## HOUSE RESOLUTION

AUTHORIZING THE CANCELLATION OF GOVERNOR'S EXECUTIVE ORDER NO. 3006 AND RESET ASIDE TO THE COUNTY OF MAUI, DEPARTMENT OF ENVIRONMENTAL MANAGEMENT, FOR SEWAGE TREATMENT PLANT PURPOSES, KAHULUI, WAILUKU, MAUI, TAX MAP KEY NUMBER: (2) 3-8-001:188 AND SEAWARD OF 188 AND THE ISSUANCE OF A PERPETUAL, NON-EXCLUSIVE EASEMENT TO THE COUNTY OF MAUI, DEPARTMENT OF ENVIRONMENTAL MANAGEMENT, FOR WASTEWATER FORCE MAIN PURPOSES, KAHULUI, WAILUKU, MAUI, TAX MAP KEY NUMBER: (2) 3-8-001: PORTION OF 119.

1           WHEREAS, the Wailuku-Kahului Wastewater Reclamation  
2 Facility in Kahului, Maui, is the County of Maui's main sewage  
3 treatment plant that services the central Maui region; and  
4

5           WHEREAS, the land beneath the Wailuku-Kahului Wastewater  
6 Reclamation Facility was granted to the County of Maui by  
7 Executive Order No. 3006 in 1980; and  
8

9           WHEREAS, Executive Order No. 3006 covers a total of 18.755  
10 acres; and  
11

12           WHEREAS, a requirement for Executive Order No. 3006 to be  
13 amended was triggered by a 2014 shoreline certification process  
14 that was completed during permitting for certain shoreline  
15 protection improvements at the sewage treatment plant facility;  
16 and  
17

18           WHEREAS, construction of these shoreline protection  
19 improvements was completed by the County of Maui in 2015; and  
20

21           WHEREAS, during the 2014 shoreline certification process, a  
22 small 0.534-acre area of an existing shoreline revetment was  
23 identified as extending beyond the seaward boundary of the  
24 limits of Executive Order No. 3006; and  
25

26           WHEREAS, the encroaching portion of the revetment has  
27 existed and remained intact since its construction by the United  
28 States Army Corps of Engineers in 1979; and  
29

1           WHEREAS, the County of Maui agreed to resolve the  
2 encroachment and submitted a request for state lands application  
3 to the Department of Land and Natural Resources to amend  
4 Executive Order No. 3006 in July 2016; and  
5

6           WHEREAS, the Department of Land and Natural Resources has  
7 indicated that it considers this action to be a housekeeping  
8 measure to correct the oversight of not including the  
9 outstanding encroachment area in the survey for the initial set  
10 aside (Executive Order No. 3006); and  
11

12           WHEREAS, as advised by the Department of the Attorney  
13 General, instead of amending Executive Order No. 3006, the  
14 Department of Land and Natural Resources is now proceeding to  
15 cancel Executive Order No. 3006 and will be issuing a new  
16 executive order (via cancellation of Executive Order No. 3006  
17 and reset aside) for the slightly larger land area totaling  
18 19.289 acres (18.755 acres plus the additional area of 0.534  
19 acres); and  
20

21           WHEREAS, the reason for this action is that Executive Order  
22 No. 3006 was originally issued to the County of Maui, Department  
23 of Public Works, but the County of Maui, Department of  
24 Environmental Management is now requesting an update to the  
25 executive order; and  
26

27           WHEREAS, the new Executive Order will be issued to the  
28 County of Maui, Department of Environmental Management as the  
29 agency responsible for the operation and maintenance of the  
30 Wailuku-Kahului Wastewater Reclamation Facility; and  
31

32           WHEREAS, as part of this housekeeping action, the  
33 Department of Land and Natural Resources has also determined  
34 that a new perpetual non-exclusive easement (approximately 8,666  
35 square feet) will be issued to the County of Maui, Department of  
36 Environmental Management for wastewater force main purposes; and  
37

38           WHEREAS, with respect to the grant of easement, this action  
39 is required because the Department of the Attorney General has  
40 further advised that the State of Hawaii no longer creates  
41 easements through executive orders; and  
42

1           WHEREAS, rather, easements must be established by a  
2 separate grant of easement document; and

3  
4           WHEREAS, the perpetual easement will be appurtenant to the  
5 site of the sewage treatment plant; and

6  
7           WHEREAS, the easement is appropriate as it is located on a  
8 separate parcel (along Amala Place) from the Wailuku-Kahului  
9 Wastewater Reclamation Facility itself, Tax Map Key Number:  
10 (2) 3-8-001:119, that is already encumbered by Governor's  
11 Executive Order No. 2358 to the County of Maui for public beach  
12 park purposes (Kanaha Beach Park); and

13  
14           WHEREAS, the processing of a new executive order (via  
15 cancellation of Executive Order No. 3006 and reset aside) and  
16 new perpetual non-exclusive easement were approved by the Board  
17 of Land and Natural Resources on January 8, 2021 (PSF No.:  
18 12MD-139); and

19  
20           WHEREAS, the original request to amend Executive Order  
21 No. 3006 was initially approved by the Board of Land and Natural  
22 Resources in 2017; and

23  
24           WHEREAS, it is the opinion of the Department of Land and  
25 Natural Resources that this request requires prior approval of  
26 the Governor and the prior authorization of the Legislature by  
27 concurrent resolution; now therefore

28  
29           BE IT RESOLVED by the House of Representatives of the  
30 Thirty-second Legislature of the State of Hawaii, Regular  
31 Session of 2024, that the Board of Land and Natural Resources is  
32 hereby authorized to issue a new executive order (via  
33 cancellation of Executive Order No. 3006 and reset aside), and  
34 the perpetual non-exclusive easement as described by this  
35 Concurrent Resolution, pursuant to sections 171-11 and 171-95,  
36 Hawaii Revised Statutes; and

# H.R. NO. 117

1 BE IT FURTHER RESOLVED that a certified copy of this  
2 Resolution be transmitted to the Chairperson of the Board of  
3 Land and Natural Resources.
