It's Story TIME

Nurture your child with the love of reading by attending a Children's Storytime session! Storytime introduces preschool children to quality literature in an entertaining and enriching atmosphere. It provides the child with an opportunity to learn new words, to be exposed to new concepts, and to interact with new friends in a group experience. Storytime acquaints children with a wide range of library materials and resources, as well as encourages the development of a lifelong love of books and reading.
