OFFICE OF ELECTIONS**

802 LEHUA AVENUE  
PEARL CITY, HAWAII 96782  
elections.hawaii.gov

SCOTT T. NAGO  
CHIEF ELECTION OFFICER

TESTIMONY OF THE  
CHIEF ELECTION OFFICER, OFFICE OF ELECTIONS  
TO THE SENATE COMMITTEE ON WAYS AND MEANS  
ON SENATE BILL NO. 2240, SD 1  
RELATING TO ELECTIONS

February 13, 2024

Chair Dela Cruz and members of the Senate Committee on Ways and Means, thank you for the opportunity to testify in support of Senate Bill No. 2240, SD 1. This bill requires the Office of Elections to file an application with Electronic Registration Information Center, Inc. (ERIC), by June 30, 2025, for the State to be admitted as a member of the organization; requires the Office of Elections to share with each county the information and services made available by ERIC pursuant to the State's membership agreement with the organization; requires the Office of Elections and each county office that administers elections to use information and services made available by ERIC to verify their respective voter registration rolls; and makes an appropriation.

Joining ERIC would provide another tool for election officials to maintain the accuracy and integrity of the voter registration rolls by allowing us to compare our voter registration file and driver license/identification card file with other member states. This will permit election officials to determine if a voter has moved out of state, as they register to vote or obtain a driver license in another jurisdiction. Additionally, ERIC membership requires all driver license/identification card holders who are eligible to register to vote, but are not currently registered, to be sent a mailer encouraging them to register.

For the appropriation, we estimate that it will cost \$148,000 in FY 2024-25 to join ERIC based on the \$25,000 application fee, \$23,000 annual membership fee, and approximately \$100,000 to conduct the initial mailing to driver license and state identification card holders who are not registered to vote as required for membership in ERIC. The recurring costs, which we would submit as part of our

Testimony on SB 2240 – Relating to Elections  
February 13, 2024  
Page 2

annual budget request starting with FY 2025-26, would be \$23,000 for the annual membership fee.

Thank you for the opportunity to testify in support of Senate Bill No. 2240, SD 1.

TESTIMONY

SENATE COMMITTEE ON WAYS AND MEANS

SB2240 SD1 RELATING TO ELECTIONS

Tuesday, February 13, 2024, at 10:05 AM

State Capitol Conference Room 211 via Videoconference

Submitted in OPPOSITION by Mrs. Jamie Detwiler, President, Hawai'i Federation of Republican Women

Honorable Chair Delacruz and Committee Members

INTRODUCTION: Electronic Registration Information Center (ERIC), Incorporated is a private, non-profit, non-partisan organization. ERIC is used to manipulate and inflate voter rolls.

I oppose HB2240 for the following reasons:

1. Privacy issues: Violation of federal statutes such as the Help America Vote Act, National Voter Registration Act, and Driver's Privacy Protection Act. The first statute provides states the authority and obligation to create and maintain electronic voter registration files but includes no provision that authorizes any state to outsource these obligations to a third party like ERIC. The outsourcing of voter registration list maintenance to ERIC may also violate the National Voter Registration Act, which protects from disclosure the identities of individuals who decline to register to vote. Finally, the Driver's Privacy Protection Act specifically shields from disclosure the kind of data provided to ERIC by member states to conduct list maintenance. Additionally, personal identifiers such as name, birth date, and last 4 of SSN are shared with this private third-party organization.
2. Funding: the burden to fund the program is on the taxpayers. Per ERIC website, states who choose to participate are required to pay a fee. Some states are paying \$175,000 or more in annual dues. The Hawaii State Elections Office could use that money to improve the integrity of their election process such as cleaning the voter rolls, conducting hand counted paper ballot audits, and improved chain of custody procedures.
3. Does not prevent illegal voting: Per ERIC's website, it is a tool available to help election officials maintain more accurate voter rolls and detect possible illegal voting. There are no public records showing ERIC detected illegal voting. Furthermore, there is currently no citizen verification check. According to the City Clerk, individuals registering to vote sign a self-attestation statement that they are eligible voters even though it is not verified by an official election employee.

Please do not pass SB2240. Please vote NO.

Thank you for the opportunity to testify.

Respectfully Submitted,  
Jamie Detwiler, President  
Hawaii Federation of Republican Women  
SD 17 Constituent

Comments:

On behalf of thousand of registered voters, I/we oppose this bill. The state should never obligate voters individual rights to a system where electronic components are included in the process.

If open, transparent and accurate elections are the goal then the only method to achieve this is a paper ballot with a state ID. This method is the least expensive, quick and protected process there is.

Comments:

Dear members of Hawaii congress,

I strongly oppose this bill for the following reasons:

- Privacy Concerns. Hownis data stored and protected. Other states have left ERIC over data concerns.
- The non-profit who runs this system has foundations on left-leaning political views. (Founded with a grant from George Soros)
- States that do not use ERIC have a higher rate of removing ineligible voters
- The cost to Hawaii does not equal the benefit.

Lastly, Karl Rhoades has submitted some very questionable bills this session without properly notifying the public about what he is working on. Transparency is key and please remind him of that.

Comments:

I oppose this Bill and so should you. 9 states have recently left ERIC due to data privacy issues. ERIC does not make voter rolls cleaner, it makes them worse. Traditional door to door canvassing to clean up voter rolls should be reinstated and will cost a fraction of the price, compared to the price that ERIC costs us, the Hawai'i taxpayers. ERIC is a biased, left-wing funded private entity disguised as voter roll clean up but their main objective is voter registration.

Recently, Colorado recently sent out 31,000 voter registration applications to non-citizens from a list supplied by ERIC. ERIC is funded by "members" paying annual dues for "membership" ranging from \$37,000 - \$172,000 during the 2023-2024 fiscal year after paying an initial fee of \$25,000. Can anyone be a "member" of ERIC other than states?

ERIC was established by Pew Charitable Trust, a left-of-center nonprofit advocacy and grantmaking organization, in 2012. 990 tax data shows that one year prior in 2011, grantmaking organization, Foundation to Promote Open Society (FPOS), funded by philanthropist George Soros, provided two grants to Pew Charitable Trusts totaling \$725,000, "to support the Pew Center on the States' voter registration modernization initiative" and "expand it's scope and scale."

The elections belong to the People. The People want transparency and integrity in their elections. Do not pass this Bill, you'll be defying the People, whom you work for and are to be a voice of.

Comments:

Don't change what's been working for years.

Aloha Ways and Means Committee Chair Dela Cruz and Committee Members,

I oppose SB2240.

The Electronic Registration Info Center (ERIC) is problematic, so much so that in recent years nine states have terminated their ERIC contracts.

The current [ERIC state membership count](#) is 24 states plus Washington DC.

The Missouri Secretary of State cited one of the reasons for leaving ERIC as, *“ERIC's benefits to Missouri are limited as only three of the eight states that border [sic] Missouri are members”*.

The Office of Elections written testimony from the January 30, 2024 Senate Judiciary Committee hearing on SB2240 reads that joining ERIC

*“would provide yet another tool for election officials to maintain the accuracy of the voter registration rolls by allowing us to compare our voter registration file and driver license/identification card file with other member states”*.

The [2022 State of Hawaii Databook](#), which is the most current population data available, shows the states to which Hawai'i residents are moving (out-migration) and the states where people are leaving to move to Hawai'i (in-migration).

### Which are the top out-migration states and are they members of ERIC?

The top 3 out-migration states are Texas, California, and Florida, none of which are ERIC member states. **Total out-migration to non-member states is 65%.**

**Table 1.63-- TOP DOMESTIC OUT-MIGRATION STATES: 2021**

[Ranked by largest estimate. Population 1 year and over. State of residence in 2020 was Hawaii, but different state of residence in 2021. Based on a sample and subject to sampling variability]

Rank	State	Estimate	Percent
	Total out-migrants 1/	59,236	100.0
1	Texas	7,668	12.9
2	California	7,544	12.7
3	Florida	4,179	7.1
4	Washington	3,770	6.4
5	Arizona	3,249	5.5
6	Tennessee	2,939	5.0
7	Nevada	2,894	4.9
8	Colorado	2,679	4.5
9	Georgia	2,321	3.9
10	Virginia	2,193	3.7
11	Oregon	1,794	3.0
12	North Carolina	1,591	2.7
13	Oklahoma	1,386	2.3
14	Alabama	1,349	2.3
15	Alaska	1,316	2.2
16	Maryland	1,110	1.9
17	Pennsylvania	1,001	1.7
18	Utah	995	1.7
19	New York	962	1.6
20	Idaho	827	1.4
21	Kentucky	807	1.4
22	Ohio	715	1.2
23	Louisiana	710	1.2
24	Indiana	622	1.1
25	Illinois	576	1.0

1/ Total includes out-migrants from Hawaii leaving for any of the 50 states and the District of Columbia. Only states comprising 1 percent or more of the total out-migrant population are listed in this table.

Source: U. S. Census Bureau, 2021 American Community Survey 1-Year Estimates, "Table 1. State-to-State Migration Flows: 2021" <<https://www.census.gov/data/tables/time-series/demo/geographic-mobility/state-to-state-migration.html>> accessed June 13, 2023; and calculations by the Hawaii State Department of Business, Economic Development & Tourism.

## Which are the top in-migration states and are they members of ERIC?

The top 3 in-migration states are California, Texas, and Washington. Only Washington is an ERIC member state; it is estimated that 9.3% of in-migration to Hawaii is from Washington.

**Total in-migration from non-member states is 66.2%.**

Table 1.62-- TOP DOMESTIC IN-MIGRATION STATES: 2021

[Ranked by largest estimate. Population 1 year and over. State of residence in 2021 was Hawaii, but different state of residence in 2020. Based on a sample and subject to sampling variability]

Rank	State	Estimate	Percent
	Total in-migrants 1/	71,626	100.0
1	California	16,116	22.5
2	Texas	6,849	9.6
3	Washington	6,655	9.3
4	Virginia	5,691	7.9
5	Georgia	3,835	5.4
6	New York	2,696	3.8
7	Colorado	2,544	3.6
8	Florida	2,527	3.5
9	Alabama	2,192	3.1
10	New Jersey	2,046	2.9
11	Maryland	1,710	2.4
12	Idaho	1,638	2.3
13	Arizona	1,517	2.1
14	Oregon	1,396	1.9
15	Indiana	1,251	1.7
16	Nevada	1,057	1.5
17	Mississippi	1,048	1.5
18	Pennsylvania	904	1.3
19	Michigan	891	1.2
20	Massachusetts	868	1.2
21	Minnesota	695	1.0
22	Montana	681	1.0

1/ Total includes in-migrants to Hawaii coming from any of the 50 states and the District of Columbia. Only states comprising 1 percent or more of the total in-migrant population are listed in this table.

Source: U. S. Census Bureau, 2021 American Community Survey 1-Year Estimates, "Table 1. State-to-State Migration Flows: 2021" <<http://www.census.gov/data/tables/time-series/demo/geographic-mobility/state-to-state-migration.html>> accessed June 13, 2023; and calculations by the Hawaii State Department of Business, Economic Development & Tourism.

### Additional concerns with ERIC:

ERIC focuses more heavily on identifying and contacting unregistered voters than on helping states to maintain clean voter rolls.

### Voter Registration Duplications:

In a voter registration comparative analysis of ERIC-member states to nonmember states, data analysis in 27 states revealed nearly 700,000 duplicate registrations.

Jeffrey Young, Certified Analytics Professional (CAP®) with a master's degree in business analytics, assessed the permanent address changes in the National Change of Address database, (NCOA) against 27 states' voter registration databases over a four-month period prior to the 2022 General Election.

Using the NCOA database, Young flagged all the voters who filed permanent mailing address changes between September 2022 and December 2022, which uncovered a staggering number of duplications.

Specifically, 693,686 duplications were discovered among voter registrations across 27 states analyzed, which represents only approximately 28% of the total possible combinations of the states.

An in-depth comparison of ERIC member states and non-member states showed that the **ERIC member states had approximately 50% higher rate per capita of duplicate registrants**. In other words, states that pay to belong to the ERIC system, which promises to help state election officials maintain clean voter rolls by cross-checking duplicate registrations, have more duplications than states that are not ERIC members. (full study available upon request).

**Privacy Concerns:**

Hawai'i residents' data, including name, address, DOB, drivers license number, last 4 digits of SSN, phone and email address when available, will be shared across state lines.

ERIC provides each member state a targeted list of people that are not registered to vote. The membership bylaws require the state to contact at least 95% of these people within 90 days, soliciting them to register.

Hawai'i makes it very easy for people to register to vote. There is an online voter registration portal. We have preregistration for teenagers, automatic voter registration through the DMV, and same day registration.

We do not have a problem with voter registration access. We have a problem with maintaining clean voter rolls.

Instead of spending taxpayer's money on contracting with ERIC, a better use of resources would be to have the county clerks run the NCOA data more frequently, i.e., every 4-6 months, and crosscheck the data against the voter rolls to identify movers, as opposed to utilizing NCOA only in election years. When someone files a NCOA form it is only active for 6 months. The Honolulu City Clerk's office only uses NCOA data to cross check the voter rolls before election mailings which occur before elections. This means that the majority of people who moved away from Hawaii and filed a NCOA form would never have received the election mailer to verify their address, and the counties would not receive the NCOA bounce back indicating that the voter has moved.

Please vote no on this bill.

Respectfully submitted,

Corinne Solomon HD20

Comments:

ERIC has issues, most states are running as far away from ERIC as possible and you want to implement it. I cant imagine anyone who understands our elections systems agreeing with anything related to ERIC and I am sure many others will testify and tell you exactly why Hawaii voters do not want to have anything to do with ERIC.

Comments:

The use of the ERIC system would be a huge and costly mistake. Already nine US States have rejected ERIC due to data privacy issues. ERIC does not clean voter rolls, it makes them worse. ERIC is a left wing funded private entity disguised as voter roll clean up but the main objective is voter registration. For example, Colorado recently sent 31,000 voter registration applications to non citizens from a list supplied by ERIC. Failure! and a costly one to taxpayers.

Comments:

Hawaii counties have enough trouble maintaining its voter rolls, we don't need ERIC to continue to inflate it's voter rolls and share our privacy information with an unaccountable non-government third party.

ERIC has a poor history of protecting private information and have never been known to clean up voter rolls. It functions only as a data-mining operation for the benefit of partisan operatives. Hawaii has enough problems keeping out duplicative and false data within our own system, we don't need another unreliable data feed into our bloated voter rolls.

The FGA provides a comprehensive and compelling report on why many states are leaving ERIC, not joining it. <https://thefga.org/research/states-can-protect-elections-leaving-eric-maintaining-voter-rolls/>

One particular state representative tried to visit the HQs of ERIC and only found a shell company at the registered address. It is not a legitimate or functioning organization and we should not be outsourcing "critical infrastructure" and private information to unknown and questionable third parties.

We still need to find out how a registered voter by the name of UNITED STATES HAWAII could remain on the voter roll for over two election cycles and officially recording a vote by mail in the 2020 General Election, without having resided or receiving mail at the registered address. No explanation has been given on how this record was added and subsequently corrected/deleted.

Comments:

Keep our state removed from the ERIC database and everything Soros funded. Less corruption please.

Comments:

Aloha Chair and Committee members,

Please defer this measure. It will cause our State to exceed its budget by an unspecified amount, and for a program that many states who have used it are now declining to use anymore. There are also other methods and means already in place to accomplish the purposes of this measure, without incurring additional costs, training and maintenance needs every year into our future. Please defer this measure. Thank you.

Comments:

I strongly oppose SB2240!

We should be maintaining our own voter rolls, and not paying for or relying on questionable organizations outside of Hawai'i.

"I have an obligation to protect the personal information of Florida's citizens, which the ERIC agreement requires us to share. Florida has tried to back reforms to increase protections, but these protections were refused. Therefore, we have lost confidence in ERIC." --Cord Byrd, SoS, FL.

"I cannot justify the use of Ohio's tax dollars for an organization that seems intent on rejecting meaningful accountability." -- Frank LaRose, SoS, OH.

And, ERIC has not disclosed their list of vendors who they have given access to the private data of U. S. citizens!

Please do not pass this bill!

Mahalo!

Comments:

All databases can be corrupted and hacked. This is a known bad system. I oppose this bill.

Comments:

I oppose HB2240 SDI to enroll Hawai'i in the ERIC database. This database can easily be used to manipulate and corrupt our elections. Oh, I forgot our elections continue to be corrupted. Calling results of an election before it's even over or people have even finished voted. Another waste of taxpayer dollars. And from what I have heard and observed in past testimonies being offered on different bills being opposed, our legislators had their minds made to approve bills. People's testimony is just for show to the public, their testimony is conveniently cutoff if the "public servant" doesn't agree or determines they don't want to hear anymore testimony. Those in office, not all, forgot their oath of office, TO SERVE, WE THE PEOPLE. But apparently you have your own agenda. I no longer have trust in this government.
