Representative Eli continues to work with community members to support projects and events that help with economic opportunities for the many entrepreneurs that reside on the Wai'anae coast. Emerging Legislative Leaders Program

Representative Stacelynn Eli -
Hawai'i State House of
Representatives

Vice-Chair, House Committee
of Labor and Public
Employment
Member, House Committee of
Finance
Member, House Committee of
Consumer Protection and
Commerce

Representative Stacelynn Eli was one of fifty legislators from across the country selected to represent their state at the Emerging Legislative Leaders Program held at Darden School of Business University of Virginia. It was a non-partisan program where party affiliations were not allowed to be discussed. The purpose was to share with each other what was going on in different parts of our country and how legislators from different legislative houses were addressing the concerns of their communities. It was a humbling and eye opening experience. It gave each participant an opportunity to learn from other leaders across the country and also to take a look at the history of the United States with brief lectures given by professors from the University of Virginia.
