments.

TESTIMONY OF
LEODOLOFF R. ASUNCION, JR.
CHAIR, PUBLIC UTILITIES COMMISSION
STATE OF HAWAII

TO THE
SENATE COMMITTEE ON
TRANSPORTATION AND CULTURE AND THE ARTS

March 14, 2023
3:00 p.m.

Chair Lee, Vice Chair Inouye, and Members of the Committee:

MEASURE: H.B. No. 714, HD1

TITLE: RELATING TO MOORING LINES.

DESCRIPTION: Requires that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by a stevedoring company. Defines "stevedoring company". Effective 6/30/3000. (HD1).

POSITION:

The Public Utilities Commission ("Commission") offers the following comments for consideration.

COMMENTS:

The Commission appreciates the intent of this measure to require that securing mooring lines from tug assistance is performed by local union labor.

The Commission has concerns about the language provided in this measure. As currently drafted, the Commission believes an interpretation of this measure could force regulated water carriers (as defined under Hawaii Revised Statutes §271G-5) to also retain additional services via a separate union labor contract above and beyond its current union labor contract, resulting in increased costs for that water carrier which could then ultimately be passed on to ratepayers or customers. Should the Legislature wish to pass this measure, the Commission respectfully requests that the Committee amend this measure to exempt regulated water carriers.

Thank you for the opportunity to testify on this measure.

WRITTEN TESTIMONY ONLY

March 14, 2023

Senator Chris Lee, Chair
Senator Lorraine R. Inouye, Vice Chair
Senate Committee on Transportation and Culture and the Arts

RE: House Bill 714, H.D. 1 – RELATING TO MOORING LINES
Hearing date: March 14, 2023, 3:00 p.m.

Aloha Chair Lee, Vice Chair Inouye, and Members of the Committee:

Thank you for the opportunity to submit testimony on behalf of Young Brothers, LLC (“YB”) offering **COMMENTS** for House Bill 714, H.D. 1 – Relating to Mooring Lines.

YB is a common carrier by water, transporting property by tug and barge between the islands of O‘ahu, Hawai‘i, Kaua‘i, Maui, Moloka‘i, and Lāna‘i. YB is currently the only water carrier authorized to transport property under Chapter 271G, Hawaii Revised Statutes (“HRS”) (i.e., the Hawaii Water Carrier Act), subject to the regulatory authority of the Public Utilities Commission of the State of Hawaii (“PUC”). Since 1900, customers across Hawaii have relied on YB’s frequent, regular, and universal sailings to serve as the bridge that connects all communities in this island-state.

The purpose of this measure is to require that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by an operational stevedoring company that is currently operating in the State.

YB’s operations at all ports regularly require the securing of mooring lines from its barges to its piers. At present, this duty is assigned to and performed by existing YB staff in a safe, efficient, and cost-effective manner. This measure may be interpreted to, instead, require YB to hire additional labor from a stevedoring company to perform this duty. This change would impact YB’s operations and significantly increase YB’s labor costs - contrary to YB’s ongoing efforts to manage its costs and adhere to its commitments and obligations following the recent PUC mandated Management Audit of Young Brothers.¹ Such cost increases would drive increased

¹ See YB’s 5-Year Strategic Business Plan 2022-2026 at <https://htbyb.com/wp-content/uploads/5-Year-Strat-Plan.pdf>. See also Docket No. 2019-0117, Order No. 38085 at 35-36, stating: “The Audit Report affirms that [^]there is potential for the [C]ompany to reduce operating costs [. . .] The Commission thus

interisland shipping rates for the local producers, farmers, businesses, and communities that rely on YB's services.

Accordingly, YB recommends that, should the legislature choose to move forward with this measure, an amendment be made to exempt "water carriers" of property, as defined in Section 271G-5, HRS, from this proposed requirement. Please see below for proposed language for such amendment.

Amend page 4, lines 1 to 4 to include the following language:

(6) Require that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by a stevedoring company; provided that this paragraph shall not apply to the securing of mooring lines from any vessels operating on behalf of an authorized intrastate water carrier of property holding a certificate of public convenience and necessity issued under chapter 271G, Hawaii Revised Statutes.

Thank you for your service to the State of Hawaii, and for the opportunity to testify offering comments on this measure.

Sincerely,

Kris Nakagawa
Vice President, External and Legal Affairs

Chris Martin
Director, Terminal Operations

directs YB to commit to delivering a minimum annual \$3.4 million level of savings/cost reductions in its operations[.]”

March 13, 2023

TO: HONORABLE CHRIS LEE, CHAIR, HONORABLE LORRAINE R. INOUE,
VICE CHAIR, COMMITTEE ON TRANSPORTATION AND CULTURE AND
THE ARTS

SUBJECT: **COMMENTS ON H.B. 714 HD1, RELATING TO MOORING LINES.**
Requires that the securing of mooring lines from vessels requiring tug assistance
to commercial docks, wharves, piers, quays, and landings be performed by a
stevedoring company. Defines "stevedoring company". Effective 6/30/3000.

HEARING

DATE: Tuesday, March 13, 2023
TIME: 3:00 p.m.
PLACE: Capitol Room 224

Dear Chair Lee, Vice Chair Inouye and Members of the Committee,

The General Contractors Association of Hawaii (GCA) is an organization comprised of approximately five hundred (500) general contractors, subcontractors, and construction related firms. The GCA was established in 1932 and is the largest construction association in the State of Hawaii. Our mission is to elevate Hawaii's construction industry and strengthen the foundation of our community.

GCA provides comments on H.B. 714 HD1, which requires that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by a stevedoring company. Defines "stevedoring company".

GCA understands the intent of this measure but is concerned that this will increase the cost of construction and housing in the State. GCA is currently engaged in good faith negotiations with the stakeholders and requests that the Committee consider moving decision making to a later date in order to allow the stakeholders more time to find an equitable solution.

Thank you for the opportunity to provide comments.

HB-714-HD-1

Submitted on: 3/13/2023 1:29:39 PM

Testimony for TCA on 3/14/2023 3:00:00 PM

Submitted By	Organization	Testifier Position	Testify
Michael MacDonald	Testifying for American Marine Corporation	Comments	Written Testimony Only

Comments:

American Marine Corporation (AMC) has been transporting aggregate for the construction industry using our local union employees for over 45 years to include securing our barge mooring lines. We are not opposed to the intent of Bill 714, rather we would like the legislator to recognize that AMC has a vested interest to maintain its local union workforce in the critical role they have played in supporting the Neighbor Island Construction Industry. In saying this AMC would like to include the following amendments:

In the purpose statement add - "provided that this Act shall not apply to companies operating in Hawaii that are already signatory to a collective bargaining agreement."

Section 2 (a) (6) add; "provided that this subparagraph shall not apply to a company whose employees that secure mooring lines are signatory to a collective bargaining agreement;"

AMC wants to thank the legislators for considering these amendments to protect local unions who have collective bargaining agreements with companies like ours with established operational protocols to safely maintain and operate within the Harbors of Hawaii.

Hawaii State Capitol**

HB 714 HD1

Chair Lee, Vice Chair Inouye, and members of the committee,

Hawaii Gas **offers comments** on HB 714 HD1, which requires that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by a stevedoring company. Defines “stevedoring company”.

Established in 1904, Hawaii Gas serves over 70,000 customers on all islands through its pipeline and delivery services, all of whom depend on the company for sustainable, reliable, and affordable gas for water heating, cooking, drying, and other commercial and industrial applications. The company employs some 350 professionals, over 75% of whom are members of the Teamsters Union, and provides both regulated and unregulated utility operations.

Hawaii Gas has concerns that this bill could create additional costs to our customers and result in unintended safety and compliance issues as well. Hawaii Gas has used Sause Brothers for over twenty years to perform towing services to Hawaii Gas for delivery of critical fuel that provides reliable and critical resilient energy to our customers. For decades now, the same tug and barge crews have secured these vessels at the dock. The crew are qualified, trained, and licensed to carry out these duties, and part of a collective bargaining unit.

Sause Brothers mariners are licensed, highly trained and have the greatest level of experience in the industry, which is evidenced by operating safely and efficiently in Hawaii for over five decades. This bill, limiting the securing of mooring lines to be performed by a “stevedoring company” adds no additional safety benefit, however, adds additional cost increases to our customers.

We would support the addition of an amendment to allow the securing of mooring lines be allowed by companies with agreements with collective bargaining units.

Thank you for the opportunity to testify.

**TESTIMONY IN OPPOSITION TO HOUSE BILL 714 HD1
RELATING TO MOORING LINES**

Senate Committee on Transportation
and Culture and the Arts
The Honorable Chris Lee, Chair
The Honorable Lorraine Inouye, Vice Chair
Tuesday, March 14, 2023, 3:00 pm
VIA VIDEOCONFERENCE
Conference Room 224
State Capitol
415 South Beretania Street

Chair Lee, Vice Chair Inouye and members of the Committee,

Island Energy Services, LLC (“IES”) offers the following testimony in OPPOSITION to HB714 HD1 requiring the securing of mooring lines for tug assisted vessels to be manned by an existing, operational stevedoring company operating within the State.

IES contracts Sause Bros. to transport its shipments of petroleum fuel from Honolulu to Neighbor Island customers. Approximately seven hundred tug assisted barge arrivals and departures occur annually to supply this critical commodity of fuel to power various energy dependent businesses and residence alike.

IES has not experienced any safety or other operational incidents that would warrant the need for additional marine operations proposed by this measure. The requirements proposed by HB714 HD1 will however add significant cost to the existing barge operations with no appreciable benefit to existing tug assisted operations. The increased cost incurred by IES, as well as all companies transporting commodities and manifested cargo via tug assisted barges utilizing State owned and controlled facilities will result in higher costs for local goods and services for Hawaii residents. Neighbor Island consumers in particular will likely bear a disproportionate amount of the increased cost due to the double handling of commodities like fuel originating from facilities located on Oahu.

Furthermore, the current fuel barging operations and port call schedules are complex and designed to be efficient and optimal to reduce unnecessary logistical costs. Adding the additional layer of services by a third-party proposed by HB714 HD1 will undoubtedly increase the likelihood of scheduling and other logistical delays not experienced by IES’ existing

operations. Other unintended consequences could result in increased operational risks, which could result in fuel shortages and runouts on the Neighbor Islands.

We thank the Senate Transportation and Culture and the Arts Committee for this opportunity to share our concerns and **urge this measure be HELD.**

Albert D.K. Chee, Jr.
Vice President
Island Energy Services, LLC

March 14, 2023

**TESTIMONY IN OPPOSITION TO HB 714, HD1
RELATING TO MOORING LINES**

Senate Committee on Transportation and Culture and the Arts
The Honorable Chris Lee, Chair
The Honorable Lorraine R. Inouye, Vice Chair

Tuesday, March 14, 2022, 3:00 pm
VIA VIDEOCONFERENCE
Conference Room 224
State Capitol
415 South Beretania Street

Chair Lee, Vice Chair Inouye and members of the Committee,

Thank you for the opportunity to provide testimony in opposition to HB 714, HD1, Relating to Mooring Lines.

Par Hawaii is critical infrastructure defined by the Cybersecurity & Infrastructure Security Agency (CISA) in providing energy security for our State. HB 714, HD1, if enacted, will increase the risk of a supply disruption to the Neighbor-Islands and will lead to higher fuel and energy costs.

To visualize, to transport fuel (e.g. gasoline, diesel, jet fuel) to the Neighbor-Islands, our company charters a tug and barge on a long-term basis through Sause Brothers. We load fuel products from our refinery at Barbers Point Harbor approximately every three days and transit to Kauai, Hawaii Island or Maui. We generally visit each island at least once every ten days. It's a demanding schedule that requires our barge to be on the move essentially all of the time and in coordination with all harbors. There is very little downtime.

For decades now, the tug and barge crews have safely secured these vessels at the dock. The crew are qualified, trained, and licensed to carry out these duties and, to our knowledge, there has never been a safety incident related to securing lines to the dock. It's also worth noting that the Sause Brothers tug crews are union members.

Because our barge does not have scheduled downtime, the schedule changes frequently (can be multiple times per week) as a result of inclement weather conditions or because of

loading or discharge operations. If we were required to use a stevedoring company to tie up the tug and barge, Neighbor-Island energy resupply would become subject to the schedule and availability of stevedoring personnel, on top of the foregoing scheduling demands to transport fuel. This will lead to delays in resupply and would meaningfully increase the risk of fuel runouts on the Neighbor-Islands.

Furthermore, the additional cost to contract with stevedoring companies would be passed on to customers, particularly Neighbor Island consumers.

Par Hawaii would not be the only party impacted by this legislation. Other energy companies, including Hawaiian Electric, Hawaii Gas, Aloha Petroleum and Island Energy Services all charter tugs and barges would be subject to these new requirements.

Additionally, non-energy companies such as Hawaiian Cement, American Marine Corporation and Aloha Marine Lines would also be impacted.

The effects of this legislation would be broad, impacting costs and potentially availability of a range of goods that are important to our economy and are transported across all islands.

For the foregoing concerns and unintended consequences, we urge the committee's deferral of HB 714, HD1.

Thank you for allowing us to share our concerns.

Mahalo,

Eric Wright
President
