Comments:

I have lived in Waipahu all my life and no one seems to care about maintaining our streams on a regular basis. The grass and other vegetation is over grown. We need to do a better job to make our streams are a priority.

Comments:

I fully support HCR135. Please pass this resolution as it would be very beneficial in keeping Waipahu canals and streams clean because there are always rubbish in them. Thank you for the opportunity for reading my testimony.
