
A BILL FOR AN ACT

RELATING TO HOUSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a severe
2 housing shortage in Hawaii. The legislature further finds that
3 some medical, educational, and religious institutions are
4 willing to convert a portion of their land to provide housing.
5 It is not the intent of the legislature to allow fly-by-night
6 developers to create one of these types of institutions solely
7 to circumvent the normal development process.

8 The purpose of this Act is to allow medical institutions,
9 educational institutions, and religious institutions to build
10 dwelling units on lands zoned within the urban district, under
11 certain conditions.

12 SECTION 2. Section 46-4, Hawaii Revised Statutes, is
13 amended to read as follows:

14 "**§46-4 County zoning.** (a) This section and any
15 ordinance, rule, or regulation adopted in accordance with this
16 section shall apply to lands not contained within the forest

1 reserve boundaries as established on January 31, 1957, or as
2 subsequently amended.

3 Zoning in all counties shall be accomplished within the
4 framework of a long-range, comprehensive general plan prepared
5 or being prepared to guide the overall future development of the
6 county. Zoning shall be one of the tools available to the
7 county to put the general plan into effect in an orderly manner.
8 Zoning in the counties of Hawaii, Maui, and Kauai means the
9 establishment of districts of such number, shape, and area, and
10 the adoption of regulations for each district to carry out the
11 purposes of this section. In establishing or regulating the
12 districts, full consideration shall be given to all available
13 data as to soil classification and physical use capabilities of
14 the land to allow and encourage the most beneficial use of the
15 land consonant with good zoning practices. The zoning power
16 granted herein shall be exercised by ordinance which may relate
17 to:

- 18 (1) The areas within which agriculture, forestry,
19 industry, trade, and business may be conducted;
20 (2) The areas in which residential uses may be regulated
21 or prohibited;

- 1 (3) The areas bordering natural watercourses, channels,
2 and streams, in which trades or industries, filling or
3 dumping, erection of structures, and the location of
4 buildings may be prohibited or restricted;
- 5 (4) The areas in which particular uses may be subjected to
6 special restrictions;
- 7 (5) The location of buildings and structures designed for
8 specific uses and designation of uses for which
9 buildings and structures may not be used or altered;
- 10 (6) The location, height, bulk, number of stories, and
11 size of buildings and other structures;
- 12 (7) The location of roads, schools, and recreation areas;
- 13 (8) Building setback lines and future street lines;
- 14 (9) The density and distribution of population;
- 15 (10) The percentage of a lot that may be occupied, size of
16 yards, courts, and other open spaces;
- 17 (11) Minimum and maximum lot sizes; and
- 18 (12) Other regulations the boards or [city] council of any
19 county find necessary and proper to permit and
20 encourage the orderly development of land resources
21 within their jurisdictions.

1 The council of any county shall prescribe rules,
2 regulations, and administrative procedures and provide personnel
3 it finds necessary to enforce this section and any ordinance
4 enacted in accordance with this section. The ordinances may be
5 enforced by appropriate fines and penalties, civil or criminal,
6 or by court order at the suit of the county or the owner or
7 owners of real estate directly affected by the ordinances.

8 Any civil fine or penalty provided by ordinance under this
9 section may be imposed by the district court, or by the zoning
10 agency after an opportunity for a hearing pursuant to chapter
11 91. The proceeding shall not be a prerequisite for any
12 injunctive relief ordered by the circuit court.

13 Nothing in this section shall invalidate any zoning
14 ordinance or regulation adopted by any county or other agency of
15 government pursuant to the statutes in effect prior to July 1,
16 1957.

17 The powers granted herein shall be liberally construed in
18 favor of the county exercising them, and in [~~such~~] a manner [~~as~~
19 ~~to promote~~] that promotes the orderly development of each county
20 or city and county in accordance with a long-range,
21 comprehensive general plan to ensure the greatest benefit for

1 the State as a whole. This section shall not be construed to
2 limit or repeal any powers of any county to achieve these ends
3 through zoning and building regulations, except insofar as
4 forest and water reserve zones are concerned and as provided in
5 subsections (c) and (d).

6 Neither this section nor any ordinance enacted pursuant to
7 this section shall prohibit the continued lawful use of any
8 building or premises for any trade, industrial, residential,
9 agricultural, or other purpose for which the building or
10 premises is used at the time this section or the ordinance takes
11 effect; provided that a zoning ordinance may provide for
12 elimination of nonconforming uses as the uses are discontinued,
13 or for the amortization or phasing out of nonconforming uses or
14 signs over a reasonable period of time in commercial,
15 industrial, resort, and apartment zoned areas only. In no event
16 shall [~~such~~] the amortization or phasing out of nonconforming
17 uses apply to any existing building or premises used for
18 residential (single-family or duplex) or agricultural uses.
19 Nothing in this section shall affect or impair the powers and
20 duties of the director of transportation as set forth in chapter
21 262.

1 (b) Any final order of a zoning agency established under
2 this section may be appealed to the circuit court of the circuit
3 in which the land in question is found. The appeal shall be in
4 accordance with the Hawaii rules of civil procedure.

5 (c) Each county may adopt reasonable standards to allow
6 the construction of two single-family dwelling units on any lot
7 where a residential dwelling unit is permitted.

8 (d) Notwithstanding any law, ordinance, or standard to the
9 contrary, a religious institution, educational institution, or
10 medical institution may build dwelling units on a parcel of land
11 the institution owns that is within the state urban land use
12 district; provided that a county may impose development
13 standards as authorized under this section; provided further
14 that a county shall not require a special use permit,
15 conditional use permit, or other non-ministerial review for
16 dwelling units developed under this subsection; provided further
17 that a county shall allow for at least ten dwelling units per
18 acre.

19 Any proposed housing development developed pursuant to this
20 subsection shall be less than fifteen acres and no greater than
21 fifty per cent of the parcel area; provided further that any

1 dwelling units developed on the institution's property pursuant
2 to this subsection shall be retained by the institution so long
3 as the institution remains in existence.

20 color, or ancestry, and has no part of its earnings inured to
21 any private shareholder or individual.

1 ~~[(d)]~~ (e) Neither this section nor any other law, county
2 ordinance, or rule shall prohibit group living in facilities
3 with eight or fewer residents for purposes or functions that are
4 licensed, certified, registered, or monitored by the State;
5 provided that a resident manager or a resident supervisor and
6 the resident manager's or resident supervisor's family shall not
7 be included in this resident count. These group living
8 facilities shall meet all applicable county requirements not
9 inconsistent with the intent of this subsection, including but
10 not limited to building height, setback, maximum lot coverage,
11 parking, and floor area requirements.

12 ~~[(e)]~~ (f) Neither this section nor any other law, county
13 ordinance, or rule shall prohibit the use of land for employee
14 housing and community buildings in plantation community
15 subdivisions as defined in section 205-4.5(a)(12); in addition,

18 subdivisions as a nonconforming use.
