
A BILL FOR AN ACT

RELATING TO THE HAWAII PUBLIC HOUSING AUTHORITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that much of the State's
2 aging public housing stock has fallen into disrepair. Without
3 adequate reinvestment, deteriorating structural conditions can
4 worsen and pose significant risks to many low-income families
5 who need or already receive housing assistance. The legislature
6 also finds that public housing vacancies have hindered the
7 State's efforts to expand affordable housing availability at a
8 time when it is most desperately needed.

9 The legislature further finds that the Hawaii public
10 housing authority is responsible for administering a federal and
11 state low-income public housing program. With properties
12 statewide, the Hawaii public housing authority manages
13 approximately 6,270 units of public housing throughout the
14 State. The Hawaii public housing authority estimates that there
15 are currently three hundred dwelling units lying vacant because
16 they require extensive capital repairs.

1 The legislature additionally finds that a significant
2 majority of Hawaii's public housing residents have household
3 incomes of less than thirty per cent of the applicable area
4 median income, with few exceptions. Local demand for affordable
5 rental units continues to greatly outpace the construction of
6 any new supply. The legislature notes that housing developers
7 often struggle to make such projects pencil out. Many housing
8 developers also find projects completely cost-prohibitive. As
9 such, the legislature believes repairing vacant public housing
10 units offers a partial, yet straightforward solution to easing
11 Hawaii's affordable housing crisis. The Hawaii public housing
12 authority anticipates that these vacant units could be made
13 habitable again in as quickly as eighteen months.

14 Accordingly, the purpose of this Act is to appropriate
15 funds to repair and improve the quality of the State's existing
16 public housing in order to expand affordable housing
17 opportunities for Hawaii's communities' most disadvantaged
18 families.

19 SECTION 2. There is appropriated out of the general
20 revenues of the State of Hawaii the sum of \$30,000,000 or so
21 much thereof as may be necessary for fiscal year 2023-2024 and

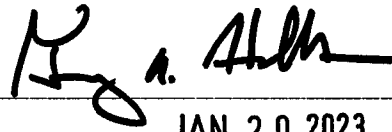

1 the same sum or so much thereof as may be necessary for fiscal
2 year 2024-2025 for the repair, renovation, improvements, and
3 maintenance of federal and state low-income public housing
4 units.

5 The sums appropriated shall be expended by the Hawaii
6 public housing authority for the purposes of this Act.

7 SECTION 3. This Act shall take effect on July 1, 2023.
