

# CAPT. MICHAEL ANDERSON, JR

USCG REFERENCE # 2783611

## OBJECTIVE

To provide my first-class maritime service and subject matter expertise as a mariner, manager, or consultant by using my 20 plus years of real-world commercial seafaring experience, particularly in the towing industry both domestic and abroad.

## EXPERIENCE

### Tug Master | P&M Marine Services Honolulu, HI

*March 2023 - Present*

Operate a variety of 4,000 HP ASD harbor tugs throughout the commercial seaports of Hawaii. Provide ship and barge assist, dry dock and salvage evolutions. Oversee company SMS and Mobile Ops, train and supervise new captains, engineers, and deckhands. Coordinate vessel repairs and maintenance while maintaining a safe working culture at all times.

### Regional Director | Inlandboatmen's Union of The Pacific, Hawai'i

*December 2020 - Present*

Oversee roughly 300 US Merchant Mariners who work throughout the State of Hawai'i and its Sea Ports. Negotiate and maintain collective bargaining agreements, provide professional development and training to upcoming members, act as a subject matter expert in the field of maritime operations offering one off task consultations and planning. Act as a super trustee for the IBU health, welfare and pension trust serving over 3,000 members.

### Tug Master | Foss Maritime

*April 2013 - July 2020*

Operate a variety of commercial towing vessels throughout the Hawaiian Islands and its Harbors. Provide Ship assist, Line haul ocean towing of fuel and freight barges, provide dead ship salvage and rescue service and other commercial towing endeavors. Professionally qualified on all modes of propulsion: ASD (Z-Drive) Voith (Cycloidal) and conventional. Manage vessel crew, payroll, and train prospective Captains. Act as designated examiner and qualified assessor for prospective officers using my USCG issued qualifications.

### Tug Master | Chugach Marine Services. Republic of the Marshall Islands

*December 2019-April 2013*

Operate a Variety of Ocean-Going towing vessels providing freight, fuel, and personnel support internationally across the Pacific Ocean for the US Army installation located in the Kwajalein Atoll, supporting the Missile Defense Agency of the United States. Duties included the interviewing, hiring, and onboarding of new crew, Payroll approval, vessel budgeting, dry dock and repair planning, voyage planning, assisting in the preparation of heavy ocean tow rigging, and overall management of the vessel and 4 barges, workboats and machinery.
