

JAN 24 2024

A BILL FOR AN ACT

RELATING TO FIREARMS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State has some
2 of the strongest gun safety laws in the nation, and in 2023 the
3 State received an A-minus rating from the Giffords Law Center to
4 Prevent Gun Violence. Additionally, according to the Centers
5 for Disease Control and Prevention, the State had the third
6 lowest number of gun deaths per capita in the nation in 2021.
7 The legislature is committed to protect the safety and well-
8 being of its citizens. However, the fact that Hawaii is the
9 only state with an assault weapons ban that fails to ban assault
10 rifles and assault shotguns is inconsistent with this
11 commitment.

12 Accordingly, the purpose of this Act is to:

13 (1) Amend the prohibition on certain assault weapons to
14 include assault rifles, assault shotguns, .50 caliber
15 rifles, and assault weapon attachments;

16 (2) Modernize the prohibition on assault pistols to
17 include pistols with one or more prohibited features;

- 1 (3) Expand the ban on pistols with a detachable magazine
- 2 with over a ten round capacity to any firearm with a
- 3 detachable magazine with over a ten round capacity;
- 4 (4) Prohibit persons from bringing or causing to be
- 5 brought into the State an assault rifle or assault
- 6 shotgun;
- 7 (5) Prohibit the sale or transfer of an assault rifle or
- 8 assault shotgun in the State, unless the assault rifle
- 9 or assault shotgun is sold or transferred to an
- 10 authorized individual; and
- 11 (6) Create exceptions for the acquisition and possession
- 12 of prohibited firearms for members of law enforcement
- 13 and the military.

14 SECTION 2. Section 134-1, Hawaii Revised Statutes, is
15 amended as follows:

16 1. By adding seven new definitions to be appropriately
17 inserted and to read:
