Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on July 1, 2024, the following bill was signed into law:

SB2070 SD1 HD1 CD1

RELATING TO THE DEPARTMENT OF
EDUCATION.
ACT 150

Sincerely,

Josh Green, M.D.
Governor, State of Hawai'i

THE SENATE
THIRTY-SECOND LEGISLATURE, 2024
STATE OF HAWAII

S.B. NO. 2070
S.D. 1
H.D. 1
C.D. 1

A BILL FOR AN ACT

RELATING TO THE DEPARTMENT OF EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that career and technical
2 education utilizes a wide range of activities and equipment to
3 provide students with industry-based skills and makes academic
4 content accessible to students in a hands-on context. Examples
5 of career and technical education equipment include anatomy
6 tables, flight simulators, and welding simulators. These types
7 of equipment allow for student learning simulations that can be
8 too expensive or not pragmatic for students to perform in a
9 regular classroom setting. While students are encouraged to
10 explore career options and acquire the technical skills and
11 knowledge to work toward industry-recognized certifications and
12 high-demand careers, lack of access to these types of equipment
13 are severely limiting students in the degree to which they can
14 acquire these technical skills and knowledge, requiring them to
15 wait to gain those skills upon employment or in other secondary
16 licensure programs after high school.

17 The legislature further finds that in the department of
18 education's State of Hawaii Public Education 2023-2029 Strategic

1 Plan, one of the stated goals is that all students graduate high
2 school prepared for college, career success, and community and
3 civic engagement. One avenue to achieve this goal is through
4 expanding work-based learning experiences that are often offered
5 through career and technical education. As educational teaching
6 tools have become more advanced, they have also become
7 increasingly expensive to procure, with long lead times for
8 delivery.

9 The legislature also finds that despite the advantages and
10 opportunities that these pieces of equipment can provide, the
11 process to procure them can be lengthy, complicated, and can
12 deter schools from purchasing them. Books and maps are exempted
13 from the Hawaii public procurement code as it is not
14 advantageous to the State to procure these materials by
15 competitive means. In a similar manner, career and technical
16 education equipment should be exempt, as procurement by
17 competitive means is adversely affecting the opportunities for
18 students to acquire technical skills and knowledge.

19 The purpose of this Act is to exempt from the Hawaii public
20 procurement code educational materials and related training for
21 direct student instruction in career and technical education

1 programs within the department of education, subject to certain
2 conditions.

3 SECTION 2. Section 103D-102, Hawaii Revised Statutes, is
4 amended by amending subsection (b) to read as follows:

5 "(b) Notwithstanding subsection (a), this chapter shall
6 not apply to contracts by governmental bodies:
