We will get through this together!

YES PROJECT

Pu'u Heleakala Recreation Center

On July 30th the Office of Student Support Services, Education of Homeless Children & Youth from the Department of Education partnered with Project Vision Hawaii, Hale Ola NHIS School Based Health Center, Hawaii Keiki Nurses, Ke Ola Mano, Nānākuli Elementary School, Nanaikapono Elementary School, Leeward Community College, Wai'anae Moku Center, Wai'anae Coast Comprehensive Health Center and many more came together to do a mobile outreach for our community.

The purpose was to increase identification and connect the dots between school and home. This was done by building relationships with students and families that were able to attend.

School supplies as well as information on resources were handed out. Also staff was available to talk about and help families register their keiki for Kindergarten.

Mahalo to all that volunteered!!

On August 7th Representative Eli organized and collaborated with Nānākuli Neighborhood Security Watch, Nanaikapono Protestant Church, Ahupua'a O Nānākuli Homestead Association, ILWU 100 and community volunteers to do beach clean-up in Nānākuli.

Volunteers met at Kalaniana'ole beach park and picked up opala from Zablan beach park to Depots beach park. Over 40 trash bags were filled and it was a great opportunity for everyone to be outdoors and putting work equity into our community.

COVID-19 has presented a lot of challenges for our community, however as always when the kahea is made to kokua our community has always and continues to respond with aloha! Mahalo to everyone that made it possible and we look forward to planning more in the future.
