A BILL FOR AN ACT

RELATING TO SAFE ROUTES TO SCHOOL.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that transforming
2 Hawaii's surface transportation systems and infrastructure to
3 prioritize walking, rolling, bicycling, and public transit is at
4 the nexus of the State's commitments to public health, public
5 safety, economic vitality, and environmental sustainability.
6 The most important component of this transformation is ensuring
7 that every child in Hawaii enjoys the infrastructure, social
8 support, confidence, and skills to walk, roll, bike, or bus to
9 school.

10 The legislature further finds that ensuring safe routes to
11 school for every keiki will not only protect our most vulnerable
12 road users, but also serve as a long-term investment in the
13 future of transportation in the State. However, the legislature
14 recognizes that decades of automobile-centric planning and
15 development have created formidable barriers to this
16 transformation. These barriers include a lack of complete,
17 safe, and comfortable bike and pedestrian networks; burdensome

1 and complicated funding mechanisms for safe routes to school
2 programs and community engagement; a lack of a state safe routes
3 to school plan that creates performance measures, goals,
4 strategies, and accountability; and a lack of coordination of
5 safe routes to school promotion among state and county agencies
6 and community-based organizations.

7 Accordingly, the purpose of this Act is to:

8 (1) Establish the safe routes to school advisory committee
9 to develop a comprehensive statewide safe routes to
10 school plan to advise the State on strategies to
11 ensure that each child in the State is able to safely
12 bike, walk, roll, or bus to that child's respective
13 school; and

14 (2) Appropriate moneys for the department of
15 transportation to hire additional staffing, including
16 one full-time equivalent (1.0 FTE) safe routes to
17 school program coordinator, and procure facilities and
18 equipment necessary to support the safe routes to
19 school advisory committee.

1 SECTION 2. Chapter 291C, Hawaii Revised Statutes, is
2 amended by adding a new section to part I to be appropriately
3 designated and to read as follows:
