Comments:

I have been a Maunawili Resident for nearly 20 years and have watched our park get taken over by weeds for over a decade. We need the city to take action so kids and sports teams can safely use the park again. Over half of the field is now an overgrown swamp.

Comments:

I have lived in Maunawili all my life. I have watched our park get taken over by weeds for years. We need the city to take action so sports teams can safely use the park again. Over half of the field is now an overgrown swamp and not safe.

Comments:

I am a Maunawili Resident and a former Coach for baseball. I have watched the park get taken over by weeds and brush for years. We really need the city to take action so kids and sports teams can safely use the park again. Over half of the field is now overgrown and dangerous for kids and people to utilize.

Comments:

I am an active grandmother of 5 and a Maunawili resident. I have watched our park get taken over by weeds and vines for years. We need the city to take action so kids like my grandchildren can safely play and use the park again. Soccer and baseball are really dangerous being overgrown with brush and huge potholes. Over half the field is unusable, swamp and overgrown.
