REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

INSURANCE FRAUD INVESTIGATIONS

The Insurance Fraud Investigations Branch (Fraud Branch) conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. State law requires that any insurer or insurer's employee or agent, who believes it has received a fraudulent claim, refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During FY 2022-2023, the Fraud Branch received 472 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 20 individuals with a fraud amount totaling \$115,008.00 for the fiscal year. The Fraud Branch obtained \$2,000.00 in restitution, with \$8,550.00 payable to the Crime Victim Compensation Fund, and \$1,000.00 in fines payable to the State of Hawaii. There were also probation service fees in the amount of \$1,950.00 and miscellaneous fees of \$1,510.00 collected, and \$1,000.00 payable to the State General fund.

The Fraud Branch works to prevent insurance fraud through conducting presentations and making copies of its informational brochure available to the public. The online classes, discussions, conferences, or seminars the Fraud Branch participated in or presented at included those sponsored by the National Insurance Crime Bureau, the International Associations of Auto Theft Investigators, the National Association of Attorneys Generals, the Hawaii Insurance Claims Manager Association, and John E. Reid and Associates.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

HEALTH INSURANCE

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. Of the 109 complaints received by the Health Branch: 39 involved claims appeal; 23 involved denial of coverage; 18 involved policy coverage; 14 involved reimbursement timeliness; 7 involved par/non-par coverage; 3 involved unfair marketing; 2 involved termination of coverage; 1 involved pharmacy benefit managers; 1 involved rate increases; and 1 involved obtaining health insurance. Complaints received during this period saved consumers more than \$88,203.

In addition to addressing complaints, the Health Insurance Branch answers information requests from consumers, healthcare providers, and health insurance professionals by responding to e-mails and providing callers with information on health insurance matters. During the fiscal year 2022 – 2023 (FY 2023), the Health Insurance Branch handled more than 244 inquiries.

Pursuant to HRS chapter 431, article 10, part I, the Health Insurance Branch reviews health insurance contracts and forms to ensure readability and the disclosure of required information. It also reviews premium rate filings of managed care plans pursuant to HRS chapter 431, article 14G. The Health Insurance Branch received 120 filings during the FY 2023, resulting in consumer savings of more than \$7,044,809.

The Health Insurance Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by plan members pursuant to HRS chapter 431E. During the FY 2023, it received 62 requests for external review, resulting in consumer savings of \$24,229.

The Health Insurance Branch assisted with reviewing producer licensee applications and renewals by screening 964 applications and renewal applications for criminal convictions and administrative action histories.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

INSURANCE LICENSING

The Insurance Licensing Branch is responsible for the initial licensing of insurance producers, adjusters, surplus lines brokers, managing general agents, limited lines producers, limited lines producers car rental, limited lines portable electronics , limited lines self-service storage producers, reinsurance intermediaries, life settlement providers and brokers, independent bill reviewers, pharmacy benefit managers, service contract providers, third party administrators, and vehicle protection product warrantors.

In addition to issuing new licenses, the Insurance Licensing Branch also renews, inactivates, reinstates, and amends licenses; conducts background checks on all resident license applicants; processes termination of appointments and voluntary surrender; facilitates the Continuing Education (CE) Advisory Committee meetings to approve or reject CE providers and courses; and maintains a database of CE credits completed by producers.

During the FY 2022-2023, the Insurance Licensing Branch issued 24,998 new licenses, reinstated 1,467 licenses, renewed 31,591 licenses, inactivated (voluntary surrendered) 975 licenses, non-renewed 16,648 licenses, created 75,824 new appointments, terminated 52,823 appointments, updated 31,846 contact changes, created 1,366 agent reviews, activated 13 CE providers, inactivated 2 CE providers, activated 511 CE courses (295 life and health insurance, 196 property and casualty insurance, 8 rules and ethics, 6 ethics/property and casualty, 6 ethics/life and health), inactivated 161 CE courses (24 life and health insurance, 137 property and casualty insurance), and rejected 14 CE courses. Producers completed 17,264 CE courses. The licensing and CE fees totaling \$11,827,157.50 were deposited into the Compliance Resolution Fund.

Beginning November 15, 2022, the Insurance Licensing Branch transitioned to and went live with State Based Systems (“SBS”). SBS is an electronic system owned by the National Association of Insurance Commissioners (“NAIC”) and we worked closely with National Insurance Producer Registry (“NIPR”) to make the licensing process more cost effective, streamlined, and uniform. Due to the changes, all Hawaii individual and business entity licenses and registrations for new, renewal, late renewal, reinstatement, appointments, termination of appointments, addition of lines of authority, and address changes were required to be submitted online via NIPR. All CE provider and course approvals or renewals must be submitted online via SBS. The addition or deletion of Designated Responsible Licensed Producer (“DRLP”), name change, or voluntary surrender of licenses will continue to be processed by the Insurance Licensing Branch until they are available for online submission in NIPR.

The Insurance Division website provides pertinent information and guidance to various online and licensing services for the public, applicants, and the licensees. The public, applicants, or licensees can search for insurance licenses, download forms, search for approved CE courses and the balance of CE credits, and obtain instructions on how to apply for, renew, reinstate, or convert a license on the Division website. All active licensees may also print their active insurance licenses online.

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch (RPA Branch) analyzes and approves or disapproves rate filings for property, casualty, motor vehicle, inland marine, surety, credit life and disability, long-term care, and Medicare supplement insurance. The RPA Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During fiscal year 2022 - 2023 (FY 2023), the RPA Branch reviewed approximately 3,574 filings. This figure represents a slight increase in the volume of filings over the prior fiscal year.

RPA Branch utilizes the NAIC filing application known as System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system for filing submittal, document management and review access. First introduced in 2001 to a modest number of participating insurers in Hawaii, by 2013, 100% of insurers were using SERFF which eliminated paper filings altogether. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an on-line portal through which the public may view SERFF filings. In 2020, property and casualty filings were also made available through SFA.

Act 104, Session Laws of Hawaii 2004, established article 30 of chapter 431, HRS, which permits Hawaii to join with other states to regulate designated insurance products through an interstate insurance product regulation compact now known as the Insurance Compact. The Commission for the Insurance Compact became effective May 2006 with 26 member states. Bylaws and operating procedures have been adopted with input by members states, as well as product standards for life, annuity, disability income and long-term care. All standards are audited every 5 years by Compact members. At the close of FY 2023, there are 47 compacting states including DC and Puerto Rico, over 250 filing companies, and over 120 product standards. The Compact approved 662 filings for Hawaii in FY 2023.

LONG-TERM CARE INSURANCE: Pursuant to Act 233, SLH 2007, insurers transacting long-term care insurance business on or after January 1, 2008 are required to comply with model disclosure standards and actuarial rate-making standards. The majority of insurers with rates and forms on file in Hawaii no longer actively sell stand-alone long-term care insurance, though they continue to service existing policyholders. Requests for premium increases for policies issued before 2008 continue to be large, but the current rate review process resulted in reducing those premium increases by approximately \$1.858 million. Combination products of life or annuity with a long-term care rider are increasingly available and are an alternative to traditional, stand-alone long-term care plans.

MEDICARE SUPPLEMENT INSURANCE: There are 13 insurers offering Medicare Supplement plans in Hawaii. The majority have added new plans as allowed by Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), and many provide a wide selection of plans. Throughout FY 2023, there was a modest increase in rates due to pent-up demand for services and the lingering effects of COVID-19 on the senior population. Overall, the rates for this product remain stable.

MOTOR VEHICLE INSURANCE: The Division's outlook last year has materialized in FY 2023, with inflation and the return to pre-pandemic driving habits exerting upward pressure on auto rates. Auto rates had returned to pre-COVID levels by the start of FY 2023 and while the rate of inflation has somewhat leveled off, prices remain stubbornly high. The Insurance Division has asked insurers to take a long-term view to reduce volatility in the rates. Estimated savings as a result of rate review are \$17.6 million. On the horizon, the Division expects that inflationary pressures will continue to exert upward pressure on future rates. RPA Branch issues and posts an annual Vehicle Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HOMEOWNERS INSURANCE: Hawaii continues to enjoy a robust Homeowners, Renters and Condominium insurance market. The exception for availability continues to be within highest-risk Lava Zones 1 and 2 where Hawaii Property Insurance Association (HPIA) is essentially the insurer of last resort. The lava events in 2014 and 2018 on Hawaii island continue to impact the availability of insurance and the rates remain high due to the significant cost of reinsurance. Another problem area is condominium insurance for unit owners and associations of buildings that are aging, have significant deferred maintenance costs, or are in disrepair. These characteristics present an increased risk of loss which puts upward pressure on rates. RPA Branch issues and posts an annual Homeowners Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

HURRICANE INSURANCE: Hawaii has seen little change in the total number of hurricane insurers in Hawaii. The concerns over climate change and a hard re-insurance market continue to exert upward pressure on hurricane insurance rates.

WORKERS' COMPENSATION: Hawaii is a state that provides among the strongest worker protections in the country. The workers' compensation line of insurance continues to see modest rate increases for several years now and reflects a trend that is different from the rest of the nation. On October 3, 2022, revisions to the National Council on Compensation Insurance, Inc's Workers' compensation loss costs were approved with an overall increase of 3.8 percent, to reflect projected experience and statutory benefits for January 1, 2023.

OTHER PROPERTY & CASUALTY INSURANCE: Rate filing review in other property & casualty lines of insurance resulted in an estimated savings of \$8.5 million. Trending rate increases are in the areas of cyber insurance products and liability insurance products of all types. Cyber products are purchased to combat the ever-increasing threat of cyber-attacks which cause data breaches, ransomware demands and massive disruption to operations. Companies who apply for cyber insurance should be aware that underwriting is strict and the company must have adequate cyber security measures in place before the insurer will agree to insure the risk.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

CAPTIVE INSURANCE

Established in 1998, the Captive Insurance Branch provides dedicated resources to help the Insurance Commissioner monitor, regulate, and develop captive insurance companies licensed under article 19 of chapter 431, Hawaii Revised Statutes (HRS).

Since the enactment of Hawaii’s enabling captive legislation in 1986, Hawaii has established an exceptional worldwide reputation in this complex, cutting-edge area of insurance and risk financing. Hawaii is considered to be the premier domicile in the Pacific. The State is ranked eighth in the world and fifth in the United States based on the number of active licenses.

The rising number of states that have become captive domiciles (approximately 35 states) and an increase in international captive domiciles has created a competitive market for states to become home to new captive insurers. Consequently, new captive formations are being distributed among more states and international jurisdictions. Further, as many mid-size to large companies already utilize a captive insurance company, the market for companies capable of forming a captive is contracting. Despite these obstacles, the Captive Insurance Branch issued 13 new captive licenses in 2022 with 9 captives closed through dissolution, mergers, or re-domestication. During the 2022 calendar year, total assets were approximately \$33.8 billion, combined total capital and surplus was approximately \$8.2 billion, and total gross written and assumed premiums were approximately \$15.6 billion combined.

Hawaii has implemented several strategies to meet the challenges in this current environment, including providing more timely and relevant information to prospective and current captive organizers using internet and other digital technologies. Hawaii will maintain its prudent regulatory approach toward captives and continue to participate in developing national and international insurance standards. The Captive Insurance Branch will also review initiatives that provide potential opportunities for Hawaii’s captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captives add millions of dollars in investments held in Hawaii and managed by local Hawaii banks and financial institutions. As of December 31, 2022, total investments held in Hawaii was \$1.9 billion. Hawaii’s captive industry also supports many specialized local professional services from the sectors of public accounting, legal, claims administration, and other insurance-related services. The Captive Insurance Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii’s captive insurance industry as of December 31, 2022 and 2021, respectively:

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies, to confirm their financial condition, solvency and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the Financial Surveillance and Examination Branch also:

- Licenses more than 1,300 domestic, foreign and alien insurers.
- Processes and collects more than \$217 million in Premium tax and Surplus Lines tax on behalf of the General Fund and Workers' Compensation levies on behalf of the Department of Labor & Industrial Relations.
- Processes and administers the Qualified High Technology Business Investment Tax Credits and Low Income Housing Tax Credits claimed against Insurance Premium taxes.
- Authorizes and monitors accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.
- Maintains security deposits.
- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP) which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The Financial Surveillance and Examination Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority, and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been re-accredited in 2001, 2006, 2011, 2016 and 2021.
