Comments:

Aloha!

The Free Access Coalition SUPPORTS SCR110 asking that the State of Hawaii take over the Makakilo Drive Extension project from the City & County of Honolulu.

This MDE Project has languished for three decades with C&C administrations unable to complete the project. Perhaps the State with Federal finances can FINALLY get the second egress of Makakilo Drive to the H-1 Freeway completed.

Mahalo for your time.

SCR-110

Comments:

Palehua Townhouse Association strongly supports SCR110. We also support SR92. The Makakilo Community has been waiting many, many years for the City and County of Honolulu to complete Makakilo Drive. When Wai Kaloi was developed, Makakilo Drive moved within a mile of completion to H-1 and Kualaka'i Parkway. However, the bridge over the gulch was considered too expensive so the City decided to go with filling in the gulch. This has continued to delay the project and raise the cost of completion.

The City continues to state that it has many other projects that take priority over the completion of Makakilo Drive, which puts Makakilo residents in danger of being blocked if we have a wildfire or other disaster with one-way in and out. There are also other advantages to the residents if Makakilo Drive is completed.

The City has offered a possible emergency exit via a Grace Pacific (Nam) quarry road. This exit would go down a narrow Pueonani St., which would cause a massive traffic jam. Again, this would trap residents.

Please pass SCR110.

Mike Golojuch, Sr., President
