Comments:

I am in favor of and support Bill SB493. I don't support a yearly safety check/inspection. I've lived in other states and a yearly safety check was/is not required. As private owners or lessees of a vehicle, we should be responsible in making sure that our vehicles are up to par and fit for traveling.

Comments:

Should be no need for extra cost vehicle should be sold to person in great working conditions

Comments:

New Vehicles should be sold to person in excellent working conditions, so should not be a need for safety checks
