1. What is your top legislative priority, or concern for our district?

2. Do you support HB1326 relating to water rights? **YES Undecided NO**
 Comments:

3. Should the minimum wage be increased to at least \$15? **YES Undecided NO**
 Comments:

4. Should polystyrene and single-use plastics be banned statewide? **YES Undecided NO**
 Comments:

5. Should the State offer more financial incentives for homeowners to upgrade from cesspools to better alternatives? **YES Undecided NO**
 Comments:

If you want to keep your responses confidential, **fold** along the dotted line and tape your answers inside before mailing.

Aloha South Maui, The 2019 Legislative Session adjourned on May 2, 2019, and we sent 303 bills to the governor for signature. The Governor now has until Monday, June 24th to provide the Legislature with his intent-to-veto list, and he has until July 10th to veto or let them become law with or without his signature.

This legislative session was defined more by what didn't happen than what did. We were able to prevent Alexander & Baldwin from selling off water in Maui that didn't belong to them. This controversial issue will almost certainly come up again in 2020, as HB1326 is still alive in the second year of this legislative biennium.

I learned a lot in my first session, especially in my role as Vice Chair of the Energy & Environmental

Celebrating the teachers who shape our keiki

Protection Committee. Mahalo to everyone who called and emailed to share your opinions, I did my best to represent the voices of our community.

I've included a survey in this newsletter to see where you stand on critical topics that will come up again in January 2020. I'm looking forward to working on these issues in the interim and writing legislation for next year.

Mahalo Tina
