EXECUTIVE SUMMARY

Section 333F-6, Hawaii Revised Statutes, mandates the Hawaii State Department of Health (DOH), Developmental Disabilities Division (DDD) to annually report the number of individuals who are eligible but are on waitlists for DDD services, and the reasons why they are on waitlists (see Exhibit A). DOH-DDD respectfully reports that for fiscal year 2023 no individuals were waitlisted for DDD services.

DDD provides the following programs:

1. Medicaid Home and Community-Based Services (HCBS) for Individuals with Intellectual and Developmental Disabilities Waiver (I/DD Waiver) under the authority of Title XIX, Section 1915(c) of the Social Security Act;
2. Long Term Adult Supports and Resources (LASR), which provides state-funded services for individuals who qualify for DDD services, but are not included in the Medicaid Waiver;
3. Family Support Services Program (FSSP), which provides incidental support to families on a short-term basis; and
4. Crisis Services provided to both I/DD Waiver and non-I/DD Waiver participants of DDD.

**REPORT TO THE LEGISLATURE
IN COMPLIANCE WITH CHAPTER 333F, SECTION 6,
HAWAII REVISED STATUTES**

Introduction

The Hawaii State Department of Health, Developmental Disabilities Division (DDD) provides a system of supports and services for persons with intellectual or developmental disabilities (I/DD) who have substantial functional limitations in major life activities. The DDD statute is found in Chapter 333F, Hawaii Revised Statutes, "Services for Persons with Developmental or Intellectual Disabilities."

Section 333F-6(c), Hawaii Revised Statutes, (Exhibit A) requires the Department of Health's DDD to report waitlists of all individuals who are eligible for but have not yet been provided DDD services to the Legislature. During FY 2023, there were no individuals on a waitlist for DDD services. Overall, 3,424 individuals received services through DDD during FY2023.

The following are programs within DDD:

- Medicaid Home and Community-Based Services (HCBS) for individuals with I/DD Waiver (also known as I/DD Waiver);
- Long Term Adult Supports and Resources (LASR);
- Family Support Services Program (FSSP); and
- Crisis Services.

I/DD Waiver

The I/DD Waiver is authorized under Title XIX, Section 1915(c) of the Social Security Act. This program permits states to provide an array of home and community-based services that assist Medicaid beneficiaries with intellectual and developmental disabilities to live in the community and avoid institutionalization.

The I/DD Waiver is operated by DDD on behalf of the Hawaii State Department of Human Services Med-QUEST Division (MQD), the Hawaii State Medicaid agency, through a memorandum of agreement. I/DD Waiver services include: Adult Day Health, Community Learning Services, Personal Assistance/Habilitation, Residential Habilitation, Employment Services (Discovery and Career Planning, Individual Employments Supports), Respite, Chore, Private Duty Nursing, Additional Residential Supports, Non-Medical Transportation, Assistive Technology, Specialized Medical Equipment and Supplies, Environmental Accessibility Adaptations, Personal Emergency Response System, Vehicular Modifications, Training and Consultation, and Waiver Emergency Services (Crisis Mobile Outreach and Out-of-Home Stabilization).

As of June 30, 2023, there was no waitlist for the I/DD Waiver. A total of 2,906 individuals were served under the I/DD Waiver program for the reporting period (Fiscal Year 2023).

Long Term Adult Supports and Resources (LASR)

LASR provides supports for individuals who are eligible for DDD services but are not receiving Medicaid services as part of the I/DD Waiver. The LASR Program assists individuals with I/DD and their families to increase independence and interdependence. The LASR program services include but are not limited to: discovery and career planning, volunteer work, senior activities (if applicable), competitive integrated employment opportunities, activities to increase skills necessary to perform typical daily activities, activities to increase and strengthen social roles, building communication skills with members of the community, developing friendships and relationships with community members, and practicing skills in activities of daily living.

There was no waitlist for the LASR program during FY 2023. There were 62 individuals served by the LASR program during this time period.

Family Support Service Program (FSSP)

The FSSP is a state-funded program that supports individuals with I/DD living in their family homes by reimbursing families for services and supports, which may include adaptive equipment, chore services, limited modifications to the home, and training and educational services.

There was no waitlist for the FSSP program during FY 2023. There were 8 individuals served by the FSSP program.
