Testimony in SUPPORT of HB 872
Relating to the Hawaii Healthy Aging Partnership

COMMITTEE ON HEALTH AND HUMAN SERVICES
REPRESENTATIVE DELLA AU BELATTI, CHAIR
REPRESENTATIVE JENNA TAKENOUCI, VICE CHAIR

Testimony of Caroline Cadirao
Director, Executive Office on Aging
Attached Agency to the Department of Health

Hearing Date: February 8, 2023
9:45 AM

Room Number: 329
Via Videoconference

1 **EOA's Position:** The Executive Office on Aging, an attached agency to the Department of
2 Health, **strongly supports HB872** provided that its enactment does not reduce or replace
3 priorities within the Administration's executive biennium budget.

4 **Fiscal Implications:** This measure seeks an appropriation for the Healthy Aging Partnership for
5 SFY 2024 and SFY 2025.

6 **Purpose and Justification:** Led by the Executive Office on Aging and Department of Health
7 Chronic Disease Branch, Hawaii's Healthy Aging Partnership (HHAP) was convened in 2003 to
8 improve health of older adults through two evidence-based intervention programs, Better
9 Choices Better Health (BCBH) and Enhance®Fitness.

10 BCBH is a six-week self-management workshop developed by Stanford University that teaches
11 participants skills to manage their chronic health conditions and reduce emergency room and
12 physician visits. The workshop does not replace prescribed treatment but supports medical-

1 professional treatment plans. In the State of Hawaii, an individual spends on average about
2 \$20,477 per year on emergency room visits and hospitalizations. The State of Hawaii BCBH
3 program operates in collaboration with the Hawaii State Department of Health Diabetes
4 Prevention Program. Since its inception, 3,185 individuals across the State participated in
5 BCBH. Pre-and post-test data showed decreases in 1) visits to physicians' offices and
6 emergency rooms; 2) pain; 3) fatigue; 4) shortness of breath; and 5) stress. A BCBH participant
7 saves an average of \$654.18 in healthcare costs (University of Memphis Healthcare Costs
8 Estimator Tool: CDSMP).

9 Enhance®Fitness is an evidence-based exercise program designed to improve the health of older
10 adults and reduce health care costs by improving cardiovascular fitness, strength, flexibility, and
11 balance. Enhance®Fitness has been available in the county of Kauai since 2007 and in the
12 county of Maui since 2012. The program has enrolled 1,872 participants. Both the BCBH and
13 the Enhance®Fitness programs have shown that older adults with chronic conditions benefit by a
14 focus on self-management techniques and exercises to avoid long term complications associated
15 chronic conditions and improve their independence and quality of life.

16 HHAP received \$550,000 in SFY2020 from the 2019 Hawaii State Legislature through ACT 12.
17 Since 2019, HHAP has not received state funds from the legislature. Without additional funding,
18 the HHAP will not be able to continue to offer the BCBH and Enhance®Fitness programs to
19 older adults in the State of Hawaii at its current level.

20 **Recommendation:** The EOA strongly supports an appropriation to the HHAP provided that its
21 enactment does not reduce or replace priorities with the Administration's budget request.

22 BCBH and EF programs have significant impact on quality of life and independence, while
23 saving on overall healthcare costs. These two evidence-based programs are important and
24 effective public health interventions.

25 Thank you for the opportunity to testify.

AGENCY ON ELDERLY AFFAIRS

KEALOHA TAKAHASHI, EXECUTIVE

DONNA LYNN LOO, ASSISTANT EXECUTIVE

DEREK S.K. KAWAKAMI, MAYOR
MICHAEL A. DAHLIG, MANAGING DIRECTOR

Testimony of L. Kealoha Takahashi Executive on Aging, County of Kaua'i

Before the
Committee on Health & Homelessness
February 8, 2023; 9:45 am
Via Videoconference, Conference Room 329

In consideration of **House Bill 872** **Relating to the Hawaii Healthy Aging Partnership**

Honorable Chair Belatti, Vice Chair Takenouchi and Members of the Committee:

The County of Kaua'i, Agency on Elderly Affairs is in **support** of HB 872, which is to appropriate funds to the Executive Office on Aging within the Department of Health for Hawaii Healthy Aging Partnership. The Hawaii Healthy Aging Partnership was formed to improve older adults' health through two scientifically proven, evidence-based programs.

The Agency on Elderly Affairs provides two evidence programs. First, the Better Choices Better Health (BCBH) is a 6-week self-management workshops. The workshops support medical-professional-recommended treatment plans. People learn skills to manage their health conditions and interact with their healthcare providers. Kaua'i offers three types of workshops including Diabetes Self-Management Program, Chronic Disease Self-Management Program and Cancer Thriving & Surviving.

Second, EnhanceFitness (EF) is an ongoing exercise program designed for older adults and meets three times weekly. It consists of cardio, strength, balance, and flexibility exercises. Nationally certified fitness instructors lead these classes. Participants improve upper and lower body strength, balance, and mobility, increase the number of days spent exercising, and experience fewer falls.

With the challenges faced due to the pandemic, we shifted to providing activities in alternative formats from in-person to modified exercise classes online and holding telephone classes for the self-management programs. We are committed as we move forward to provide both remote and in-person activities to support older adults to age well, remain active, and enjoy life.

Thank you for your consideration of this testimony in **support** of HB 872.

THE KŪPUNA CAUCUS

Feb 6th for HLT_02-08-23

TO: COMMITTEE ON HEALTH & HOMELESSNESS

Rep. Della Au Belatti, Chair

Rep. Jenna Takenouchi, Vice Chair

CONCERNING: HB1031 (Penalties Unlicensed Care Homes), HB914 (Health), HB872 (Healthy Aging Partnership), HB278 (Relating to Health), HB838 (Relating to Long Term Care)

POSITION: Full Support

Aloha Chair Belatti, Vice Chair Takenouchi, and Members of the Committee

The Kupuna Caucus of the Democratic Party of Hawaii supports the bills listed above.

The Caucus feels strongly that any measures which prevent Kupuna from being placed in an unlicensed care home, either willingly or unwillingly should be passed. Too many people take advantage of Kupuna in so many ways, their care and wellbeing should be one of the States most important concerns.

Along those lines, Long Term Care is becoming one of the most important issues for all Kupuna and their families all over the country as well as here in Hawaii. As the population of our nation ages and the birth rates go down the issue of long term care for our elders is affecting us all. This is of special concern to those Kupuna who have little or no family, and/or limited finances. Homelessness is sad enough, but a homeless Kupuna is one of the most heartbreaking sights in our state. This is not consistent with the Hawaiian cultural traditions for Kupuna.

Keeping Kupuna as healthy as possible requires the coordination of many services and departments so any bills which assist those efforts are very necessary.

Finally, Alzheimer's disease is one of the most tragic disabilities that can affect any human being. When it happens to a mother or father the family is forced to watch their beloved elder slowly wither away into a state of confusion and loss. When people are ignorant of the symptoms or the possible progress it can be a devastating shock.

Please vote to pass these bills.

Martha Randolph for The Kupuna Caucus

The State Legislature
House Committee on Health and Homelessness
Wednesday, February 8, 2023
Conference Room 329, 9:45 a.m.

TO: The Honorable Della Au Belatti, Chair
RE: Support for H.B. 872 Relating to Healthy Aging Partnership

Aloha Chair Belatti and Members of the Committee:

My name is Keali'i Lopez and I am the State Director for AARP Hawai'i. AARP is a nonpartisan, social mission organization that advocates for individuals age 50 and older. We have a membership of nearly 38 million nationwide and nearly 140,000 in Hawaii. We advocate at the state and federal level for the issues that matter most to older adults and their families.

AARP Supports H.B. 872 which appropriates funds to the Executive Office on Aging for the Hawaii Healthy Aging Partnership program to continue improving the health and well-being of Hawaii's kūpuna.

Since the program's inception in 2003, the Healthy Aging Partnership (HAP) has continued to demonstrate its success as an evidenced-based health promotion and disease prevention program. This includes EnhancedFitness, a low impact aerobics class and the chronic disease self-management (Better Choices, Better Health) workshops. Many kūpuna learned to effectively manage their health by making better health decisions and adopting healthier lifestyles through these programs.

During the COVID-19 pandemic, HAP had modified its programs to safely accommodate participants in virtual classes, telephone sessions and even mailed toolkits to keep people engaged. We were pleased to learn that the EnhanceFitness and Better Choices and Better Health programs remained effective even through these modified learning formats. As the COVID-19 restrictions are easing, HAP is now ready to scale up programs in both remote and in-person formats to help more kūpuna stay healthy. Funding will now be needed to make this a possibility. We ask that funds are appropriated to support these long-standing, successful health promotion programs that help keep Hawai'i's kūpuna healthy and well.

Thank you very much for the opportunity to testify in strong support for **H.B 872**.

Sincerely,

Keali'i S. López, State Director

To: Chair Della Au Belatti and Members
Committee on Health and Homelessness

Subject: Support of HB872 Relating to the Hawaii Healthy Aging Partnership

I wish to add my testimony in strong support of HB872 which through the Hawaii Healthy Aging Partnership (HHAP) will enable seniors in communities throughout the state, such as ours in Pearl City, to have access to programs that will keep them healthy and contributing to the daily activities in their neighborhoods.

As a senior, I've been so aware of how important it is, no matter how old you are, to exercise and keep yourself healthy. When the CURVES franchise opened in Hawaii in 2002, I became a member and continued to exercise there until the very last location in Hawaii closed in October 2022. Sadly, most of the women had few options as to where they would go to continue to keep in shape. I was very fortunate that in August 2022 our church, Pearl City Community Church, began to offer EnhanceFitness, an evidence-based exercise program for seniors, in partnership with the YMCA of Honolulu and the University of Hawaii Center on the Family. I also participated in Better Choices, Better Health, an online chronic disease self-management program, which has helped me to better live with my health conditions and to make decisions that contribute to a healthier lifestyle.

My participation three times a week in the hour-long EnhanceFitness program gives me the opportunity to engage in stretching, cardiovascular and balance exercises, and strength training to keep my body strong, flexible and prepared to react more quickly to dangers such as potential hazards, tripping and falling. It is reassuring to know that studies have shown that this program has kept seniors out of emergency rooms and hospitals and has lessened medical costs for both individuals and government agencies.

Please support HB872 Relating to the Hawaii Healthy Aging Partnership to fund these two evidence-based programs to ensure that seniors throughout our state will stay healthy and enjoy the rest of their lives as active members in their communities.

Thank you for this opportunity to provide my testimony,

Jean Kimoto

January 30, 2023

Dear Hawaii Legislators,

RE: **HB872**
SB853
SB1419

My name is Frances Nakamura. I live on the island of Oahu.

I have been involved and exercising in the Pearl City Community Church EnhanceFitness Program since August 2022. EnhanceFitness is an evidence-based falls prevention exercise program. It has improved my cardiovascular fitness, strength, flexibility and balance. Classes are held three times per week and runs one hour each session. I exercise and have time to socialize with people in class.

EnhanceFitness has had a positive impact on my life. The most significant outcome has been the commitment to a healthier lifestyle and improving my fitness and well being. The benefits of socializing with other kupuna have been to make new friends, enjoy life and to engage in healthy activities within my community.

Please provide funding for the Healthy Aging Partnership Program so that I can continue to participate in EnhanceFitness. Staying healthy and preventing falls are very important to me and to other older adults.

Sincerely,

Frances Nakamura

TO: Chair Della Au Belatti and Members
Committee on Health and Homelessness

Subject: STRONG SUPPORT HB872 Relating to the Hawaii Healthy Aging Partnership

I write in **STRONG SUPPORT** of HB872 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP.

The Hawaii Healthy Aging Partnership (HHAP) has been working in communities to offer two evidence-based interventions to improve the health and well-being of older adults. HHAP offers *EnhanceFitness* and *Better Choices, Better Health*. Both programs are proven to be effective in improving the health of older adults and empowering them to be active and engaged in communities.

Hawaii's older adult population continues to grow in number and proportion. This is true for our Pearl City community. Thanks to the partnership that exists with the Pearl City Community Church, the YMCA, and the University of Hawaii-Center on the Family, the Hawaii Healthy Aging Partnership's *EnhanceFitness* program is offered in our Pearl City community. The *EnhanceFitness* program is an effective and enjoyable falls prevention exercise program.

The funding appropriated by the Legislature is critical to enable the Hawaii Healthy Aging Partnership to continue to offer evidenced based programs to improve the health and well-being of older adults. Funding is also aligned with *the 2019-2023 Hawaii State Plan on Aging's* Goal 1: Maximize opportunities for older adults to age well, remain active, and enjoy quality lives while engaging in their communities.

Please SUPPORT HB872 relating to the Hawaii Healthy Aging Partnership so that older adults across our State can age well, remain healthy and active, and enjoy quality lives while engaging in our communities.

Thank you for the opportunity to provide testimony.

Subject: SUPPORT FOR
HB872 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP
SB853 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP
SB1419 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP

Aloha,

I am not a member of the Pearl City Community Church, so my initial introduction to my EnhanceFitness comrades was when we all met in class last August. From the beginning, it was a revelation as I had never before met a group of more spirited and dynamic 70, 80, and 90-year old adventurers. Not only are they active in keeping fit, they are involved in after-school care, nurturing the arts, and attending to the underprivileged through community outreach programs. These kupuna, therefore, are contributing members of the public and, thus, their well-being should be a key focus for those entrusted with the power to enhance our social quality of life.

With many fitness options available, why should a specific program such as EnhanceFitness be funded? Although all options are valuable, from the perspective of a participant, EF has broader goals and curriculum.

- **Evidence-based** - sponsored by various seniors servicing and research organizations, EF relies on data to develop a course to reduce falls through cardio exercises, strength training, balance improvement, and muscle toning for the elderly.
- **Adaptability** – exercises can be tailored to your level and accommodations are made for specific limitations.
- **Engagement** – the instructors know us as individuals and there is a true sense that our success is their success.
- **Covid Protocol** – participation protocols are rigidly enforced to provide us with the safest environment possible.

Another benefit of EF is **application**. It is not merely an exercise program, it is meant to be woven into our day to day. For example, one of the exercises aims at reducing trips and falls by having us exaggerate step-over movements to avoid obstacles. Having done this many times in class, I find myself repeating in my head “step over, step over” when walking over a cord at home or maneuvering around boxes in the storage room. So the measurement of success is not just the assessment we take at the end of each semester, it’s the personal success of knowing that we have strengthened our own ability to affect outcome.

And you have the ability to affect the outcome of this bill. You have the ability to prioritize the health and safety of our kupuna. You have the ability to sponsor the opportunities that help them to remain as vital and productive as they hope to be. Please support this bill.

Mahalo,
Ruriko Matsuoka

Subject: SUPPORT FOR
HB872 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP
SB853 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP
SB1419 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP

Since August 2022, I have participated in Pearl City Community Church's EnhanceFitness program. The focus of the program is fall prevention through exercise. The immediate benefits are improved cardiovascular fitness, strength, flexibility and mobility, and balance.

The most significant outcomes are psychological, mental and social. I am not intimidated by the gym equipment, "competition" by the "fit gurus" and large facility. I have to use my "brain" to make the coordinated steps and movements. Without focus, your arms and legs will not move in coordination. A class composed of your "peers", non-competitive, you can laugh and chat with your "new" friends. There is no "embarrassment" as we all try to do our best as many of us have never been to an "organized" fitness class. This is an experience I will treasure.

Please provide funding for the Hawaii Healthy Aging Partnership Program so that I can continue to participate in EnhanceFitness. Staying healthy and preventing falls are very important to me and to other older adults.

Remember: It is not how long you live, but how you live long.

Sincerely,

Calvin M. Yoshida

I exercise and have time to socialize with people in class.

EnhanceFitness has had a positive impact on my life. The most significant outcome has been

Please continue this exercising program. As I watch people in their 60, 70, 80 & 90's exercise, it gives us hope for a better and healthier life.

Please provide funding for the Hawaii Healthy Aging Partnership Program so that I can continue to participate in EnhanceFitness. Staying healthy and preventing falls are very important to me and to other older adults.

Sincerely,

John Bartsch

I am 76 and we are in our 2nd of 16 weeks program of Enhanced Fitness Program. During this time my health has gotten better and my doctors like my new health results.

1) I have lost 8 lbs and 1 1/2" off my waist.

2) my stomach muscles are getting harder each week.

3) my biceps and triceps are getting bigger, like they were when I was 10 years ago.

4) I can't say enough about my balance, it must be 110% better than ever before.

5) I am a member of PCC church and promote this program to the members.

I give thanks for the Enhance Fitness program at this time in our lives. your financial support would be greatly appreciated also.

COMMITTEE ON HEALTH & HOMELESSNESS
Rep. Della Au Belatti, Chair Rep. Jenna Takenouchi, Vice Chair

Wednesday, February 8, 2023 TIME: 9:45 AM
PLACE: VIA VIDEOCONFERENCE Conference Room 329

HB 872

Title: Hawaii Healthy Aging Partnership; Executive Office on Aging; Department of Health; Appropriation

Position: Support

Chair Bellatti, Vice Chair Takenouchi and members of the Committee:

I'm Beverly Gotelli a member on the Policy Advisory Board on Elderly Affairs and a participant of Enhanced Fitness, which is one of the two programs in this legislation. I'm writing in support of HB 872, as the bill states it is evidence based program and is beneficial to the participants. I live on the island of Kaua`i.

I have been a participant of the Enhanced Fitness program for 5 years and have benefitted by a healthier life style. The members meet three times a week for an hour. Our instructor during the pandemic and currently have provided us with lessons via Zoom. The hour spent together not only helps us physically but also mentally. We are able to interact with each other socially and that has been missed by many during the pandemic.

Funding has been appropriated in the past and I would like to see it be included this year. The last time HAP was appropriated state funds from the legislature was in 2019 for \$550,000. My fellow participants have built up a strong relationship through the program. We have been able to share with each other our medical and personal problems.

This program has many benefits for Kupuna and provided interaction that has been missed. Funding is the key issue and without the appropriation the programs may need to end.

Thank you for the opportunity to testify in support of HB 872.

Sincerely yours,
Beverly Gotelli
PABEA member

TO: Senate Committee on Human Services
Honorable Chair Senator Joy A. San Buenaventura
FROM: Paula Keele
DATE: February 5, 2023
SUBJECT: SB853 RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM
HEARING: Wednesday, February 8, 2023
POSITION: Support of SB853

Thank you for this opportunity to submit testimony for SB853 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP PROGRAM.

For the past 14 years I have had the privilege to see and experience firsthand the benefits of two of the Healthy Aging Partnership programs in the Maui community-Better Choices, Better Health and EnhanceFitness.

For the past 12 years I have worked as an Instructor, Master Trainer, and T-Trainer for *EnhanceFitness*, a community, evidence-based fitness program for older adults. On Maui our program grew from one class (three times week) in 2012, to fifteen classes (three times a week) pre-COVID. After a total shut down of the program in 2020, we have slowly started to rebuild our classes both online and in person (currently 3 online, 6 in person). To date we have serviced over 1000 kupuna on Maui alone and already have waiting lists for classes just as we did pre-COVID.

Through regular program evaluations 99% of our participants share they would take this class again, and we would like to be able to offer it to them. Funding for our program is essential if we hope to continue encouraging our kupuna to stay healthy and independent as they age. To reach as many older adults as possible classes are offered in churches, community centers, a mental health clubhouse, and a senior center.

Our participants often remind me how healthy aging programs provide them with the health and energy they need to continue giving back to our community. I've included just a small sampling of some of the things our participants have to say about EnhanceFitness when filling out annual evaluation forms.

Thank you for your consideration!
Paula Keele, MS
T-Trainer
EnhanceFitness Maui

Direct quotes from participants:

Losing weight and strengthening my legs were the best thing that ever happened. Class is fun, I'm feeling good, my body feels strong.

I'm not a disciplined person and the set hours are great! Class is fun and I don't fall or faint anymore.

I like everything about EnhanceFitness classes. Too bad the wait-list is so long

I like exercising with a group of people close to my age

It made me realize that a scheduled and routine exercise program is good for me and that I can do it.

I can walk without my cane & improved my balance

This class makes exercising fun, I usually hate doing exercises. I like the physical improvement- there is a noticeable improvement in my ability to go up & down stairs.

I like how this class is designed especially for seniors. No competitive spirit. I like seeing the improvement among the participants. Let's keep these classes!

I like the routine and challenge of this class. Class covers so much of what is reported (in media) that is important to health-especially senior health.

This exercise class is helpful for my arthritic knees & fingers and other joints-also for my tingling legs.

I enjoy meeting and exercising with my friends. Also, I have something to look forward to every Mon, Wed & Friday which makes me feel lively the rest of the day.

I've improved tremendously mentally & physically. My bursitis of both hips are better! The class is fun!

I am a runner and cyclist and the Enhance Fitness class is helping me stay injury free

What I like about this class is that I feel better & no longer have back aches!

Excellent program. I appreciate the levels to do additional work to make the exercises more challenging.

This class has taught me a lot about maintaining my physical strength, posture, core endurance, breathing, helping me with my neck & posture problems. Class is fun, time goes by quickly and the class is great!

SUBJECT: HB872 MAKING AN APPROPRIATION TO THE HAWAII HEALTHY AGING PARTNERSHIP PROGRAM

HEARING: Wednesday, February 8, 2023, 9:45 a.m. Conference Room 329 & Videoconference

POSITION: Support of HB872

I am testifying as an individual. Thank you for this opportunity to submit testimony for HB872 MAKING AN APPROPRIATION TO THE HAWAII HEALTHY AGING PARTNERSHIP PROGRAM.

During the pandemic, many older adults were negatively impacted due to limited opportunities to engage in health promotion services and programs in the community. According to the pandemic impact survey conducted by the University of Hawaii Center on the Family, findings showed that many older adults declined health and reduced their time to exercise.

Hawaii Healthy Aging Partnership offers group exercise classes that help older adults prevent falls and chronic disease self-management workshops that help older adults prevent and manage chronic diseases. Programs are offered on all islands in collaboration with the state, county offices on aging, and various community organizations. Currently, these programs are offered through in-person with limited capacity, virtually, and over the phone.

Without these programs, more older adults would access emergency and acute health services for falls and chronic diseases. As our population ages, we need to put more effort into keeping our kupuna healthy and at home, and out of more costly care facilities.

Hawaii Healthy Aging Partnership is in a critical situation. This appropriation will help them to keep the statewide coordinator, evaluator, and trainers. They play critical roles in sustaining Hawaii Healthy Aging Partnership and these great programs.

Mahalo for your support of these important measures to keep our kupuna healthy and independent.

Michiyo Tomioka

Committee on Health and Homelessness

**TESTIMONY – SUPPORT FOR HB 872 RELATING TO THE HAWAII
HEALTHY AGING PARTNERSHIP**

Thank you for this opportunity to submit testimony in support of HB 872 Relating to the Hawaii Healthy Aging partnership.

Since 2003, the State Executive Office on Aging, in partnership with the four County Area Agencies on Aging—Kauai Agency on Elderly Affairs, Elderly Affairs Division-Honolulu, Maui County Office on Aging, Hawaii County Office of Aging; Department of Health's (DOH) Community Health Division; University of Hawaii; and other public and private sectors, and community have joined forces to design, implement, and evaluate a community health partnership to improve the health status of older adults.

At the County level, two evidence-based programs were implemented, EnhanceFitness (EF), a physical activity program, and Better Choices, Better Health (BCBH), a chronic disease education program. Both programs have shown, over the years, its effectiveness to improve the health status of older adults and promote and support healthy lifestyles. I had the opportunity to serve as the lead staff with the Kauai County Agency on Elderly Affairs to implement EnhanceFitness, with sites throughout the island. As an evidence-based program, measures of effectiveness are in place to evaluate the benefits of the program on older adults. At the State level, we have appreciated the support from the legislature to continue both programs.

The pandemic has posed challenges for the senior participants, with limitations of in-person classes. As more funding becomes available statewide for HAP, we hope the senior participants can look forward to getting back to their in-person classes and enjoy the socialization with their fellow participants. Healthy aging promotes the well-being of mind, body, and spirit, and we look forward to your favorable consideration and support of HB 872.

Naomi Sugihara
Retired staff, Kauai Agency on Elderly Affairs

Aloha Hawaii Legislators,

RE: HB 872: RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM

I live on the island of Maui and have been involved and participating in the Maui County Office on Aging's EnhanceFitness Program since 2022.

I really wanted to go to the gym or fitness classes but was afraid of catching COVID 19, so I was so happy to learn about the EnhanceFitness online program. I started their online classes to improves my cardiovascular fitness, strength, flexibility and balance. They are also helping build my brain muscles as we are always learning new moves and exercises. They test us every few months to see how we are progressing. Classes are held 2-3 times a week for an hour each session.

I have really noticed my balance improve as well as my co-ordination. My muscles are also getting stronger, I am more flexible and it's great to get my heart pumping. I have so much fun doing the cardio. I don't realize how much I am doing until I start breaking a sweat. The instructors are all so knowledgeable and keep things fun and stimulating.

Please support this bill to provide funding for the wonderful Healthy Aging Partnership Program so that I can continue to participate in EnhanceFitness.

I try to do all I can to stay as healthy as possible and this program is a big part of my overall wellness lifestyle.

Mahalo nui loa,

Paula Phillips

Comments:

I strongly support HB872, which appropriates \$550,000 out of the general revenues of the State of Hawaii for Hawaii Healthy Aging Partnership FY 2024. The Partnership offers Enhance@Fitness and Better Choices Better Health programs to enable seniors to become physically stronger, reduce the risk of falls, and enhance their ability to manage chronic health conditions. Prevention works. The public healthcare cost savings far outweigh the costs of running these nationally recognized evidence-based programs. Without continuous funding, the Partnership will lose certified trainers and the program capacity they spent years developing. The demands for these evidence-based prevention programs increased after the pandemic, and your support for Healthy Aging Partnership is critical. Thank you for considering this testimony.

February 6, 2023

Representative Della Au Belatti, Chair
House Committee on Health & Homelessness
Honolulu, Hawaii

SUBJECT: House Bill 872 RELATING TO THE HAWAII HEALTHY AGING PARTNERSHIP

Hearing Date: Wednesday, February 8, 2023, 9:45 a.m.
Conference Room 329, State Capitol

Dear Chair Au Belatti and Committee Members:

I write in strong support of HB 872 relating to the Hawaii Healthy Aging Partnership (HAP).

As a social worker and as a former administrator of the Healthy Aging program in Maui County, I have directly experienced the significant benefits to our seniors of implementing evidence-based health and wellness programs. Engaging in group exercises that have been proven to increase strength, flexibility, and stability (preventing falls) is a critical support that should continue to be offered to kupuna. We want our elders to be as healthy as they can be and as independent as they are able to be in order to enjoy a high quality of life.

I encourage you to visit a Better Choices Better Health group or an EnhanceFitness class. Both of these evidence-based programs are fun, productive, and help kupuna stay healthy. Funding for Healthy Aging will allow the Executive Office on Aging to continue to offer these programs and (equally important) to provide the data and analysis of outcomes/benefits. Our state and our families benefit greatly from having kupuna remain safely in their homes and avoid the tremendous cost of institutionalized care.

I hope that you will recognize the tremendous benefit that the Healthy Aging Partnership offers to our kupuna and our system of care, and that you will support passage of HB 872.

Respectfully,

Date: Feb. 6, 2023

Dear Hawaii Legislators

RE: HB 872: RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM
SB 853: RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM
SB 1419: RELATING TO THE HEALTHY AGING PARTNERSHIP PROGRAM

My name is _____Karen Paresa Neizman_____. I live on the island of Maui.

I have been involved and Instructing in the Maui County Office on Aging's *EnhanceFitness* Program at the Pukalani Community Center and Waiakoa Gym since 2017. *EnhanceFitness* is an evidence-based program that improves cardiovascular fitness, strength, flexibility and balance. Classes are held 3 times a week for an hour each session. I instruct and socialize with others in a friendly, safe, fun environment.

EnhanceFitness has had a positive impact on my life and the lives of our participants. The most significant outcome(s) has/have been: Overall improved quality of life. Better balance, more stamina, increased flexibility and improved self-confidence all which allow participants to live independent lives. Participants have become friends and often socialize outside of class. In my opinion EF classes are an important part of the healthy aging process.

Please provide funding for the Healthy Aging Partnership Program so that I can continue to serve my community through *EnhanceFitness*. Staying healthy is very important to me and to the older adults.

Thank you
Karen J Paresa Neizman
