
A BILL FOR AN ACT

RELATING TO HEMP.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that hemp is a high-value
2 crop that has the potential to bring significant and diverse
3 revenues to Hawaii, be a lucrative crop for Hawaii farmers, and
4 support food security for the State. Hemp has over fifty
5 thousand recognized uses including as fuel; food, including the
6 seeds, oil, juice from leaves, and herbal tinctures; and fiber
7 used in supercapacitors, cloth, building materials, and
8 bioplastic. Many Hawaii farms subsidize food production with
9 non-farming income or jobs. Hemp could provide farm-based
10 income for farmers to expand or stabilize their food production.

11 The legislature further finds that the Hawaii hemp
12 cannabinoid and cannabidiol market is approximated to be
13 \$32,000,000 to \$54,000,000 annually, but most of that money
14 flows to out-of-state hemp farmers and businesses due in part to
15 Hawaii residents not being able to differentiate between Hawaii
16 branded products made with imported hemp and products made with
17 Hawaii-grown hemp. Given the number of "Buy Local", "Buy

1 Aloha", and "Eat Local" campaigns that have been launched,
2 Hawaii residents, when given the opportunity and transparent
3 data, will often choose Hawaii-grown products. The legislature
4 recognizes that Hawaii residents and consumers deserve
5 transparency in hemp product labeling.

6 Furthermore, the legislature finds that Hawaii hemp farmers
7 have the highest costs of production among United States hemp
8 farmers. Hawaii branded products often garner more in the
9 marketplace and labeling hemp as Hawaii-grown is one of the few
10 ways for Hawaii hemp farmers to remain competitive in addition
11 to creating a more circular economy that benefits Hawaii
12 residents. Origin labeling helps protect the quality and
13 authenticity of Hawaii's hemp industry, supports the recognition
14 of Hawaii farmers' hard work, and ensures that Hawaii-grown hemp
15 is accurately represented in the marketplace while supporting a
16 consumer's right to transparency.

17 Accordingly, the purpose of this Act is to require a
18 producer of any hemp product to include in the identity
19 statement used for labeling or advertising any hemp product:

20 (1) The percentage of Hawaii-grown hemp in the hemp
21 product; and

1 (2) For any hemp product not from Hawaii, the origin of
2 the hemp and percentage of the hemp from the origin.

3 SECTION 2. Section 141-42, Hawaii Revised Statutes, is

3 of hemp origin as "United States" or "Foreign" if the hemp
4 product includes hemp from a source outside of the United
5 States.

7 section or any rule adopted pursuant to this section shall be

13 a civil action.

14 ~~(e)~~ (f) For any judicial proceeding to recover an
15 administrative penalty imposed by order or to enforce a cease
16 and desist order against a hemp producer, the department may
17 petition any court of appropriate jurisdiction and need only

- 20 (2) A hearing was held or the time granted for requesting
21 a hearing has expired without ~~such~~ a request;
