**Testimony of the Department of Commerce and Consumer Affairs**

**Before the**  
**Senate Committee on Commerce and Consumer Protection**  
**Thursday, March 14, 2024**  
**9:30 a.m.**  
**State Capitol, Conference Room 229 and via Videoconference**

**On the following measure:**  
**H.B. 1686, HD1, RELATING TO INSURANCE**

Chair Keohokalole and Members of the Committee:

My name is Gordon Ito, and I am the Insurance Commissioner of the Department of Commerce and Consumer Affairs' (Department) Insurance Division. The Department offers comments on this bill.

The purpose of this bill is to increase the reimbursement rate for chiropractic treatments for personal injury protection benefits under motor vehicle insurance from \$75 to \$100.

The existing law ensures that consumers injured in automobile accidents can seek a variety of treatments to aid in recovery from injuries. The HD 1 proposes to increase the reimburse from \$75 to \$100 per visit, which would be reasonable. However, it may lead to an increase in motor vehicle insurance premiums.

Thank you for the opportunity to testify.

## **TESTIMONY OF ALISON UEOKA**

---

COMMITTEE ON COMMERCE AND CONSUMER PROTECTION  
Senator Jarrett Keohokalole, Chair  
Senator Carol Fukunaga, Vice Chair

Thursday, March 14, 2024  
9:30 a.m.

### **HB 1686, HD1**

Chair Keohokalole, Vice Chair Fukunaga, and members of the Committee on Commerce and Consumer Protection, my name is Alison Ueoka, President of Hawaii Insurers Council. The Hawaii Insurers Council is a non-profit trade association of property and casualty insurance companies licensed to do business in Hawaii. Member companies underwrite approximately forty percent of all property and casualty insurance premiums in the state.

Hawaii Insurers Council submits comments on this bill. HB 1686, HD1 increases the chiropractic reimbursement rate under motor vehicle insurance from \$75 per visit to \$100 per visit. This will increase the cost of motor vehicle insurance premiums which will compound a hard market where motor vehicle insurance premiums are already going up and are expected to continue this trend for a few years. In 2024 alone, both the Wall Street Journal and Bankrate have reported on the skyrocketing increases of auto insurance expenditures. Bankrate reported on February 5, 2024, the national average increase for auto insurance premiums was 26% over 2023.

Higher motor insurance premiums may result in a higher number of uninsured motorists and is regressive, penalizing those who can least afford it. In addition, increasing costs to personal injury protection coverage (PIP) which this bill does, could adversely impact other coverages including bodily injury liability, uninsured motorist, and underinsured motorists coverages.

Thank you for the opportunity to testify.

## HEALTH AND WELLNESS CENTER

Date: March 9, 2024

To: Senator Jarrett Keohokalole, Chair  
Senator Carol Fukunaga, Vice Chair  
Members of the Committee Commerce and Consumer Protection

From: Rachel M. Klein, ND, DC, DACNB, FIBFN-CNDH

Re: HB1686 HD1, Relating to Insurance  
March 14, 2024, at 9:30am

**Position: SUPPORT with comments**

As a dual licensed Chiropractor and Naturopathic Physician, I support this bill and would like to offer comments on the HD1 language. I run a small business which is an outpatient clinic in Hilo, on the Big Island, and have seen first-hand the impact of the restrictions currently in place for motor vehicle incident related healthcare insurance coverage.

I request that you restore the language to that of the original draft rather than the new language used in HD1, which creates a dollar amount restriction on patient care. Accidents and patient situations differ, and since each case is different, putting a universal limit on care is not in the best interest of the patients. We must trust our doctors, who are specialists in patient care, to determine the care needs for individual patients based on what is medically necessary in each case.

Additionally, aligning the reimbursement for care after motor vehicle accidents with the fee schedule for workman's compensation type cases will help to modernize the structure so that we may provide excellent care to our patients while still staying in business. This improvement would also help to tackle rising healthcare costs as many patients currently have to seek additional provider types because under the existing statute reimbursement for additional services beyond the current limit is not available from their chiropractic or naturopathic provider.

I ask that you support this measure and amend it back to its original version, thereby supporting increased access to healthcare for Hawai'i's patient population and a healthy local economy for our doctors in small businesses.

Thank you for your time and attention to this matter,

Dr. Rachel M. Klein

Comments:

I am a healthcare professional, and I believe House Bill 1686 is a step in the right direction. By aligning charges for chiropractic treatments with the workers' compensation supplemental medical fee schedule, the bill promotes consistency and fairness in healthcare billing. This is a positive development for both providers and patients, fostering a more transparent and efficient healthcare system.

Comments:

Having the Chiropractic care based on the workmen's Comp Fee schedule is a true benefit to the insurance companies and the patients in three ways that needs to be advocating for this change because:

1-It limits the cost for the insurance companies because they will not have to pay multiple providers such as higher cost providers such as having surgeries, pain management,and physical therapy.

2- It's this change of the fee schedule, additionally it shortens and decreases the expenses for the insurance company and the consumers that receive multiple types of therapies and treatments that is LESS than other health providers in our state. In other words it shortens the expense time frame for the Insurance and consumer, because they are receiving multiple treatments and therapies in one location, based on a fee schedule which is Less\$ than other health providers.

3- A change of this Bill to match treatments with Workman's Comp fee schedule, will truly be saving the consumers and the insurance from LONG term expenses by minimizing additions to opioids, and narcotic medications which we presently have as an epidemic problem, because people many times go on them for the rest of their lives.

Thank you for your support.

Mark K. Rocco, D.C.

I support the bill and respectfully request that the current bill language be changed to the SENATE VERSION of the bill SB2673. Chiropractors need rates tied to the charges.

Comments:

I am writing in support of this bill. I believe it will have a positive impact on the chiropractic profession and its patient base helping them get the best care possible. I also believe the original language of HB 1686 and NOT the HD1. The charges should be tied to the STATE APPROVE WORKERS COMP SCHEDULE AND NOT THE FIXED \$100.
