
A BILL FOR AN ACT

RELATING TO PHARMACISTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is currently a
2 statewide physician shortage. According to the federal Health
3 Resources and Services Administration, each county in the State
4 contains a region that is a medically underserved area, as
5 defined by the Public Health Service Act of 1944, P.L. 78-410.

6 The legislature further finds that pharmacists can help
7 bridge the gaps created by the physician shortage. A
8 pharmacist's skill set includes educating patients on how and
9 when to check blood sugar, ways to avoid and manage
10 hypoglycemia, how to take their medications correctly to avoid
11 adverse effects, and various medication utilization techniques.
12 Additionally, patients are three times more likely to stay out
13 of the hospital when pharmacists provide clinical services after
14 a hospital discharge.

15 Accordingly, the purpose of this Act is to mandate
16 reimbursement for services provided by pharmacists within their

1 scope of practice by private and public health plans in the
2 State.

3 SECTION 2. Chapter 431, Hawaii Revised Statutes, is
4 amended by adding a new section to article 10A to be
5 appropriately designated and to read as follows:

6 "§431:10A- Services provided by participating registered
7 pharmacists; coverage. (a) Each individual or group policy of
8 accident and health or sickness insurance delivered or issued
9 for delivery in this State after December 31, 2023, shall
10 recognize pharmacists licensed pursuant to chapter 461 as
11 participating providers and shall include coverage for care
12 provided by a participating registered pharmacist practicing
13 within the scope of their license for purposes of health
14 maintenance or treatment to the extent that the policy provides
15 benefits for identical services rendered by another health care
16 provider.

17 (b) For the purposes of this section, "participating
18 registered pharmacist" means a pharmacist licensed pursuant to
19 chapter 461 who has contracted with the insurer to provide
20 health care services to its insureds."

1 SECTION 3. Chapter 432, Hawaii Revised Statutes, is
2 amended by adding a new section to article 1 to be appropriately
3 designated and to read as follows:

4 "§432:1- Services provided by participating registered
5 pharmacists; coverage. (a) Each individual and group hospital
6 or medical service plan contract delivered or issued for
7 delivery in this State after December 31, 2023, by a mutual
8 benefit society shall recognize pharmacists licensed pursuant to
9 chapter 461 as participating providers and shall include
10 coverage for care provided by a participating registered
11 pharmacist practicing within the scope of their license for
12 purposes of health maintenance or treatment to the extent that
13 the plan contract provides benefits for identical services
14 rendered by another health care provider.

15 (b) For the purposes of this section, "participating
16 registered pharmacist" means a pharmacist licensed pursuant to
17 chapter 461 who has contracted with the mutual benefit society
18 to provide health care services to its members."

19 SECTION 4. Section 346-53.64, Hawaii Revised Statutes, is
20 amended by amending subsection (a) to read as follows:

1 "(a) Services eligible for prospective payment system
2 reimbursement are those services that are furnished by a
3 federally qualified health center or rural health clinic that
4 are:

5 (1) Within the legal authority of a federally qualified

20 license or certificate to provide services;

1 (6) Provided at the federally qualified health center's
2 practice site, a hospital emergency room, in an

14 dentists, podiatrists, psychologists, osteopaths, optometrists,
15 pharmacists, and other individuals providing services, shall be
16 based upon the Hawaii medicaid fee schedule. The amounts paid
17 shall not exceed the maximum permitted to be paid individual
18 practitioners or other individuals under federal law and
19 regulation, the medicare fee schedule for the current year, the
20 state limits as provided in the appropriation act, or the
21 provider's billed amount.

1 The appropriation act shall indicate the percentage of the
2 medicare fee schedule for the year 2000 to be used as the basis
3 for establishing the Hawaii medicaid fee schedule. For any
4 subsequent adjustments to the fee schedule, the legislature
5 shall specify the extent of the adjustment in the appropriation
6 act."

7 SECTION 6. Section 346-59.1, Hawaii Revised Statutes, is
