# UNIVERSITY OF HAWAI'I LEGISLATIVE TESTIMONY

## UNIVERSITY OF HAWAI'I BUDGET BRIEFING

Testimony Presented Before the  
Senate Committee on Ways and Means  
and  
Senate Committee on Higher Education

January 10, 2024

David Lassner  
President

## Statement of President David Lassner

Thank you for the opportunity to present our supplemental budget request for Fiscal Year (FY) 2024-2025. We look forward to working with the Legislature to provide excellent postsecondary education opportunities for the people of Hawai'i. Looking ahead, we are excited to continue the foundational work through the implementation of our new six-year strategic plan, which will guide our efforts. With the support of the Legislature and our many partners throughout the community we can and will continue to improve the quality of life of Hawai'i's people across our islands.

### Overview

***Provide your agency's mission statement, strategic objectives, goals, and performance metrics. How will the agency measure progress? What milestones will be tracked?***

As the sole provider of public education in Hawai'i, the University of Hawai'i (UH) is committed to improving the social, economic, and environmental well-being of current and future generations.

The Board of Regents (BOR) unanimously approved a new six-year strategic plan at its meeting on November 17, 2022. Additional information can be found at <https://www.hawaii.edu/strategic-plan/>. Entitled "Hawai'i's University for Today and Tomorrow," the new Strategic Plan includes a BOR-approved update to the UH vision and mission statements as well as a set of foundational principles and imperatives that will guide us forward.

### UH Vision

The University of Hawai'i is the world's premier integrated higher education system, advancing the quality of life for all the people of Hawai'i through robust educational offerings and world-class discovery while modeling how institutions must embrace responsibilities to indigenous people and place in the 21st century.

## **UH Mission**

With a focus on creating a healthy and thriving future for all, the University of Hawai'i provides broad educational opportunity for all as the higher education destination of choice in the Pacific that nurtures the personal success, leadership capacity and positive engagement of every resident of Hawai'i. It engages in world-class research, scholarship and service that promotes the welfare and sustainability of Hawai'i's people and environment while achieving global impact by enriching the fundamental knowledge of humankind. Woven through all it does is an appreciation of and commitment to indigenous Hawaiian people, culture, values and wisdom.

## **Foundational Principles**

A set of five foundational principles were integral in developing the plan and will guide and inform the actions that will be undertaken:

### **Hawaiian Place of Learning**

UH champions the principles of aloha, caring for people and place, as we integrate Hawaiian language, culture, history, and values across the institution and its work.

### **Statewide Need**

UH's primary responsibility as the only public provider of postsecondary education is to support the needs of the state of Hawai'i.

### **Diversity and Equity**

UH upholds its commitment to provide higher education opportunities for all, especially those historically underrepresented, including Native Hawaiian, Pacific Islander, Filipino, economically disadvantaged, first-generation, LGBTQ+, rural, and students with disabilities—as well as continue to diversify its faculty, staff, and leadership.

### **Sustainability**

UH recognizes its responsibility to the 'āina through its practices, education, and by developing solutions to the complex global challenges of climate change, sustainability, and resilience.

### **Stewardship of Resources**

UH is committed to ensure the university's economic viability and will responsibly organize, align and allocate institutional resources effectively as a system including the stewardship of its facilities, processes, and human resources.

UH's goals and objectives are expressed in the new strategic plan through four imperatives. High-level metrics are provided with the initial plan and will be further refined with additional detailed objectives, actions and metrics.

## **Imperatives**

### **Fulfill kuleana to Native Hawaiians and Hawai'i**

#### **Goal**

Model what it means to be an Indigenous-serving and Indigenous-centered institution: Native Hawaiians thrive, traditional Hawaiian values and knowledge are embraced, and UH scholarship and service advance all Native Hawaiians and Hawai'i.

#### **Objectives**

- Ensure that UH supports the success of Native Hawaiians in learning, teaching, service and research across our campuses and nurtures Native Hawaiians as leaders.
- Create opportunities for all UH students, faculty, staff, executives, and regents to inform their work by learning about the Hawaiian language, culture, knowledge, and the past and present impacts of colonization.
- Play an active role in the reconciliation of injustices, advancing language parity, and improving the lives of Native Hawaiians across the islands.

#### **Metric**

- Support the Hawai'i Papa o Ke Ao Leadership Council in creating a detailed plan as an update to the *2012 Hawai'i Papa o Ke Ao Report* in consultation and collaboration with the Pūko'a Council and others throughout the UH. The detailed plan to achieve this imperative and these objectives will be presented to the BOR within one year of the adoption of this plan.

### **Imperative: Promote successful students for a better future**

#### **Goal**

Educate more students, empowering them to achieve their goals and contribute to society.

#### **Objectives**

- Increase participation in postsecondary education statewide.
- Provide necessary support for student success, including addressing barriers to access, basic needs (such as food and housing insecurity), and holistic health and wellness.
- Fully deploy multiple modalities of instruction that recognize changing times and widely differing student preferences, needs, and goals.
- Provide innovative learning experiences that prepare students to achieve their personal and professional goals while fulfilling their kuleana to people and places.
- Improve campus infrastructure to promote a vibrant, inclusive, and safe environment on campuses across the UH System.

### **Metrics**

- Number of degrees and certificates awarded, including industry-recognized credentials, disaggregated for underrepresented groups.
- Increase the number of returning adults and those enrolling in distance/online programs.
- Social/economic mobility index or survey results of alums perception of success after graduation.

### **Imperative: Meet Hawai'i workforce needs of today and tomorrow**

### **Goal**

Eliminate workforce shortages in Hawai'i while preparing students for a future different than the present.

### **Objectives**

- Prepare professionals to fulfill statewide needs in occupations essential to community well-being, including education, health, technology, skilled trades, and sustainability/resilience.
- Enhance non-traditional offerings, including micro-credentials serving the needs of specific groups of students and industry-certified credit and non-credit credentials, for those seeking upskilling or career change opportunities.
- Partner with employers to ensure the necessary preparation and support for students to succeed in their careers.
- Prepare graduates for life-long learning, innovation and entrepreneurship.

### **Metrics**

- Size of workforce shortages in key sectors/occupations (e.g., teacher shortage).
- Number of students with work-based learning, entrepreneurial and research experiences, and internships with a preference for paid internships.

### **Imperative: Diversify Hawai'i's economy through UH innovation and research**

### **Goal**

Build and sustain a thriving UH research and innovation enterprise that addresses local and global challenges by linking fundamental scientific discovery with applied research necessary for technological innovation to create jobs and advance a knowledge-based economy.

### **Objectives**

- Build out and sustain research and innovation hubs in key areas: climate resilience, energy and sustainable ecosystems; ocean, Earth and atmospheric sciences; astronomy and space sciences; data sciences and global cybersecurity; health and wellness; food security and agriculture; the Asia-Pacific and Hawai'i.
- Leverage intellectual diversity and Indigenous innovation.

- Generate intellectual property and spin-off startup companies that create high-quality jobs.
- Advance meaningful engagement in the Indo-Pacific region.

### **Metrics**

- Amount of extramural and philanthropic funding, including in identified hubs.
- Number of active licenses and options.
- Number of UH spin-off companies and jobs created.

***Discuss how current state-wide conditions have affected agency operations and the ability to meet goals. Identify and discuss notable performance measures, expected outcomes, and recent results.***

### **Maui Wildfires**

The Maui wildfires have had wide-ranging impacts across the state. Many of our students and employees across our 10 campuses were directly impacted by the Maui wildfires through loss of homes, cars, jobs, parental jobs, and impact to ‘ohana. While no UH facilities were damaged, we have attempted to assist all the impacted members of our community with financial support and flexibility where possible. Wherever possible we are relying on philanthropic, federal, and available institutional resources.

UH Mānoa had many impacted students, but UH Maui College (UHMC) led most of the front lines or recovery efforts, as expected. UHMC was a major food preparation and distribution center from the first days following the disaster, preparing thousands of meals daily at the peak. It stepped up to host the first [FEMA assistance location](#) for Maui residents, and its health center provided exams and birth control to women displaced or impacted by the wildfires.

UH is actively has provided and continues to provide technical and scientific expertise to support recovery efforts and community health. UH is committed to workforce training through existing programs such as [Good Jobs Hawai‘i](#) and with new philanthropic support. Early on UH committed to provide full scholarships to Lahainaluna seniors at any UH campus they attend, and this offer was extended to two or four years (depending on campus) with philanthropic support. We believe our students and faculty can be among the most important participants in helping plan Lahaina futures that are more sustainable and resilient than what came before.

### **Inflation**

Recognizing the importance of affordable postsecondary education to the people of Hawai‘i, particularly during periods of high inflation, at its January 19, 2023 meeting, the the Board of Regents approved a new four-year tuition schedule that freezes

undergraduate tuition through Academic Year 2024-25 at all campuses, with a 2% increase the following two years for the four-year universities only. There are no increases for the entire four-year schedule at the Community Colleges. UH Administration has committed that inflationary pressures for general operations will be addressed through strong management practices.

### **Enrollment Highlights**

Headcount credit enrollment at the 10 campuses of the University of Hawai'i increased 1.2% in the fall 2023 semester compared to fall 2022, the largest increase in enrollment since 2010. Overall community college enrollment increased 2.7%, the first community college increase in 13 years. UH Mānoa continued its steady rise in enrollment with a 1% increase to 19,256 students, welcoming over 3,000 first-time freshmen for the second consecutive year. As of this writing, the upward trend appears to be continuing for spring 2024.

### **Extramural Funding Highlights**

For the second consecutive year, UH set a record for extramural funding at \$515.9 million for FY23, which was \$10.9 million more than the previous \$505 million set in FY22. These extramural grants represent out-of-state money coming into our economy and advancing research in Hawai'i.

While there are too many important and groundbreaking research initiatives to mention, I would like to highlight the tremendous opportunity provided by the Good Jobs Hawai'i initiative. Good Jobs Hawai'i represents the integration of multiple federal and philanthropic grants to offer free training through the UH Community Colleges that enable Hawai'i residents to upskill and earn industry credentials in the healthcare, clean energy, skilled trades, and technology industries that will lead to employment, paid internships, and apprenticeship pathways.

Eligible applicants receive tuition assistance for courses and other training costs such as books and industry certification exam fees. Most trainings provide a 100% tuition subsidy to cover all costs. In addition, each participant is also supported by a Good Jobs Hawai'i Navigator, who provides one-on-one support to ensure a student's success. Their services include offering college and career advising, referring to community partners for support services, facilitating connections to employers, and guiding participants to various forms of financial assistance.

### **Philanthropic Highlights**

Philanthropic support was \$103.6 million in FY23, the third consecutive year exceeding \$100 million. The UH Foundation also led the launch of a historic \$1 billion dollar campaign for UH, the most bold and ambitious fundraising initiative in Hawai'i history.

Entitled “For UH – For Hawai‘i,” the campaign is chaired by philanthropist, successful executive and UH alum Walter Dods, Jr. Dods recently donated \$5 million to support the new Residences for Innovative Student Entrepreneurs (RISE), the successful public private partnership launched at the site of the former Atherton Y. The “For UH – For Hawai‘i” campaign is primarily focused on the strategic plan themes noted above.

### **Construction Highlights**

In addition to successfully opening RISE through an innovative public private partnership (P3) intended to develop future innovators and entrepreneurs who will diversify and develop Hawai‘i’s economy and create high-quality jobs, construction has begun on a \$170-million housing facility for graduate students at UH Mānoa.

This second major UH P3 will provide modern student housing facilities on the Mānoa campus using minimal public funds on former federal lands UH secured at no cost. The Residences for Graduate Students at UH Mānoa is expected to be completed in fall 2025. The facility will consist of two buildings (18 stories and 12 stories) with 316 units (studios, two-, three- and four-bedroom units), 558 beds, a childcare facility, retail space, bike storage, study rooms, laundry facility, mail and package room, outdoor amenity decks, and on-site management.

The renovation of the former Sinclair Library, which was built in 1956, is now underway to transform the four-story, 115,000-square-foot building into a state-of-the-art Student Success Center that will be a vibrant hub of student activity. This design-build project will provide a venue that encourages students to stay on campus between classes and after-hours. Three floors of the renovated air-conditioned building will be open spaces for students to gather, study, collaborate, and socialize with comfortable seating, tables, Internet access, and ample electrical outlets. There will also be more than 30 conference and collaboration rooms of various sizes for group study, on-site academic advising, a computer lab, and a student store for food and beverage purchases. It will also house the College of Social Sciences digital studios and UH’s nationally-recognized Esports program. Work on the major renovation project began in June 2023 and is expected to be completed in time for the start of the fall 2025 semester.

### **Federal Funds**

***Identify programs that have lost or are at risk of losing federal funds. Identify the source of these federal funds by federal award title and CFDA number. Discuss the impact to the public and your planned response, including efforts to supplant any federal fund reductions for the current year (FY24) and the upcoming fiscal year (FY25) with other funds.***

The State does not appropriate the majority of the federal funds expended by UH. These include Pell Grants to support students and competitive federal contracts and

grants for research and training. UH faculty and administrators seek to maximize the use of federal funds to advance UH education and research. While the federal budget outlook is never certain, UH is not seeking to supplant any possible loss of federal funds with other funds.

Federally-funded research and extramural activity is a significant portion of the overall activity of the UH. As previously mentioned, in FY23 UH set another record and secured more than \$500 million in extramural funds. However, these funds do not offset the institution's overall operating expenses as they are awarded for specific projects and purposes.

### **Non-General Funds**

***Provide a web link (url) of the reports to the Legislature on non-general funds under your department pursuant to HRS 37-47.***

The report to Legislature regarding non-general funds, as required by Chapter 37-47, Hawai'i Revised Statutes (HRS), is available on UH's Government Relations site and can be found here: [https://www.hawaii.edu/govrel/docs/reports/2024/hrs37-47\\_37-48\\_37-49\\_2024\\_non-general-funds\\_annual-report.pdf](https://www.hawaii.edu/govrel/docs/reports/2024/hrs37-47_37-48_37-49_2024_non-general-funds_annual-report.pdf)

## Budget Request

***Explain the process used to develop the agency's budget and prioritize requests for budget changes.***

Regent Policy 8.204 defines the procedure for Board approval of the biennium and annual budget requests submitted to the Legislature and the Governor.

UH Administration considered the guidelines and economic outlook presented in Finance Memorandum No. 23-12 and outcomes of the most recently approved biennium budget to identify those areas most needing additional resources.

The UH Officers gathered input from their units and then collaborated to shape the highest priority requests and themes into a cohesive proposal that was presented to the BOR. After input on the Administration's proposal from its Committee on Institutional Success, the BOR approved the budget request as presented herein at its November 16, 2023, meeting. This BOR Budget request was subsequently transmitted to the Governor and Legislature, pursuant to statute.

***Identify and discuss significant adjustments contained in the budget request submitted to the Legislature. Explain and quantify how significant requests for additional funds are expected to affect outcomes.***

The following section provides an overview of the operating and capital budget requests for UH. Additional information can be found in the tables that are a part of the budget briefing testimony, and UH staff will answer questions that may assist in understanding our budget request.

## **Conclusion**

Recognizing the challenges presented to the Legislature this session, we appreciate your support for UH's mission to improve the social, economic, and environmental well-being of current and future generations of Hawai'i. We look forward to working with the Legislature in the coming months to advance our mutual commitment to the people of our islands.

In closing, while I have announced my retirement at the end of 2024, the University of Hawai'i is much more than any single individual. I will leave this position more convinced than ever that the University of Hawai'i is the institution most critical to a positive future for our state.

I will always appreciate the honor and trust placed in me by the Board of Regents, which allowed me the privilege of leading the institution and contributing to its evolution and success for over a decade through some of its greatest challenges. My deepest wish is that you honor the spirit of our Constitution and that you treat the Board of Regents, my successor, the entire UH leadership team, our faculty, and our staff with dignity and respect.

1/ UH has an inherently global mission, and our faculty, staff, and students engage in substantial travel to further our service to Hawai'i, often externally funded. Table 23 contains data for all official travel by individual UH employees in 2023, including those completed in 2023 but initiated prior, including each traveler's program ID and sub-org, job description, departure and return dates, availability of agenda, attendance at meetings and training sessions, availability of final report, and total cost paid by the State and any other entity. As stated in our previous responses that provided similar information dated December 30, 2021, and March 23, 2023, the requested information is particularly sensitive and has thus required extra consideration. Given the University of Hawai'i Professional Assembly (UHPA) and Hawai'i Government Employees Association's (HGEA) concerns about targeting their members by sharing personally identifiable information, as we did in December 2021 and March 2023, we must respectfully decline to release the position numbers with the following exception of executive / managerial employees. In an effort to be directly responsive to your inquiry, these corresponding Administrators have waived their privacy interests related to their position numbers, included in your requested spreadsheet.. We hope that this compilation is responsive to the purposes of your inquiry.

## The FY 2025 Executive Supplemental Budget

### ***Budget in Brief***

Prepared by the Department of Budget and Finance  
December 18, 2023

EXECUTIVE CHAMBERS  
State Capitol  
Honolulu, Hawai'i 96813

**GOVERNOR'S MESSAGE TO THE  
32nd STATE LEGISLATURE OF HAWAII  
MEETING IN THE REGULAR SESSION OF 2024**

In compliance with Article VII, Section 9, of the Hawai'i State Constitution, I hereby submit to the State Legislature the Executive Supplemental Budget for Fiscal Biennium (FB) 2023-25 and the updated Program and Financial Plan for the Period 2023-29.

**OVERVIEW**

On August 8, 2023, we lost 100 of our loved ones and the lives of thousands more were forever changed. The heavy winds brought on by Hurricane Dora transformed brush fires on the islands of Maui and Hawai'i into deadly wildfires in what is now the worst natural disaster in the state's history. Disaster proclamations by the County of Maui and by our Administration were soon followed by the federal declaration by President Biden.

Words cannot adequately describe the devastation caused by the wildfires that scorched thousands of acres and destroyed nearly all of Lahaina. This extraordinary event directly impacted the island of Maui and deeply affected our entire state and many across the world.

Together, we responded compassionately. Communities across the state quickly joined to support those on Maui who had survived the unfathomable events that left many with nothing.

State agencies, including the Hawai'i Emergency Management Agency (HI-EMA), the Department of Education (DOE), the

Department of Health (DOH), and the Department of Human Services (DHS), are working tirelessly with the County of Maui and the Federal Emergency Management Agency (FEMA), as well as other state, federal and community partners to provide necessities such as meals, temporary housing, and school accommodations, as well as support services for disaster relief, financial recovery, medical, and mental health. Donation drives were mobilized and tens of millions of dollars were donated from all parts of the globe to Maui relief efforts through the American Red Cross, Hawai'i Community Foundation, Maui United Way, and other organizations.

We continue to actively work with our partners to provide short-term and long-term solutions and understand that, after such great loss, the process must be collaborative and respectful to the needs of the community.

While the road to recovery will be long, strength and resilience can be found with the support of others. Healing will take time and courage, but we will get there together as we continue to help each other as one community, as one 'ohana.

**Budgeting for Wildfire Recovery**

We commit to support recovery efforts and have set aside half a billion dollars to support payments of costs. As the situation evolves, we will continue to assess our resources and must remain flexible in our budgeting to ensure that adequate funding is available when it is needed.

We have been able to address initial response and recovery expenses without cutting positions and departmental budgets. Eligible costs have been directed to the HI-EMA Major Disaster Fund (MDF), with most costs qualifying for FEMA

reimbursement. Other costs have been paid out of the respective department's FY 24 operating budgets.

In addition, pursuant to the Seventh Emergency Proclamation Relating to Wildfires, dated September 8, 2023, and Executive Memorandum No. 23-08, we redirected \$164.1 million, after adjustments, from selected general fund operating appropriations from Act 164, SLH 2023, that were intended for specific purposes and capital improvement program (CIP) projects, to the Department of Budget and Finance (B&F) to address immediate 2023 wildfire funding needs.

These selected operating appropriations were made when there was a significant general fund surplus expected for FY 24, reflective of the state's economic recovery from the COVID-19 pandemic. While the appropriations were for worthwhile purposes, we needed to reprioritize those general fund resources to help those in crisis.

To continue the work of these important state projects, the FY 25 Executive Supplemental Budget proposes to reauthorize \$160.2 million of the general funded CIP operating appropriations as general obligation (G.O.) bond funded appropriations in the CIP budget. This approach to convert general funded appropriations to G.O. bond funded CIP appropriations, where appropriate, frees up valuable general funds for wildfire recovery costs, while supporting the continuation of these projects and providing a longer implementation period by including them in the CIP budget.

Sixty-five million of the \$164.1 million transferred to B&F was disbursed to the MDF while the remaining \$99.1 million has been set aside for the state's share of non-congregate housing and debris clean-up costs, the full costs of which will be paid initially by FEMA. In total, we provided \$100 million in general fund appropriations to the MDF pursuant to Section 127A-16, HRS, and the emergency proclamations for wildfires, as follows:

1. \$5 million from the Department of Defense's (DOD) FY 24 operating appropriation from Act 164, SLH 2023, pursuant to Section 127A-16(a), HRS.
2. \$30 million from B&F's \$200 million appropriation pursuant to Section 5 of Act 164, SLH 2023.
3. \$65 million from \$164.1 million transferred to B&F for 2023 wildfires, as previously noted.

We will request, through separate legislation, to extend the lapse dates of the \$99.1 million as well as the balance of the MDF from June 30, 2023, to June 30, 2024, due to the uncertain timing of the payments that will need to be made for non-congregate housing and debris clean-up.

The following FY 25 operating budget requests totaling \$452.2 million (\$237.9 million in general funds, \$1.5 million in special funds, \$12.8 million in federal funds, and \$200 million in revolving funds) related to the state's response to the Maui wildfires and statewide wildfire mitigation and response have also been proposed:

#### *2023 Wildfire Recovery*

- \$200 million revolving fund ceiling increase for the Risk Management Revolving Fund to allow the expenditure of anticipated insurance claim payments related to the 2023 wildfires.
- \$186.2 million in general funds for B&F as a set-aside to ensure that additional funds are available for recovery costs for the 2023 wildfires as they arise, to be disbursed to the appropriate departments with my approval.
- 3.00 full-time equivalent (FTE) permanent positions and \$182,238 in general funds for the Department of Business, Economic Development and Tourism (DBEDT), Statewide

Planning and Coordination Special Plans Branch, for Maui recovery efforts.

- \$125,000 in general funds for temporary libraries for Makawao and Lahaina.
- 6.00 FTE federal fund temporary positions, \$13.4 million in general funds, and \$12.8 million in federal funds for emergency management related to the Maui wildfires for DHS.
- \$521,473 in special funds for the Department of Land and Natural Resources (DLNR), Division of Conservation and Resources Enforcement (DOCARE), for Maui wildfire recovery.

#### *Statewide Wildfire Mitigation and Response*

- 20.00 FTE permanent positions and \$653,082 in general fund for brushfire positions for HI-EMA.
- \$1 million for the Public Utilities Commission (PUC) Special Fund ceiling for consultant contracts for utility dockets.
- \$20 million in general funds for wildfire response, recovery, and prevention measures for the Department of Hawaiian Home Lands (DHHL).
- \$7.4 million in general funds for fire response and rehabilitation and fuels reduction contracts for DLNR's Division of Forestry and Wildlife (DOFAW).
- \$10,000,000 in general funds for fire and emergency response equipment for DLNR's DOFAW.

In addition, we have requested \$35.4 million (\$2.4 million in G.O. bond funds, \$6.6 million in revenue bonds and \$26.4 million in federal funds) in the CIP budget for recovery of

state facilities and to improve our wildfire mitigation capabilities on Maui:

- \$2.4 million in G.O. bond funds for West Maui and Upcountry fire prevention, erosion control, and fire suppression dip tanks on Maui.
- \$6.6 million in revenue bond funds and \$26.4 million in federal funds for major repairs, rehabilitation, or reinstallation of state highway facilities in Lahaina due to the 2023 wildfires.

The Executive Supplemental Budget also includes requests to convert the following general funded FY 25 CIP appropriations from Act 164, SLH 2023, to G.O. bond funds:

- \$25 million for the University of Hawai'i (UH), Community Colleges, Capital Renewal and Deferred Maintenance.
- \$30 million for UH, Systemwide, to renew, improve and modernize.
- \$50 million for the Hawai'i Housing Finance and Development Corporation's (HHFDC) Dwelling Unit Revolving Fund (DURF) infusion.
- \$180 million for HHFDC's Rental Housing Revolving Fund (RHRF) infusion.

We also propose to convert \$100 million of the \$200 million general fund appropriation for the School Facilities Authority (SFA) from Act 257, SLH 2022, as amended by Act 175, SLH 2023, to G.O. bond funds through separate legislation. The G.O. bond funds would be transferred to the SFA special fund for the construction or renovation of pre-kindergarten facilities.

Looking forward, \$100 million has been set aside each year in FY 26 and FY 27 in the general fund financial plan for potential recovery costs. Thus, the proposed conversions are intended to cover the current recovery costs and set asides for future costs in the general fund financial plan.

### **Investing in Hawai'i's Future**

Our Administration's primary concern will always be the health and welfare of all of Hawai'i's families. As we support recovery efforts on Maui, we must continue to address our state priorities and invest in Hawai'i's future.

It remains a high priority of our Administration to address Hawai'i's cost of living. Hawai'i's families struggle to make ends meet and more are living paycheck to paycheck than before the pandemic, despite working multiple jobs.

It is critical to move forward with the phased implementation of the Green Affordability Plan (GAP) to relieve some of the tax burden on Hawai'i's people. The 2023 Legislature passed the Phase I tax relief package that prioritizes working families by doubling the earned income tax credit and the food tax credit and improving the existing child and dependent care tax credit. This was an important first step and the Administration will continue to pursue Phase II of the GAP that will propose, through separate legislation, to increase the childcare tax credit and index the state's tax code. This is one of the most direct ways to support residents and provide relief from inflation.

Affordable housing continues to be one of our biggest challenges. The affordable housing crisis not only impacts low-income families who typically qualify for subsidized public housing, but also greatly affects Hawai'i's middle-class residents, a gap group who may earn too much to qualify for public housing but too little to afford to buy or rent market-rate housing. It is concerning that the gap group is expanding, as

potential homebuyers are being squeezed out of the market with 30-year fixed mortgage rates hovering around 7 percent, higher than they have been in years, while median home prices have remained high.

We have been pressing forward to find solutions by working with stakeholders to help bring more affordable housing projects online faster. Since signing the Emergency Proclamation Relating to Housing on July 17, 2023, and the Emergency Proclamation Relating to Affordable Housing on September 15, 2023, we have cleared some major hurdles.

There have already been multiple groundbreaking that will provide a diverse range of affordable rental housing solutions for families and kūpuna across the state. Eight hundred units expected to be completed soon is just the beginning of a wave of thousands of low-income and workforce apartments that are expected to become available within the next two or three years. On October 24, 2023, I issued the Second Proclamation Relating to Affordable Housing that will help us build on this momentum and continue to pave the way for the advancement and expedited production of affordable housing projects.

It is urgent that we address the state's housing crisis as it contributes to other issues such as homelessness, the cost of living, and workforce shortages. Shortly after coming into office, I issued an Emergency Proclamation Relating to Homelessness, on January 23, 2023, which was followed by subsequent proclamations until the most recent. The Seventh Proclamation Relating to Homelessness, on November 9, 2023, was issued due to the continuing and significant need for permanent affordable housing, supportive housing, transitional housing, and shelter space to protect the health, safety, and welfare of individuals experiencing homelessness and for all residents of the state.

The June 2023 Point-In-Time Count, a census of people experiencing homelessness, found that 6,223 people were homeless in Hawai'i. The state's rate of homelessness of about 43 of every 10,000 people is more than double the national rate of about 18 per 10,000 people. At the time of the census, all counties, except for Maui, had experienced slight increases in the number of people experiencing homelessness since 2022. Unfortunately, Maui has likely since experienced an uptick as an impact of the wildfires.

We have been working closely with the Statewide Office on Homelessness and Housing Solutions (SOHHS) to develop policies and programs to end homelessness. Together, we are focused on a permanent solution by creating affordable spaces for our people to be housed and healed. SOHHS works with our community partners, the counties, and other government agencies to design, test, and evaluate innovative approaches to address homelessness in Hawai'i, such as *kauhale*.

*Kauhale* are communal areas, with modest housing units for individual households, and shared space for cooking and eating, recreation, growing food or engaging in industrious activities together. The 2023 Legislature appropriated \$15 million for FY 24 and \$33 million for FY 25 for *kauhale* projects. Since then, many organizations - and even private landowners - have stepped forward to propose *kauhale* projects throughout the state.

The current proclamation will provide more time for the construction of dwelling units for the houseless and to relocate individuals and families to completed dwelling units. There is a lot more to be done but it must be done in a way that is respectful to our environment, our history, and our *iwi kūpuna*.

Having served the community for more than 20 years as a rural emergency room physician providing direct care, health care will always be a high priority. As the state's COVID-19

liaison, I found that the state has considerable needs in this sector.

Mental health support is important, especially during hard times. Consequently, the Executive Supplemental Budget includes significant operating requests to provide in-patient and temporary health care workers at the Hawai'i State Hospital (HSH) and purchase-of-service contracts for the Child and Adolescent Mental Health Services Division (CAMHSD).

Additionally, to increase nursing enrollment, we have also requested funding for a collaborative program between UH Mānoa and UH West O'ahu. Our CIP request also supports a bed expansion at the Guensberg and Bishop buildings at HSH and the construction of a consolidated health care unit at Hālawā Correctional Facility (HCF).

Our commitment to take care of each other must extend to all communities. As caretakers for future generations, we are committed to pursuing climate change strategies that are equitable, culturally responsive, and resilient. This includes looking at the resiliency of the power grid, renewable energy, sustainable transportation, land use planning, sea level rise, health, natural and cultural resource impacts, and more.

As I have long advocated, Hawai'i must continue to invest in sustainable, renewable energy and reduce our dependence on fossil fuels. We have taken action, but Hawai'i cannot do it alone. Thus, I am a member of the U.S. Climate Alliance, a bipartisan coalition of 25 governors securing America's net-zero future by advancing state-led, high-impact climate action.

We believe that the responsibility to protect Hawai'i's unique natural environment should be broadened to include visitors to Hawai'i. A visitor climate fee could provide the needed resources to protect our environment and to increase awareness of the impacts of climate change. We are also

working with the Hawai'i Tourism Authority (HTA) to move toward a more sustainable visitor industry with less social and environmental impact and more demonstrable benefits to the people of Hawai'i.

It is tragic that Native Hawaiians are more likely to experience chronic disease ten years earlier and have shorter life expectancies compared to others in Hawai'i. We must right past injustices and address ongoing disparities that impact the Native Hawaiian community, including working with DHHL to expedite the provision of homestead lands to the thousands of Native Hawaiian beneficiaries. DHHL is committed to addressing these ongoing disparities and is finding community-based solutions.

Our commitment to public education was demonstrated this past April when we successfully negotiated a new four-year contract with the Hawai'i State Teachers Association and the 13,500 teachers it represents. The contract, which provides substantial pay raises for new hires and bonuses for experienced professionals, has paid dividends with more teaching positions being filled and fewer teachers leaving the educational field.

Investing in education will help to increase the success of our keiki. As such, we have requested more than \$125 million to support Hawai'i's public schools, including substantial funding for DOE's food service and student transportation programs.

Our Administration is tackling historic challenges head-on. We will fulfill our commitments to you, to our islands and to future generations.

### **Budget and Fiscal Considerations**

In developing the Executive Supplemental Budget, we considered the state's current and anticipated fiscal health and the potential impact of all proposed budget requests. To the

extent possible, we considered potential stressors to the state's economy which could impact the state's revenues and fiscal well-being.

Administrative Directive No. 22-01, State Reserve Policy, requires that for each year of the six-year planning period, the state shall endeavor to attain a minimum fund balance as a percentage of the preceding year's general fund revenues as follows:

1. 5 percent unassigned general fund carryover balance;
2. 10 percent Emergency and Budget Reserve Fund (EBRF); and
3. 25 percent combined state reserves or 20 percent combined state reserves, if the EBRF fund balance objective has been met.

The balance of the EBRF is the highest it has ever been. With a current balance of \$1.476 billion, the EBRF is now 14.5 percent of FY 23 general fund revenues, which provides a strong reserve for the future.

The state's major unfunded liabilities pertain to pension obligations and other post-employment benefits, or health benefits, it owes its retirees. Funding these liabilities continues to pose significant demands on the state's resources. With the support of the Legislature, however, we have made substantial progress addressing our unfunded liabilities.

The state's progress in addressing its liabilities is considered by credit rating agencies that rate the state's G.O. bonds. The state's current G.O. bond ratings are "AA" (stable outlook) by Fitch Ratings, "Aa2" (stable outlook) by Moody's Investors Service, and "AA+" (stable outlook) by S&P Global Ratings, because of, among other things, the state's strong budget and

fiscal policies. High credit ratings mean lower borrowing costs for the state.

Preliminary actual general fund tax revenue growth for the first four months of FY 24 was 7.6 percent. Although this exceeds the Council of Revenue's (COR) projection of 1.3 percent for FY 24, General Excise and Use Tax (GET) and Transient Accommodations Tax revenue growth for the same period were 0.0 percent and -7.7 percent, respectively.

The flattening of GET collections, which is the largest category of tax collections and an indicator of the state's economic health, is concerning. Further, the current growth is primarily due to the increase in Individual Income Tax (IIT) collections of 29.7 percent, which is inflated due to the \$315 million in constitutional IIT refunds that were paid out in the first half of FY 23.

Actions taken by Congress may impact Hawai'i. Congress has not yet passed a budget for federal FY 24, and the federal government is operating on a second continuing resolution that has two expiration dates.

The first expiration date, January 19, 2024, applies to 4 of the 12 federal appropriation bills that make up the federal budget including those for housing and transportation; and the second expiration date, February 2, 2024, applies to the remaining 8 appropriation bills including those for defense, education, labor, health, and human services. Operating on continuing resolutions can cause uncertainty for federally funded programs, leaving them unable to plan.

However, even if Congress passes a federal FY 24 budget, it could affect federal funds coming into the state and the stability of federal grant programs. With constant discussions of federal reductions, the state must be prepared to assume costs for services which the state deems critical should the

federal government reduce or discontinue funding. Reduced funding could also have economic impacts.

Recent events such as the pandemic and the 2023 wildfires have made it abundantly clear how quickly things can change. We are cautiously optimistic about Hawai'i's economy but many potential challenges remain. As such, we must be prepared to handle fiscal challenges that come our way and will be closely monitoring general fund revenues in the months to come.

## **The Economy**

The rapid return of visitors to the islands combined with the significant influx of federal funds helped Hawai'i's economy surge after the initial impact of the COVID-19 pandemic. High expectations of growth earlier this calendar year were tempered by inflation as the state's economy stabilized and returned to moderate levels of growth.

Hawai'i's visitor industry was growing at moderate levels, with July 2023 visitor spending, measured in nominal dollars, up by 2.8 percent compared to July 2022 and 20.7 percent compared to July 2019, the benchmark year prior to the COVID-19 pandemic. Total visitor arrivals had increased by 1.2 percent over July 2022 and recovered to 93.7 percent compared to July 2019.

Visitor arrivals to Maui, which had 31 percent of the state's visitor arrivals in July 2023, have understandably dropped significantly since the wildfires. West Maui played a significant part in Hawai'i's tourism industry. With West Maui closed to tourism since August 8, it was expected that the impact from the wildfires would significantly impact Maui's economy as well as the overall state economy.

It was a difficult decision to allow hotels to reopen while many who had been impacted by the wildfires still lacked permanent

or longer-term temporary housing. Many were concerned that the reopening was too soon, and many others believed that moving toward recovery would be helpful.

In conjunction with the County of Maui, we began a phased reopening of West Maui on October 8. Currently, historic Lahaina Town and the surrounding affected areas remain closed out of respect for the residents and due to continuing relief efforts, but the rest of West Maui is fully open.

The visitor industry continues to feel the impact of the wildfires as both visitor arrivals and visitor spending in October 2023 declined for the third straight month compared to 2022. Visitor arrivals were down 3.2 percent compared to October 2022 but, compared to pre-pandemic 2019, there was a 92.3 percent recovery in total visitor arrivals from October 2019. As measured in nominal dollars, total visitor spending decreased by 2 percent from October 2022 but increased by 13.8 percent compared to October 2019.

Hawai'i's unemployment rate, which had spiked to 22.6 percent at the beginning of the COVID-19 pandemic, had decreased and stabilized at 2.8 percent in July through September 2023, the lowest rate since the pandemic. Although the unemployment rate has slightly increased to 2.9 percent in October 2023, there has also been a decrease of about 2,400 in the labor force since July 2023.

### **Revenue Projections**

At its September 7, 2023 meeting, the COR reduced its projection for general fund tax revenue growth for FY 24 from 4 percent to 1.3 percent, while it increased FY 25 from 3.5 percent to 5.2 percent. The COR's forecasts for FY 26 through FY 30 were maintained at 3.5 percent for each fiscal year.

The COR has indicated that the decrease for FY 24 accounts for the economic impacts of the Maui wildfires and its impact on tourism revenues and other economic activity. However, the COR expects that the recovery efforts and the large influx of federal assistance will mitigate some of the immediate impacts of the fires and their repercussions.

The 2.7 percent reduction to the FY 24 projection reflects slower tourism spending that was occurring independent of the Maui disaster. The increase to the COR's FY 25 forecast accounts for the spending that will come from the recovery construction in response to the Maui wildfires. The COR is also concerned about the strong competition from international travel destinations due to the strength of the U.S. dollar compared to foreign currencies and that the unfavorable foreign currency exchange rate may deter visitors from Japan.

### **Constitutional and Statutory Requirements**

In preparing the supplemental budget, the Executive Branch is bound by constitutional and statutory requirements, which include, but are not limited to, the following:

- Article VII, Section 9, of the State Constitution provides that “. . . in each regular session in an even-numbered year, at such time as may be provided by law, the governor may submit to the legislature a bill to amend any appropriation for operating expenditures of the current fiscal biennium, to be known as the supplemental appropriations bill, and bills to amend any appropriations for capital expenditures of the current fiscal biennium . . .”
- Section 37-72, Supplemental Budget, HRS, states that the Governor may submit to the Legislature a supplemental budget to amend any appropriation for the current fiscal biennium. The supplemental budget shall reflect the changes being proposed in the state's program and

financial plan and shall be submitted, as applicable, in the manner provided in Section 37-71, The Budget, HRS.

- Section 37-71(b)(4), HRS, prescribes that the information provided in the budget be formatted such that “[p]rogram costs shall include all costs, including research and development, operating and capital, regardless of the means of financing . . .”
- Section 37-71(c)(3), HRS, requires a summary listing of all capital improvement projects by program, at the lowest level of the program structure, which shows for each project, by investment cost elements, the amount of new appropriations and authorizations proposed. Under Section 37-62, Definitions, HRS, “cost elements” means the major subdivisions of a cost category. The category “capital investment” includes plan, land acquisition, design, construction, and equipment and furnishing.

Thus, the Executive Supplemental Budget includes all appropriations from Act 164, SLH 2023, the General Appropriations Act. To meet the requirements of Section 37-71, HRS, we have also designated the funding for CIP projects included in the FY 25 Supplemental Budget by cost element (i.e., plans, land acquisition, design, construction, and equipment). This includes providing cost element breakdowns for CIP projects that were originally appropriated in Act 164, SLH 2023.

## **THE FY 25 EXECUTIVE SUPPLEMENTAL BUDGET**

### **Budget Approach and Priorities**

As managers of the public’s funds, it is our responsibility to make the best use of the state’s resources, especially during uncertain times. We must strategically plan expenditures and provide for limited expansion of annual recurrent spending to ensure fiscal sustainability.

Pressing demands on state resources have reemphasized the need to be responsible with our finances. We have proposed appropriate general fund appropriations in the Executive Supplemental Budget and have also proposed to realign our current resources to solve our most critical problems and better serve the people of Hawai‘i.

Recovery efforts for the 2023 wildfires are our highest priority as the health and welfare of Maui’s people must be at the forefront as they heal from the devastation. This will require a great deal of the state’s resources, for which we have set-aside half a billion dollars for the state’s share of the costs. As the timing of payments for recovery costs is unknown, the Executive Supplemental Budget adds \$186.2 million in general funds for B&F, for response and recovery efforts related to the 2023 wildfires for FY 25.

There are also many other competing demands for state resources. Resources to address our critical needs for health, affordable housing, homelessness, and climate issues are our highest priorities. Programs that strengthen our communities and enhance our quality of life also deserve support.

Mental health services are often overlooked but, in trying times, they are especially important. The Executive Supplemental Budget includes requests totaling \$74.5 million (\$64.7 million in general funds and \$9.8 million in federal funds), including \$20 million for HSH, \$10.8 million for Child and Adolescent Mental Health contract increases, and \$6.7 million for the Behavioral Health Crisis Center and Supportive Housing services to be located at the Iwilei Resource Center, which will also support those experiencing homelessness.

Further health care support is provided in the CIP budget, which includes \$45 million in additional G.O. bond funds for the Consolidated Healthcare Unit at HCF. We have also

requested \$4.2 million in G.O bond funds for a bed expansion at the Guensberg and Bishop buildings at HSH.

Housing costs in Hawai'i are among the most expensive in the nation and there is an increased need for affordable housing, including rentals. The Hawai'i Public Housing Authority (HPHA) School Street Campus project will provide 250 elderly affordable rental housing units; as such, we have requested \$22 million in G.O. bond funds for increased construction costs to allow for project completion. We have also requested the conversion of \$45 million in operating general funds for teacher housing from Act 164, SLH 2023, to G.O. bond funds.

Homelessness is often directly related to the availability of affordable housing. While we are working diligently on providing more affordable housing, the costs of our existing programs to support the people experiencing homelessness are increasing; thus, DHS' FY 25 operating requests include \$1.3 million in general funds for the Homeless Programs Office's homeless services contracts and \$400,000 in general funds for HPHA's rent supplement program.

Hawai'i's natural resources are an essential part of our culture and way of life. We have a duty to take care of these precious resources for future generations; however, the impact of climate change is already evident. As such, we have requested 3.00 FTE permanent positions and \$154,000 in general funds to support the Climate Change Mitigation and Adaptation Commission in FY 25.

In addition to submitting Executive Supplemental Budget requests to support our priorities in FY 25, we will be submitting emergency appropriation bills for FY 24 which total \$26.6 million in general funds for DOE's food service operations and the Charter Schools. These appropriations are necessary to provide critical support for the respective programs in FY 24.

The Executive Supplemental Budget contains operating and CIP requests for FY 25 that propose changes and adjustments to Act 164, SLH 2023, including transfers (operating only), which authorized funding for the two-year fiscal period that began on July 1, 2023 and ends on June 30, 2025. We will also be proposing to reinstate standard operating and CIP provisions necessary for effective and efficient implementation of the budget.

### **THE STRENGTH OF COMMUNITY**

We will never forget the day that took and changed the lives of so many on Maui. The devastating wildfires on August 8 took the lives of 100 loved ones and left thousands to deal with the devastation of their homes, the lives they once knew and the town of Lahaina, that was so dearly loved.

Through heartbreaking tragedy, the community rose. The local community came together and worked to provide food, shelter, and other necessities. The worldwide community showed its love and support to Maui through donations from far and wide. And, our community of state employees worked diligently with our county, federal and non-profit partners to support the state's response and wildfire victims.

We are fully committed to Maui's people and their recovery. The Executive Supplemental Budget proposes a plan to allow the state to address recovery costs over several years and, while there are still many unknowns, we will do our best to meet the challenges ahead.

The people of Maui have shown remarkable strength in the face of adversity. The days ahead may not be easy and they will continue to need our support. We will be there to support the community for the long term.

There is much to be done, and it is a high priority to support the health and welfare of Hawai'i's people. We will continue to

fight to improve our cost of living and to make affordable housing available for all who need it. We must take every opportunity to invest in Hawai'i's future, to make our state a place we all, and especially our keiki, have opportunities to succeed.

With the support of the Legislature, we have already made major investments in our state and for our residents. We will continue to work hard and look forward to working with the Legislature during the 2024 Legislative Session for the people of Hawai'i.

Sincerely,

JOSH GREEN, M.D.  
Governor of Hawai'i

## **B. THE GENERAL FUND EXPENDITURE CEILING**

By law, general fund appropriations must comply with the expenditure ceiling requirements that are set forth in Section 9 of Article VII of the Hawai'i State Constitution and Section 37-92 of the Hawai'i Revised Statutes (HRS).

At the aggregate level that includes all branches of government, the total proposed appropriations from the general fund exceed the FY 24 expenditure ceiling but is within the expenditure ceiling for FY 25.

For the Executive Branch, the total proposed appropriations from the general fund (which include the Executive Supplemental Budget for FB 2023-25 and other specific appropriation measures to be submitted) exceeds the appropriation ceiling by \$163 million (or 1.5%) in FY 24 but is within the appropriation ceiling for FY 25. In FY 24, the excess was deemed necessary to support education services and other public interests.

## **C. TAX REFUND OR CREDIT AND DEPOSIT TO THE EMERGENCY AND BUDGET RESERVE FUND**

Article VII, Section 6, of the Hawai'i State Constitution, requires that whenever the State general fund balance at the close of each of two successive fiscal years exceeds 5% of general fund revenues for each of the two fiscal years, the Legislature must provide for a tax refund or tax credit to the taxpayers of the State or make a deposit into one or more emergency funds, as provided by law.

Section 328L-3, HRS, provides that whenever general fund revenues for each of two successive fiscal years exceed revenues for each of the preceding fiscal years by 5%, 5%

of the general fund balance shall be deposited into the Emergency and Budget Reserve Fund.

For FY 22 and FY 23, general fund balances were greater than 5% of general fund revenues. However, it is important to note that the FY 22 and FY 23 general fund balances were adjusted to include certain transactions that were authorized for FY 22 and FY 23 but processed in the subsequent fiscal year. Due to a combination of timing issues with the enactment of the authorizing legislation and accounting system limitations, those transactions were processed in FY 23 and FY 24 but, for the purposes of the general fund financial plan, have been reflected as authorized in FY 22 and FY 23, respectively.

Although the general fund balance exceeded 5% of general fund revenues for FY 22 and FY 23, FY 22 and FY 23 total (tax and non-tax) general fund revenues did not exceed the respective previous year's revenues by 5% or more. Accordingly, the 2024 Legislature must provide for a tax refund or tax credit or make a deposit into one or more funds that serve as temporary supplemental sources of funding in times of emergency, economic downturn, or unforeseen reduction in revenues, or appropriate general funds for the prepayment of either or both of 1) debt service or 2) pension or other post-employment benefit liabilities.

## **D. THE DEBT LIMIT**

Section 13 of Article VII of the Hawai'i State Constitution places a debt limit on G.O. bonds that may be issued by the State. It has been determined that the total amount of principal and interest calculated on: a) all bonds issued and outstanding; b) all bonds authorized and unissued; and c) all bonds proposed in the Executive Supplemental Budget (including State guaranties) will not cause the debt limit to be exceeded at the time of each bond issuance.

The budgetary General Fund resources, expenditures and balances above are presented on a modified cash-basis. The State's normal practice is to utilize this modified cash-basis methodology for budgetary and financial planning purposes. Due to a combination of timing issues with enactment of various laws and accounting system limitations, certain transactions authorized for a fiscal year were recorded in the following fiscal year by the Department of Accounting and General Services. However, the financial plan records appropriations in the fiscal year for which the appropriation was authorized. In contrast, the State's audited financial statements are prepared on a modified accrual basis. Consequently, the modified cash basis information presented in this table is not directly comparable to the modified accrual basis information presented in the State's audited financial statements, and the difference in reporting may vary substantially

# VARIANCE REPORT NARRATIVE FY 2023 AND FY 2024

07 03 01  
UOH 100

**PROGRAM TITLE: UNIVERSITY OF HAWAII, MANOA**

## **PART I - EXPENDITURES AND POSITIONS**

The FY 23 variance in positions is due to positions being held vacant in accordance with the University's hiring freeze and positions slowly being filled as the University's hiring freeze criteria ease. For FY 24, the hiring freeze has been lifted, however, a Manoa review process has been implemented to ensure prudent management of resources. While positions have been released for recruitment, filling of positions have been delayed due to an extremely lengthy recruitment process for faculty. For staff support positions, we are anticipating a continuing trend, both State and nationwide, of difficulty in filling support positions.

The FY 23 expenditure variance is due to non-general fund expenditures being lower than the authorized ceiling.

## **PART II - MEASURES OF EFFECTIVENESS**

Item 1. The enrollment reductions experienced pre-covid are being reflected in degree completions post-covid. We expect recent and current enrollment increases to be reflected in degree attainment in years following.

Item 4. The extramural funding support decrease reflect an overestimate with the FY 23 amount being attributed to a decrease in fully executed awards which is expected to continue in FY 24.

Item 6. The hiring freeze in FY 23 temporarily reduced the number of University of Hawaii at Manoa (UHM) personnel working with University of Hawaii Community Colleges (UHCC) students interested in transferring to UHM which impacted the number of students who transferred. In FY 24, UHM personnel were hired to work with UHCC students, however, the decrease is expected to continue as a result lower enrollment at University of Hawaii (UH) 2 year campuses and financial challenges with the higher rate of inflation.

## **PART III - PROGRAM TARGET GROUPS**

Item 2. The enrollment reductions experienced pre-covid are being

reflected in degree completions post-covid. We expect recent and current enrollment increases to be reflected in degree attainment in years following.

Item 3. The enrollment reductions experienced pre-covid are being reflected in degree completions post-covid. We expect recent and current enrollment increases to be reflected in degree attainment in years following.

## **PART IV - PROGRAM ACTIVITIES**

Item 4. With maintaining the recent enrollment increases, the increase in additional classes are required to meet demand.

Item 7. The enrollment reductions experienced pre-covid are being reflected in degree completions post-covid. We expect recent and current enrollment increases to be reflected in degree attainment in years following.

## **PART II - MEASURES OF EFFECTIVENESS**

Item 1. We are dealing with small numbers, so this percentage is not surprising and may represent random variation. Efforts to increase the number of Native Hawaiian matriculates' into our medical school will depend upon the success of the State's pipeline programs to increase Native Hawaiian student interest in the health professions.

## **PART III - PROGRAM TARGET GROUPS**

No significant variances.

## **PART IV - PROGRAM ACTIVITIES**

Item 4. The volume of applications for admission to John A. Burns School of Medicine (JABSOM) spiked during the pandemic years as in person interviews were no longer mandatory for health and safety reasons. With the loosening of COVID restrictions, in-person interviews have resumed and the number of admission applications have trended downwards and reverted back to pre-pandemic numbers.

**PROGRAM TITLE: UNIVERSITY OF HAWAII, CANCER CENTER**

## **PART I - EXPENDITURES AND POSITIONS**

For FY 24, the hiring freeze has been lifted, however, a Manoa review process has been implemented to ensure prudent management of resources. While positions have been released for recruitment, filing of positions have been delayed due to an extremely lengthy recruitment process for faculty. For staff support positions, we are anticipating a continuing trend, both State and nationwide, of difficulty in filling support positions.

## **PART II - MEASURES OF EFFECTIVENESS**

Item 1. The variance in FY 23 extramural funding is due to increased grants awarded. This trend is expected to continue in FY 24.

Item 3. The increase in FY 23 active clinical trials is due to a broadened clinical trial portfolio under the direction of the new director.

## **PART III - PROGRAM TARGET GROUPS**

Item 2. The increase in FY 23 Cancer Center members is due to director-related recruitment. This trend is expected to continue in FY 24.

Item 3. In FY 21 when the measure was determined, Cancer Center's collaborating members was 21 and the measure was expected to increase to 25 in FY 22 and 27 by FY 23. The variance in FY 23 reflects a higher expectation of increasing collaborating members. The potential collaborating members were instead represented in the previous measure as an increase in Cancer Center members due to their stature with receiving extramural cancer research funding.

Item 5. The variance in FY 23 graduate and professional trainees is due to a decreased enrollment in the Clinical Professional Training certificate course.

This trend is expected to continue in FY 24.

Item 6. The variance in FY 23 undergraduate trainees is due to an increased financial support for this summer program.

Item 7. The decrease in FY 23 postdoc trainees is due to normal fluctuations of postdoctoral positions.

## **PART IV - PROGRAM ACTIVITIES**

Item 2. Under the new director and Clinical Trials Office leadership, a full accounting of all cancer research studies was undertaken beginning in February 2023. Several particularly large observational studies which were previously reported are now included in this measure. The FY 21 planned clinical trial accruals were 6,124 and when compared to 5,798 actual in FY 22, this would account for a 5.4% decrease which is within the threshold.

## **PROGRAM TITLE: SMALL BUSINESS DEVELOPMENT**

### **PART I - EXPENDITURES AND POSITIONS**

The variance in expenditures in FY 23 was due to the transfer of \$866,723 from the Hawaii Small Business Development Center (HSBDC) to the University of Hawaii (UH) System in exchange for Research and Training funds.

The variance in expenditures for the nine months ending June 30, 2024, is due to the planned transfer of \$554,103 from HSBDC to the UH System in exchange for Research and Training funds.

### **PART II - MEASURES OF EFFECTIVENESS**

Item 2: The FY 23 actual ratio of State investment to new tax revenue generated is more than planned due to having an additional advisor available to work more hours with clients. In general, working with clients on a longer-term basis (more than 5 hours) tends to have a greater impact. The estimate for FY 24 is reduced due to an anticipated retirement and an advisor on extended leave.

Item 3: In FY 23, there were fewer training events and hours than planned which affected the ratio of State investment to total counseling/training hours.

### **PART III - PROGRAM TARGET GROUPS**

No significant variances.

### **PART IV - PROGRAM ACTIVITIES**

Item 1: The virtual counseling and training model was found to be a more effective method which we will continue to use as a supplement for face-to-face advising. Virtual options decreased the amount of time our advisors spent on travel and preparation for client appointments. We also noticed a reduction in the amount of no-show or cancelled advising sessions.

Item 2: As previously mentioned, the virtual counseling model was proven to be a more effective method of counseling. We have found that there has been increased interest in our services and the data shows increases each year. We anticipate the number to increase in FY 24.

Items 3 and 4: As mentioned above, we shifted our training plan as workshops went virtual. Virtual workshops allowed for attendance across the State and decreased the amount of times the same workshop is presented. You will see that this model has proven effective with the decreased number of workshops and higher attendance counts reported for FY 23.

## **PART I - EXPENDITURES AND POSITIONS**

The variance in expenditures for FY 23 are due to non-general fund expenditures being lower than the authorized ceiling. Additional cash preservation measures and a conservative budget further contribute to the variance.

## **PART II - MEASURES OF EFFECTIVENESS**

Item 1: For FY 23, University of Hawaii-West Oahu (UHWO) planned degree attainment of Native Hawaiians exceeded actuals as we saw a decrease in degrees while projecting an increase. The variance is expected to continue in FY 24 as we again anticipate only a modest growth in actual degrees attained by Native Hawaiians. Initial data from the Hawaii Data exchange partnership showed a 10% decline in the number of Native Hawaiians who enrolled in college following the pandemic. If this decline is part of a larger trend it will require a resetting of budgeted graduates in future years.

Item 2: For FY 23, UHWO experienced a decrease in number of degrees leading to the variance. The variance is expected to continue in FY 24 as we again anticipate only a modest growth in actual degrees.

Item 4: UHWO reflected a planned increase in extramural awards in FY 23 and FY 24 on the back of historically high actuals in FY 22. The FY 23 actuals were lower as they were in alignment with a modest growth on pre-covid awards and FY 24 estimates now also reflect this trend.

## **PART III - PROGRAM TARGET GROUPS**

Item 3: For FY 23, UHWO experienced a decrease in the number of resident undergraduate degrees and certificates achieved by 18+ leading to the noted variance. The variance is expected to continue in FY 24 as we again anticipate only a modest growth in actual degrees and certificates achieved by 18+. The impact of COVID-19 is suspected to be a contributing factor in this decline.

## **PART IV - PROGRAM ACTIVITIES**

Item 1: UHWO saw a slight decrease in enrollment in FY 23 while projecting to increase enrollment leading to the variance. For FY 24, the planned increase in enrollment was previously established and based on anticipated FY 23 growth explaining the variance in FY 24 as well.

Item 3: For FY 23, UHWO restarted the pre-nursing program and offered more offerings as students returned to campus leading to the variance. This trend is expected to continue in FY 24.

Item 4: For FY 23, UHWO overestimated the planned number of applications for admission and this trend is expected to continue in FY 24.

## **PROGRAM TITLE: UNIVERSITY OF HAWAII, COMMUNITY COLLEGES**

### **PART I - EXPENDITURES AND POSITIONS**

The position variance is largely due to the struggle that has transpired nationwide of employers having difficulties in filling positions. The budgeted expenditure amount represents the ceiling of spend for funds other than General Fund. In practice, the University and the Community Colleges do not spend up to the ceiling which results in the variance being reported.

### **PART I - EXPENDITURES AND POSITIONS**

The variances were due to: 1) non-general fund positions being held vacant; and 2) non-general fund expenditures being lower than the authorized ceiling.

### **PART II - MEASURES OF EFFECTIVENESS**

Item 1. For the variances in attendance for FY 23, visitors have increased as projected by the Hawaii Visitors Bureau to pre-covid levels.

Item 3. The FY 23 variance in ratings by attendees are attributed to closed and repurposed exhibits and the continued absence of the monk seal.

### **PART III - PROGRAM TARGET GROUPS**

Item 1. For the variances in attendance for FY 23, visitors have increased as projected by the Hawaii Visitors Bureau to pre-covid levels.

### **PART IV - PROGRAM ACTIVITIES**

Item 1. For the variances in attendance for FY 23, visitors have increased as projected by the Hawaii Visitors Bureau to pre-covid levels. Community events and fundraising activities have contributed to this increase.

Item 2. The FY 23 variance in attributed to the luau and facility rentals being temporarily on hold. The luau and facility rentals have restarted on July 1, 2023.
