## Waialua Community Association

*"The WCA serves the entire North Shore Community with meaningful educational and recreational programs. The WCA is a gathering place where children, teens, adults and seniors are encouraged to engage in meaningful social activities that stimulate and support individuals and community."*

### I. BACKGROUND AND SUMMARY

1. The Waialua Community Association was founded in 1934 for the purpose of operating a community center in the Moku of Waialua to accommodate recreational activities, youth clubs, arts and crafts programs, educational classes, community meetings and other welfare and recreational activities. The Waialua Community Association provides a venue for community groups and community members and works with other groups and agencies that further the improvement and life of the residents in the Waialua Moku and beyond. It has been used as a distribution point during emergencies and disasters and for food distribution for the needy.

While the needs of the community have changed over the years, the Waialua Community Association still maintains its initial purpose in the community. The WCA has become an integral part of the North Shore Community, offering a wide range of programs and activities for children, teens, adults, and seniors. The association provides a variety of educational and recreational programs, including hula classes, yoga classes, youth drama class, sewing classes, youth dodgeball and martial arts. The WCA is used by community members to hold graduation, birthday and other parties as well as events such as Kid Boxing, Concerts on the lawn and Community market days. The WCA also sponsors, at no cost to community members, a seniors program, an annual Thanksgiving Luncheon for the less fortunate, an annual Disaster preparedness fair as well as a venue for the North Shore Food Bank and Institute for Human Services. Additionally, the facility offers a commercial kitchen for use by local food vendors, further contributing to the community's economic growth. The WCA's commitment to enriching the lives of its members through these meaningful activities makes it a vital hub for social interaction and personal growth.

2. Goals and Objectives of the Request:

The main goal of this request is to modify and improve the facilities to better meet the current and future needs of the community as well as maintain a safe environment for those using the facility.

3. Public Purpose and Need to be Served:

This is a Capital Improvement (CIP) project. The purpose of this request is the replacement of vinyl jalousie windows in the main gym facility to better accommodate the needs of our community users.

Over time, these windows have deteriorated, with more than 50% of the hardware broken and many slats missing. This poses a safety hazard for the community members who frequent the facility for various activities. The broken jalousies are also inefficient in regulating temperature and preventing dust and dirt from entering the building, compromising the overall hygiene of the space. Furthermore, the deteriorating jalousies affect the overall aesthetics of the WCA building, creating a negative impression on visitors and potential users of the facility. The proposed grant aims to replace the jalousie windows at the WCA facility. By doing so, the association will create a safer and more appealing space for community members to engage in social activities and pursue their interests. The replacement jalousies will not only enhance the aesthetics of the building but also improve its energy efficiency and overall functionality.

The implementation timeline for this project is estimated to be no more than twelve months barring any delays. The WCA will collaborate with a reputable contractor to ensure the quality and efficiency of the window replacement. There are a total of forty eight (48) windows to be replaced of size 36"x 68" each.

#### 4. Target Population:

The Waialua Moku is comprised of four census tracks – 100 (Kawailoa), 99.02 (Haleiwa), 99.05 (Waialua) and 99.06 (Mokuleia). The population of these areas is approximately 13,566 with 4,460 Households.

#### Area Demographics of Waialua Moku (2020 Decennial Census):

Population: 13,566

Employment Rate: 51.4%

#### 5. Geographic Coverage:

The Waialua Community Association services the Moku o Waialua which encompasses 8 square miles and is the second largest Moku on Oahu, It includes 15 ahupua'a extending from Kaena Point to the ahupua'a of Kapaeloa at Waimea. Waimea was annexed to the Moku in 1887. This area of service is part of the Waialua Community Association's original Charter service area and continues to be.
